*American Alchemy* Brian Roberts,2003-06-19 California during the gold rush was a place of disputed claims shoot outs gambling halls and prostitution a place populated by that rough and rebellious figure the forty niner in short a place that seems utterly unconnected to middle class culture In *American Alchemy* however Brian Roberts offers a surprising challenge to this assumption Roberts points to a long neglected truth of the gold rush many of the northeastern forty niners who ventured westward were in fact middle class in origin status and values Tracing the experiences and adventures both of these men and of the unseen forty niners women who stayed back East while their husbands went out West he shows that whatever else the gold seekers abandoned on the road to California they did not simply turn their backs on middle class culture Ultimately Roberts argues the story told here reveals an overlooked chapter in the history of the formation of the middle class While the acquisition of respectability reflects one stage in this history he says the gold rush constitutes a second stage a rebellion against standards of respectability

**Political Violence and Kurds in Turkey** Mehmet Orhan,2015-10-16 The Kurdish conflict is an acknowledged long standing issue in the Middle East and the emergence of radical Kurdish nationalist movements in the 20th century played a decisive role in the evolution of political violence *Political Violence and Kurds in Turkey* examines how this political violence impacts Kurds in contemporary Turkey and explores the circumstances that move human beings to violent acts It looks at the

forms political violence takes and in which times and spaces it occurs as well as the roles played by micro and macro factors It takes a theoretical approach to violence as both producer and product of interrelations between many actors and contextualises this with studies of violence in Kurdish villages and towns The book evaluates the three levels at which political violence operates between the state and Kurdish movements among Kurdish groups and between Kurdish political organizations and Kurdish society and divides it into its different aspects and processes fragmentation segmentation signifying intra ethnic struggles between Kurdish actors mobilization the course leading the Kurdish movement to armed conflict participation the use of violence by individuals and repertoires the forms taken by political violence Offering an in depth analysis of the dynamics behind political violence and its use amongst Kurds in Turkey this book will be a key resource for students and scholars of Middle Eastern Kurdish Studies and Conflict Studies and offers new understanding and approaches to the study of political violence
