1863 until 1866 when the route was closed by Red Cloud's War. Ample introductions, extensive annotations, historical illustrations, and detailed maps enrich this oversized two-volume compendium. *Leaning on the Wind* Sid Marty, 2011-02-01. A finalist for the 1995 Governor General's Literary Award for English language non-fiction. Winner of the Mountain Environment and Culture Award at the 1995 Banff Mountain Book Festival. *Leaning on the Wind* is a love song of the west sung to the tune of the wild chinook wind. Sid Marty skilfully weaves together the prehistory of Alberta with the experiences of First Nations, miners, early homesteaders, and his own family. At the centre of his tale is the Marty homestead located in the foothills of the Rocky Mountains. Sid looks back through generations of his family and celebrates the feats of wild creatures and wild westerners. The past comes alive in these pages but so does the present where you will meet cowboy poets, bull riders, sailplane pilots, desperate chicken farmers, curmudgeonly broncos, a homicidal cow, elk, some dubious politicians, and several fierce defenders of the earth. Humour and sardonic wit abound along with abundant affection for the western earth and the people who depend on its bounties and experience its extremes of wind, frost, and drought. A western classic, *Leaning on the Wind* is as evocative today as when it was first published in 1995. *Settling the Canadian-American West, 1890-1915* John William Bennett, 1995-01-01. This anthropological history tells the story of homesteading and community organization in the Canadian-American West through personal reminiscences and locally written histories. John W. Bennett and Seena B. Kohl interpret those stories through the lenses of history and social science and they present a view of settlement experience as one phase of the evolving postfrontier society and culture of western North America. *Settling the Canadian-American West, 1890-1915* contains a synthesis of Canadian and U.S. settlement experiences, giving to the extent possible equal space to both sides of the international boundary. The experiences of people in these adjacent territories were virtually identical with emigrant populations from the same countries and socioeconomic strata. Among other aspects of the homesteading experience, the authors explore the interactive adaptation that developed in the West. Networks of mutual aid, reverently remembered by the voices found in these pages, eased the inevitable hardships. *The Life of Yellowstone Kelly* Jerry Keenan, 2006. Based on the memoirs and correspondence of Luther Sage Yellowstone Kelly, 1849-1928, this first full-length biography offers a comprehensive look at a remarkable man who knew the frontier of the American West and recorded his impressions of that time and place with a fluid literary pen. *The Red and the White: A Family Saga of the American West* Andrew R. Graybill, 2013-10-07. Winner of the Labriola Center American Indian National Book Award. One of the American West's bloodiest and least known massacres is searingly re-created in this generation-spanning history of native-white intermarriage. At dawn on January 23, 1870, four hundred men of the Second U.S. Cavalry attacked and butchered a Piegan camp near the Marias River in Montana in one of the worst slaughters of Indians by American military forces in U.S. history. Coming to avenge the murder of their father, a former fur trader named Malcolm Clarke, who had been killed four months earlier by their Piegan mother's cousin, Clarke's own two sons joined the cavalry in a slaughter of many of their own relatives.

In this groundbreaking work of American history Andrew R Graybill places the Marias Massacre within a larger three generation saga of the Clarke family particularly illuminating the complex history of native white intermarriage in the American Northwest [Montana Travel Guide * From Bozeman to Missoula * USA eBook](#) Baktash Vafaei, Welcome to an exciting journey through stunning Montana also known as the Big Sky Country Montana is a state of superlatives characterized by sweeping landscapes majestic mountains and a fascinating culture that blurs the lines between wilderness and civilization In this book we invite you to discover Montana s unique towns and villages from Bozeman to Missoula and beyond Montana is a world unto itself where Native history Wild West heritage and natural beauty collide Join us on an exciting journey through Montana a state known for its stunning national parks majestic mountains and abundant wildlife We will explore the cultural diversity culinary scene art and music literature and the numerous nature activities that make Montana so unique Montana is not only a place of the past but also of the future In this book we take a look at the challenges and opportunities Montana faces as it asserts its place in the modern world Montana is a place of wonder and we can t wait to take you on this journey Immerse yourself in the beauty and fascination of Montana and let yourself be enchanted by its uniqueness [Montana Horse Racing](#) Brenda Wahler,2019-09-02 For centuries on prairie grasslands dusty streets and racing ovals everyday Montanans participated in the sport of kings More than a century after horses arrived in the region Lewis and Clark s Nez Perce guides staged horse races at Traveler s Rest in 1806 In response to hazardous street races the Montana legislature granted communities authority to ban immoderate riding or driving Helena led the way to respectable racing with Madam Coady s fashion course hosting the first territorial fair in 1868 Soon leading citizens like Marcus Daly built oval tracks and glitzy grandstands By 1890 a horse named Bob Wade set a world record for a quarter mile in Butte a mark that stood until 1958 Horsemanship and historian Brenda Wahler highlights the Big Sky s patrons of the turf and courageous equine champions including Kentucky Derby winner Spokane [Yankees & Rebels on the Upper Missouri: Steamboats, Gold and Peace](#) Ken Robison,2016 During the 1860s the Missouri River served as a natural highway through snags and rapids from St Louis to Fort Benton for steamboats bringing Yankees and Rebels and their families to the remote Montana territory The migration transformed the Upper Missouri region from the isolation of the fur trade era to the raucous gold rush days that would keep the region in turmoil for decades The influx of newcomers involved its share of dramatic episodes including the explosion of the Chippewa triggered by a drunken crew member the mystery of the fugitive James Younger gang and Colonel Everton Conger s journey from capturing John Wilkes Booth to the Montana Supreme Court Acclaimed historian Ken Robison reveals the thrilling history behind this war weary wave of migration seeking opportunity on Montana s wild and scenic frontier [Frontier House](#) Simon Shaw,Ursula Smith,2002 Follows three families as they recreate the lives of Western homesteaders **Eye on the Future** Henry Cornelius Klassen,2002 An accessible business history that considers the dynamic interplay between economic climate and the personal determination of business people in

