Hanaford, 2015-07-09 Excerpt from *The Life and Writings of Charles Dickens: A Woman's Memorial Volume*. Charles Dickens was a popular writer. The common people heard him gladly and read his books with an avidity which showed that he reached the heart with his graphic and sympathizing pen. His genius was evident to all classes of readers, and editions of his attractive novels have been so multiplied and so varied that they are found in the houses of the lofty and the lowly. The Queen of England gives his admirable creations place in her private library, and the humble cottager on her broad lands prizes also his copy of *Nicholas Nickleby* and *Oliver Twist*, and both read his books with a zest which shows that the genius of the writer claimed the admiration of the reader, and his tender sympathy with lowly worth touched answering chords in many a human heart. This world-wide interest in the works of Dickens has induced the publication in many forms of his books, and now that he has passed from earth will induce the publication of many sketches of his life, more or less exhaustive. On the shelves of booksellers on both sides the Atlantic will soon be seen biographies, sketches, and other memorial volumes giving some picture, more or less distinct of the earthly career of this prince among novelists. This volume is one of the many. It is not pretended that it is exhaustive; it is not designed to be such.
