Life Campaigns Of The Black Prince:

The Life and Campaigns of the Black Prince Richard Barber, Richard W. Barber, 1997 The Life and Campaigns of the Black Prince is an invaluable collection of contemporary source material seen through the eyes of the men involved **The Life and Campaigns of the Black Prince** Richard W. Barber, 1979 **In the Steps of the Black Prince** Peter Hoskins, 2013-09-19 The author has retraced on foot the routes taken by the Black Prince during the French campaigns of 1355 1356 enabling him to provide an entirely new dimension to the events In 1355 the Black Prince took an army to Bordeaux and embarked on two chevauch es mounted military expeditions generally characterised by the devastation of the surrounding towns and countryside which culminated in his decisive victory over King Jean II of France at Poitiers the following year Using the recorded itineraries as his starting point the author of this book walked more than 1 300 miles across France retracing the routes of the armies in search of a greater understanding of the Black Prince s expedition He followed the 1355 chevauch e from Bordeaux to the Mediterranean and back and that for 1356 from Aquitaine to the Loire to the battlefield at Poitiers and back again to Bordeaux Drawing on his findings on the ground a wide range of documentary sources and the work of local historians many of whom the author met on his travels the book provides a unique perspective on the Black Prince s chevauch es of 1355 and 1356 and the battle of Poitiers one of the greatest English triumphs of the Hundred Years War demonstrating in particular the impact of the landscape on the campaigns Peter Hoskins is a former Royal Air Force pilot now living in France He combines his interest in exploration of his adopted country with his research into the Hundred Years War Edward III and the Triumph of England Richard Barber, 2013-08-29 A fascinating recreation of the world of one of England s most charismatic monarchs from award winning author and historian Richard Barber The destruction of the French army at Cr cy in 1346 and the subsequent siege and capture of Calais marked a new era in European history The most powerful glamorous and respected of all western monarchies had been completely humiliated by England a country long viewed either as a chaotic backwater or a mere French satellite The young Edward III s triumph would launch both countries as we now know into a grim cycle of some 90 years of further fighting ending with English defeat but after Cr cy anything seemed possible Edward s claim to be King of France could be pressed home and in any event enormous rewards of land treasure and prestige were available both to the king and to the close companions who had made the victory possible It was to enshrine this moment that Edward created one of the most famous of all knightly orders the Company of the Garter Barber writes about both the great campaigns and the individuals who formed the original membership of the Company and through their biographies makes the period tangible and fascinating This is a book about knighthood battle tactics and grand strategy but it is also about fashion literature and the private lives of everyone from queens to freebooters Barber s book is a remarkable achievement but also an extremely enjoyable one Reviews Barber has an infectious passion for and deep knowledge of his subject matter elegant prose and rigorous historical analysis a valuable and

thorough addition to the body of work on this most impressive of English monarchs Sunday Times In Edward III and the Triumph of England Barber has written the kind of book that the king would have enjoyed full of battles glitter and ceremony he has an original eye and an elegant pen Jonathan Sumption Literary Review Barber shares his hero's love of chivalry The book sparkles with some of Edward's own glitz Telegraph This absorbing book is layered rather than linear sifting with uncommon sensitivity through challenging sources to test the boundaries of what we can and cannot know We discover the complexity of the world in which Edward and his commanders lived Helen Castor The Times About the author Richard Barber has had a huge influence on the study of medieval history and literature both as a writer and as a publisher His major works include The Knight and Chivalry winner of the Somerset Maugham Award Edward Prince of Wales and Aquitaine The Penguin Guide to Medieval Europe and The Holy Grail The History of a Legend He lives in East Anglia

The Black Prince Michael Jones, 2018-05-01 As a child he was given his own suit of armor at the age of sixteen he helped defeat the French at Crécy At Poitiers in 1356 his victory over King John II of France forced the French into a humiliating surrender that marked the zenith of England's dominance in the Hundred Years War As lord of Aquitaine he ruled a vast swathe of territory across the west and southwest of France holding a magnificent court at Bordeaux that mesmerized the brave but unruly Gascon nobility and drew them like moths to the flame of his cause He was Edward of Woodstock eldest son of Edward III and better known to posterity as the Black Prince His military achievements captured the imagination of Europe heralds and chroniclers called him the flower of all chivalry and the embodiment of all valor But what was the true nature of the man behind the chivalric myth and of the violent but pious world in which he lived

Boardman, Susan Foran, 2015 Fresh approaches to one of the most important poems from medieval Scotland John Barbour's Bruce an account of the deeds of Robert I of Scotland 1306-29 and his companions during the so called wars of independence between England and Scotland is an important and complicated text Composed c 1375 during the reign of Robert's grandson Robert II the first Stewart king of Scotland 1371-90 the poem represents the earliest surviving complete literary work of any length produced in Inglis in late medieval Scotland and is usually regarded as the starting point for any worthwhile discussion of the language and literature of Early Scots It has also been used as an essential historical source for the career and character of that iconic monarch Robert I But its narrative defies easy categorisation and has been variously interpreted as a romance a verse history an epic or a chivalric biography This collection reassesses the form and purpose of Barbour's great poem It considers the poem from a variety of perspectives re-examining the literary historical cultural and intellectual contexts in which it was produced and offering important new insights Steve Boardman is a Reader in History at the University of Edinburgh Susan Foran currently an independent scholar researches chivalry war and the idea of nation in late medieval historical writing Contributors Steve Boardman Dauvit Broun Michael Brown Susan Foran Chris Given Wilson Theo van Heijnsbergen Rhiannon Purdie Birn Tjalling Diana B Tyson Emily Wingfield
