Forgotten Peoples Of Siberia:

The Forgotten Peoples of Siberia Fred Mayer, Günther Doeker-Mach, James Forsyth, 1993 **The Forgotten People** Saleem Badat, 2013 The apartheid state employed many weapons against its opponents imprisonment banning detention assassination and banishment In a practice reminiscent of Tsarist and Soviet Russia a large number of enemies of the state were banished to remote areas far from their homes communities and followers Here their existence became a slow torture of the soul a kind of social death This is the first study of an important but hitherto neglected group of opponents of apartheid set in a global historical and comparative perspective It looks at the reasons why people were banished their lives in banishment and the efforts of a remarkable group of activists led by Helen Joseph to assist them Book jacket **Yeniseian Peoples and Languages** Edward J. Vajda, 2013-07-04 The Kets of Central Siberia are perhaps the most enigmatic of Siberia's aboriginal tribes Today numbering barely 1 100 souls living in several small villages on the middle reaches of the Yenisei the Kets have retained much of their ancient culture as well as their unique language Genetic studies of the Ket hint at an ancient affinity with Tibetans Burmese and other peoples of South East Asia not shared by any other Siberian people The Ket language which is unrelated to any other living Siberian tongue also appears to be a relic of a bygone linguistic landscape of Inner Asia Because language isolates such as Ket are of special value to scholars of the original peopling of the continents linguists have recently attempted to link Ket with North Caucasian Sino Tibetan Burushaski Basque and Na Dene None of these links have been proved to the satisfaction of all linguists and the research continues both in Russia and abroad **Forgotten Peoples** Edward S. Rogers, Royal Ontario Museum. Department of Ethnology, 1969

David Harrison,Catherine Herbert Howell,2007 From the foremost authority on history and civilization comes the definitive guide to world cultures showcasing human diversity in all its vast and startling richness 235 color photographs and 37 maps The Tiger John Vaillant,2010-08-24 It s December 1997 and a man eating tiger is on the prowl outside a remote village in Russia s Far East The tiger isn t just killing people it s annihilating them and a team of men and their dogs must hunt it on foot through the forest in the brutal cold To their horrified astonishment it emerges that the attacks are not random the tiger is engaged in a vendetta Injured and starving it must be found before it strikes again and the story becomes a battle for survival between the two main characters Yuri Trush the lead tracker and the tiger itself As John Vaillant vividly recreates the extraordinary events of that winter he also gives us an unforgettable portrait of a spectacularly beautiful region where plants and animals exist that are found nowhere else on earth and where the once great Siberian Tiger the largest of its species which can weigh over 600 lbs at more than 10 feet long ranges daily over vast territories of forest and mountain its numbers diminished to a fraction of what they once were We meet the native tribes who for centuries have worshipped and lived alongside tigers even sharing their kills with them in a natural balance We witness the first arrival of settlers soldiers and hunters in the tiger s territory in the 19th century and 20th century many fleeing Stalinism And we come to know the Russians of today such as the poacher Vladimir Markov who crushed by poverty have turned to poaching for the corrupt high paying Chinese markets Throughout we encounter surprising theories of how humans and tigers may have evolved to coexist how we may have developed as scavengers rather than hunters and how early Homo sapiens may have once fit seamlessly into the tiger s ecosystem Above all we come to understand the endangered Siberian tiger a highly intelligent super predator and the grave threat it faces as logging and poaching reduce its habitat and numbers and force it to turn at bay Beautifully written and deeply informative The Tiger is a gripping tale of man and nature in collision that leads inexorably to a final showdown in a clearing deep in the Siberian forest The Long Journey of a Forgotten People David T. McNab,Ute Lischke,2007-05-28 Known as Canada s forgotten people the M tis have long been here but until 1982 they lacked the legal status of Native people At that point however the M tis were recognized in the

The Forgotten Rev. Christopher Lawrence Zuger, 2001-04-01 This remarkable work traces the history of Soviet Catholicism from its rich life in 1914 through its tentative fate in the first sixty years of the USSR Rev Zuger tells of the faithful men and women shackled by dictatorship doomed to deportation and abandoned by their own church in the west Soviet Russia was an empire born of atheism with religion viewed as a threat to the state's notion of individualism By 1932 dictator Joseph Stalin firmly declared that religion would be extinct in the USSR within five years In this compelling volume Zuger details the Soviet campaign against Catholicism among many ethnic groups and worshippers whose devotion would not be shaken He shows how they kept faith alive in prison camps in remote villages in monastery prisons and in the secrecy of their homes where the light of faith continued to burn brightly while churches crumbled or became dance halls and office buildings This is the first book in English to recount the fate of Catholic Russia and the church in the various lands conquered by Soviet rule It is at once a memorial to those who perished a tribute to those who survived and a testament to the enduring power of faith
