William Boothby Selbie, 2015-06-29 Excerpt from The Life Teaching of Jesus Christ This little book makes no claim to an exhaustive treatment of its great subject nor even to be an original contribution to it It is intended as an outline or introduction for those who are beginning the study and who have no special critical or theological knowledge The aim throughout has been to summarise the results of modern investigation from the constructive standpoint and to show that when criticism has had its perfect work enough remains for faith and devotion The subject is one which raises many problems of which no final solution is possible in the present state of our knowledge The writer would acknowledge his obligations to many modern writers on the period to some of whom reference is made in these pages and among them especially to his old teacher Dr Sanday of Oxford to whom all students of the New Testament owe an incalculable debt About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