The Irish General Paul R. Wylie, 2012-10-09 Irish patriot Civil War general frontier governor Thomas Francis Meagher played key roles in three major historical arenas Today he is hailed as a hero by some condemned as a drunkard by others Paul R Wylie now offers a definitive biography of this nineteenth century figure who has long remained an enigma The Irish General first recalls Meagher s life from his boyhood and leadership of Young Ireland in the revolution of 1848 to his exile in Tasmania and escape to New York where he found fame as an orator and as editor of the Irish News He served in the Civil War viewing the Union Army as training for a future Irish revolutionary force and rose to the rank of brigadier general leading the famous Irish Brigade Wylie traces Meagher s military career in detail through the Seven Days battles Antietam Fredericksburg and Chancellorsville Wylie then recounts Meagher s final years as acting governor of Montana Territory sorting historical truth from false claims made against him regarding the militia he formed to combat attacking American Indians and plumbing the mystery surrounding his death Even as Meagher is lauded in most Irish histories his statue in front of Montana s capitol is viewed by some with contempt The Irish General brings this multi talented but seriously flawed individual to life offering a balanced picture of the man and a captivating reading experience

Confederate Combat Commander Lawrence K. Peterson, 2013-08-15 Known as one of the most aggressive Confederate officers in the Western Theater Brigadier General Alfred Jefferson Vaughan Jr is legendary for having had eight horses shot out from under him in battle more than any other infantry commander Union or Confederate Yet despite the exceptional bravery demonstrated by his dubious feat Vaughan remains a largely overlooked Civil War leader In *Confederate Combat Commander* Lawrence K Peterson explores the life of this unheralded yet important rebel officer before during and after his military service A graduate of Virginia Military Institute Vaughan initially commanded the Thirteenth Tennessee Infantry Regiment and later Vaughan s Brigade He served in the hard fought battles of the western area of operations in such key confrontations as Shiloh Perryville Stones River Chickamauga Chattanooga and the Atlanta Campaign Tracing Vaughan s progress through the war and describing his promotion to general after his commanding officer was mortally wounded Peterson describes the rise and development of an exemplary military career and a devoted fighting leader Although Vaughan was beloved by his troops and roundly praised at the time in fact negative criticism of his orders battlefield decisions or personality cannot be found in official records newspaper articles or the diaries of his men Vaughan nevertheless served in the much maligned Army of Tennessee This

book thus assesses what responsibility if any Vaughan bore for Confederate failures in the West While biographies of top ranking Civil War generals are common the stories of lower level senior officers such as Vaughan are seldom told This volume provides rare insight into the regimental and brigade level activities of Civil War commanders and their units drawing on a rich array of privately held family histories including two written by the general himself Lawrence K Peterson a retired airline pilot worked as a National Park Service ranger and USAF officer He is the great great grandson of Brigadier General Alfred Jefferson Vaughan Jr *Producing Predators* Michael D. Wise,2016 In *Producing Predators* Michael D Wise argues that contestations between Native and non Native people over hunting labor and the livestock industry drove the development of predator eradication programs in Montana and Alberta from the 1880s onward The history of these anti predator programs was significant not only for their ecological effects but also for their enduring cultural legacies of colonialism in the Northern Rockies By targeting wolves and other wild carnivores for extermination cattle ranchers disavowed the predatory labor of raising domestic animals for slaughter representing it instead as productive work Meanwhile federal agencies sought to purge the Blackfoot Salish Kootenai and other indigenous peoples of their so called predatory behaviors through campaigns of assimilation and citizenship that forcefully privatized tribal land and criminalized hunting and its related ritual practices Despite these colonial pressures Native communities resisted and negotiated the terms of their dispossession by representing their own patterns of work food and livelihood as productive By exploring predation and production as fluid cultural logics for valuing labor rather than just a set of biological processes *Producing Predators* offers a new perspective on the history of the American West and the modern history of colonialism more broadly
