Outlaws and Spies McCarthy Conor McCarthy, 2020-03-18 By reading two bodies of literature not normally read together the outlaw literature and espionage literature Conor McCarthy shows how these genres represent and critique the longstanding use of legal exclusion as a means of supporting state power Texts discussed range from the medieval Robin Hood ballads Shakespeare's history plays and versions of the Ned Kelly story to contemporary writing by John le Carre Don DeLillo Ciaran Carson and William Gibson

Cold Days in Hell William Clark Latham, 2013-01-31 Prisoners suffer in every conflict but American servicemen captured during the Korean War faced a unique ordeal Like prisoners in other wars these men endured harsh conditions and brutal mistreatment at the hands of their captors In Korea however they faced something new a deliberate enemy program of indoctrination and coercion designed to manipulate them for propaganda purposes Most Americans rejected their captors promise of a Marxist paradise yet after the cease fire in 1953 American prisoners came home to face a second wave of attacks Exploiting popular American fears of communist infiltration critics portrayed the returning prisoners as weak willed pawns who had been brainwashed into betraying their country The truth was far more complicated Following the North Korean assault on the Republic of Korea in June of 1950 the invaders captured more than a thousand American soldiers and brutally executed hundreds more American prisoners who survived their initial moments of captivity faced months of neglect starvation and brutal treatment as their captors marched them north toward prison camps in the Yalu River Valley Counterattacks by United Nations forces soon drove the North Koreans back across the 38th Parallel

but the unexpected intervention of Communist Chinese forces in November of 1950 led to the capture of several thousand more American prisoners. Neither the North Koreans nor their Chinese allies were prepared to house or feed the thousands of prisoners in their custody and half of the Americans captured that winter perished for lack of food, shelter, and medicine. Subsequent communist efforts to indoctrinate and coerce propaganda statements from their prisoners sowed suspicion and doubt among those who survived. Relying on memoirs, trial transcripts, debriefings, declassified government reports, published analysis, and media coverage, plus conversations, interviews, and correspondence with several dozen former prisoners, William Clark Latham Jr. seeks to correct misperceptions that still linger six decades after the prisoners came home. Through careful research and solid historical narrative, *Cold Days in Hell* provides a detailed account of their captivity and offers valuable insights into an ongoing issue: the conduct of prisoners in the hands of enemy captors and the rules that should govern their treatment.

Monuments and Memory John H. Jameson, Sherene Baugher, Richard Veit, 2025-01-14 Examining the past's evolving meanings and silenced histories surrounding public monuments, this volume examines many different public monuments to increase understanding of the cultural factors that have shaped their creation, maintenance, and in some cases, removal. The role of monuments in communities and society continues to be an important and controversial topic, and the case studies in this volume contribute to this conversation by assessing the ways such markers can be empowering or marginalizing from a wide range of perspectives. The monuments discussed here represent historical events from the Revolutionary War through the Korean War, including the slave auction block formerly located on the streets of Fredericksburg, Virginia; memorials to Confederate soldiers across the South; and in northern POW cemeteries and the Pullman National Monument in Chicago for workers who participated in the 1894 Pullman Strike. This volume also highlights the dearth of statues memorializing the achievements of women and minorities, especially women of color, and contributors discuss whether recent movements advocating for more inclusive histories will lead to an increase in monuments honoring people whose narratives have been suppressed. Looking at the powerful role of monuments in conveying the memory of history to future generations, the contributors to *Monuments and Memory* show why it is important to address the messages of these sites and ask whose histories they may be silencing. This book demonstrates how conversations surrounding preservation and interpretation of monuments encourage community involvement. A volume in the series *Cultural Heritage Studies*, edited by Katherine Hayes. Contributors: Mark Cassello, Richard F. Veit, Mark Cianciosi, Joshua Butchko, Diane Wallman, Suzanne Spencer Wood, Sherene Baugher, Lu Ann De Cunzio, John H. Jameson, Jeffrey Smith, Hilary Green, Brant Venables, Timo Ylimaunu, Paul R. Mullins, Kerri Barile, Harold Mytum, Melissa Ziobro, M. Jay Stottman, Levi Fox, Matthew Litteral.

Edward M. Almond and the US Army Michael E. Lynch, 2019-10-15 This study presents a comprehensive look at a complex man who exhibited an unfaltering commitment to the military and to his soldiers, but whose career was marked by controversy. As a senior Army officer in World Wars I and II, Lt. Gen. Edward M. Almond lived by the adage that units don't fail; leaders do. He

was chosen to command the 92nd Infantry Division one of only two African American divisions to see combat during WWII but when the infantry performed poorly in Italy in 1944 1945 he asserted that it was due to their inferiority as a race and not their maltreatment by a separate but unequal society He would later command the X Corps during the Inchon invasion that changed the course of the Korean War but his accomplishments would be overshadowed by his abrasive personality and tactical mistakes This book addresses how Almond s early education at the Virginia Military Institute with its strong Confederate and military influences shaped his military prowess Presented is a thorough assessment of Almond s military record how he garnered respect for his aggressiveness courage in combat strong dedication and leadership and how he was affected by the loss of his son and son in law in combat during WWII Following the war Almond would return to the US to assume command of the US Army War College but would find himself unprepared for a changing world This volume asserts that since his death his bigoted views have come to dominate his place in history and undermine his military achievements
