FORTUNE TELLER BLANK TEMPLATE

8.5x11 PDF FILE

- If you're the fortune teller, you'll be the one building the fortune teller with both your thumbs and index fingers pointing.
- The other participants take a question and then pick a square to use one of the top flaps of the fortune teller. When the teller places a card's name on the top flap, if you happen to pick "savage," for example, the fortune teller will show the square number based on the number of letters "savage" is made up of.
- Choose from the options chosen on the inside flaps. Again, you can be creative here. Most use a single number. Depending on the fortune teller, you may have to pick a second number or have to open and close the fortune teller before they reveal the prediction. There's no right answer of when to do this, but you wouldn't want to keep your fortune waiting!
- Once you've picked your last letter or number, the fortune teller opens the flap you've chosen and reads the fortune to you.
