Formula Atlantic:

Driver, 1978 Waging the War Within Tim Fortner, Elizabeth Ridley, 2020-05-18 United States Marine Sergeant Tim Fortner survived 14 months in Vietnam as a door gunner in a CH 46 helicopter completing 27 strike flight missions. He was awarded the Air Medal for heroic achievement in aerial flight. Like many veterans, his real battle didn't begin until he returned home where he struggled to adjust to the new normal of American life in 1969, still haunted by his experiences during the nation's most unpopular war. His memoir describes his military training, his unit's harrowing missions inserting and extracting troops over landing zones under enemy fire, and his four-decade struggle with service-connected PTSD.

Formula Atlantic Sylvia Wilkinson, 1981 Discusses the Formula Atlantic automobile, a racing car known for its fast cornering speed and precision handling, which many young drivers use to learn their trade and break into the ranks of professional racing. *Lost Road Courses* Martin Rudow, 2016-07-15 Road racing has long storied roots in North America that reach from coast to coast and to Canada. Some of the greatest drivers to ever compete raced wickedly fast machines staged epic duels on winding strips of asphalt and created history. This history left an enduring legacy that is revealed and celebrated in *Lost Road Courses*. Road racer and road racing expert Martin Rudow retraces road racing's glorious past and visits the defunct classic road courses across the United States and Canada. Many road courses were built in the 1950s and 1960s, the golden age of American road racing. These classic road courses built and hosted famous races for Trans Am, Can Am, IndyCar, Formula 1, and sports car racing but did not survive the times. They fell victim to changing times, poor business decisions, urban sprawl, safety standards, and increasing real estate prices. Rudow recounts the breathtaking races and fascinating history of more than 16 tracks from around North America: Riverside International Raceway, Bridgehampton Race Circuit, Ontario Motor Speedway, Continental Divide Raceway, and many others were once major race venues that have since closed. The great race teams, legendary drivers, classic race series that visited the tracks, and cars that turned laps are brought into full focus. The exploits of Chaparral, McLaren, Bud Moore, Lotus, Penske, and other race teams, as well as racing greats Mario Andretti, Parnelli Jones, Jim Hall, A.J. Foyt, Al Unser, Jim Clark, and Dan Gurney, are covered. Rudow also digs beneath the surface to reveal the story behind the story: The visionaries and businessmen who saw potential and risked capital to build these palaces of speed come back to life. He also recognizes the unsung heroes and regional racers who competed, staffed, and took on various roles at these tracks. In the pages of this book, a nostalgic tour of these famous races at these vintage road circuits unfolds. Many period photos illustrate the racing action, and the tracks themselves in their former glory and modern color shows the tracks as they currently stand. If you're a fan of classic sports cars, Can Am, Trans Am, IndyCar, Formula 1, as well as classic and unique tracks of yesteryear, this book is a must-have. Motorsport Going Global N. Henry, T.
