Poser, 2018-09-20 The Birth of Modern Theatre Rivalry Riots and Romance in the Age of Garrick is a vivid description of the eighteenth century London theatre scene a time when the theatre took on many of the features of our modern stage A natural and psychologically based acting style replaced the declamatory style of an earlier age The theatres were mainly supported by paying audiences no longer by royal or noble patrons The press determined the success or failure of a play or a performance Actors were no longer shunned by polite society some becoming celebrities in the modern sense The dominant figure for thirty years was David Garrick actor theatre manager and playwright who off the stage charmed London with his energy playfulness and social graces No less important in defining eighteenth century theatre were its audiences who considered themselves full scale participants in theatrical performances if they did not care for a play an actor or ticket prices they would loudly make their wishes known sometimes starting a riot This book recounts the lives and occasionally the scandals of the actors and theatre managers and weaves them into the larger story of the theatre in this exuberant age setting the London stage and its leading personalities against the background of the important social cultural and economic changes that shaped eighteenth century Britain The Birth of Modern Theatre brings all of this together to describe a moment in history that sowed the seeds of today's stage **The Bookseller and the Stationery Trades' Journal** ,1887 Official organ of the book trade of the United Kingdom *The Critic* Jeannette Leonard Gilder, Joseph Benson Gilder, 1895 *The Literary World* ,1885 Eighteenth-Century Thing Theory in a Global Context Ileana Baird, Christina
