Medal in Biography Memoir from the Military Writers Society of America John Spencer was a new second lieutenant in 2003 when he parachuted into Iraq leading a platoon of infantry soldiers into battle During that combat tour he learned how important unit cohesion was to surviving a war both physically and mentally He observed that this cohesion developed as the soldiers experienced the horrors of combat as a group spending their downtime together and processing their shared experiences When Spencer returned to Iraq five years later to take command of a troubled company he found that his lessons on how to build unit cohesion were no longer as applicable Rather than bonding and processing trauma as a group soldiers now spent their downtime separately on computers communicating with family back home Spencer came to see the internet as a threat to unit cohesion but when he returned home and his wife was deployed the internet connected him and his children to his wife on a daily basis In **Connected Soldiers** Spencer delivers lessons learned about effective methods for building teams in a way that overcomes the distractions of home and the outside world without reducing the benefits gained from connections to family Army Life and United States Army Recruiting News ,1946 *Life and Times of Frederick*

**Anti-American Generation** Edgar Friedenber,2017-07-05 This book examines the social attitudes that distinguish today s youth from their predecessors identifies the sources of these attitudes in the social experiences of today s youth and analyzes the stereotype implied in the term Anti American Generation These essays show clearly that the issue between the dissenting primarily middle class youth and their elders and most of the working class regardless of age is a difference of opinion not about Americanism but about moral behavior and the scope of moral judgment What distinguishes the generations is not so much their feelings about their country as their feelings about what people should do about their feelings and the role feelings should have in the conduct of one s life The attitudes of the young are largely in conflict with an older cultural tradition that promotes the subordination of impulse and personal conviction to rational control for the sake of common purposes and future acceptability and effectiveness *The American Military* Martin Oppenheimer,1971-01-01 Essays der belyser amerikanske soldaters moral under Vietnamkrigen eliteenheders personel officerernes sociale baggrund uddannelsen af officerer af reserven den amerikanske befolknings reaktion p Mai Lai massakren modstand mod milit rtjeneste anvendelsen af milit rt personel mod indenlandske protestbev gelser
