**Practicing Christian Education** Mark A. Maddix,James Riley Jr. Estep,2017-07-18 This accessible introduction to the broad scope of Christian education focuses on its practice in the local church Two leading experts argue that Christian education encompasses all of the intentional practices of the local church including worship mission sacraments and teaching They explore Christian education not only as a field of study but as a vital congregational ministry showing how congregations can engage in discipleship and formation for spiritual growth The book features exercises and other pedagogical devices and includes reflection questions and suggestions for further reading      Formation in Faith Sondra Higgins Matthaei,2008-01-01 The ministry of congregations is to make disciples of Jesus Christ Behind that simple and seemingly self evident statement lies a problematic reality however While congregations know that disciple making is at the heart of their identity they often have trouble understanding how to go about it Apart from such traditional Christian education ministries as Sunday school too little formal thinking or planning goes into the task of forming Christians in the faith In this book Sondra Matthaei casts a vision in which congregations open up their life of faith to others as an invitation to connect the universal longing for authentic relationships and deeper meaning with the church s practice of faithful discipleship As folks enter the church s communion of grace Matthaei challenges church leaders to utilize the gifts of every member and lays out a plan to help congregations grow in faith and communion with God and creation including the context and goal of such ministry deciding what to teach and who shall teach and attendant relationships structures and practices

Goodliff,2017-02-17 In the English speaking Western world alone thousands of men and women begin formal training for Christian ministry each year or informally seek to equip themselves for pastoral ministry Over the past fifty years the ancient world of virtue ethics has been reimagined as a means of forming people of character and morality today and in this book it is used as the framework to understand what we are doing as we form Christian ministers now and how we might strengthen that formation by more consciously linking the practices of ministry with the person spirituality and wisdom of the practitioner Writing out of the context of a lifetime of pastoral ministry and the oversight of ministers in the Baptist Union of Great Britain Paul Goodliff explores what pastors do and who they are called to be using a mixture of theological and pastoral inquiry reflections upon art and personal story This book will be of interest to those who are charged with forming the next generation of ministers but anyone starting out on that journey of formation for ministry will also find this vision of ministry challenging and inspiring     **Formation for Christian ministry** Wade Rowatt (Jr., ed),1981     *Trinitarian Formation* J. Chase Davis,2021-01-26 Are we following Jesus the wrong way Do you ever wonder if maybe following Jesus has been a little too complicated Like there are too many badges to earn or bridges to cross to be a disciple What happens in many churches is very rarely discipleship More often it is a nice religious service or class It should be very concerning to us that we are not making disciples If we can t even define what a disciple is and yet we have thousands of disciple making ministries shouldn t that at least cause us to question if we ve actually defined the problem that discipleship is intended to solve It seems like there is a different definition of discipleship for every Christian you talk to If we can t even agree on a definition is it any surprise that churches are creating disengaged Christians who can t answer basic questions of Christianity don t seem to care about Christian ethics and don t really seem to experience the presence of God This book is an attempt to create a common definition based on one of the most foundational Christian doctrines the Trinity to help churches and people obey the command to make disciples     **Story, Formation, and Culture** Benjamin D. Seibel,2023-06-13 In a revised an updated edition this comprehensive up to date text offers a framework for intentional intergenerational Christian formation It provides the theoretical foundation of intergenerationality then gives concrete practical guidance on how worship learning community and service can all be achieved intergenerationally     **Introduction to Christian Education and Formation** Ronald T. **Discipleship for Every Stage of Life** Chris A. Kiesling, 2024-04-30

The field of lifespan development in psychology has much to offer those engaged in making disciples and Chris Kiesling brings those insights to bear in this volume. He appropriates the most useful observations from this discipline in light of biblical teaching. Drawing on more than twenty-five years of experience teaching faith development topics in academic and local church settings, Kiesling assembles a toolkit for those in ministry that will help them think comprehensively about discipleship at every stage of life. Taking into account physical, cognitive, emotional, and social aspects of human development from infancy through older adulthood, Kiesling guides readers in making practical use of these insights in their churches and educational settings. In addition, dedicated text boxes in each chapter offer specific advice and suggestions. Pastors, ministry leaders, and educators will benefit from this treatment, which brings cutting-edge findings from the social sciences into dialogue with Scripture, theology, and practical ministry.
