Technical Aerospace Reports ,1985-10 *Physical Modelling in Geotechnics, Two Volume Set* Sarah Springman,Jan Laue,Linda Seward,2010-06-17 This book results from the 7th ICPMG meeting in Zurich 2010 and covers a broad range of aspects of physical modelling in geotechnics linking across to other modelling techniques to consider the entire spectrum required in providing innovative geotechnical engineering solutions Topics presented at the conference Soil Structure Interaction Canada's Residential Schools: The History, Part 2, 1939 to 2000 Commission de vérité et réconciliation du Canada,2016-01-01 Between 1867 and 2000 the Canadian government sent over 150 000 Aboriginal children to residential schools across the country Government officials and missionaries agreed that in order to civilize and Christianize Aboriginal children it was necessary to separate them from their parents and their home communities For children life in these schools

was lonely and alien Discipline was harsh and daily life was highly regimented Aboriginal languages and cultures were denigrated and suppressed Education and technical training too often gave way to the drudgery of doing the chores necessary to make the schools self sustaining Child neglect was institutionalized and the lack of supervision created situations where students were prey to sexual and physical abusers Legal action by the schools former students led to the creation of the Truth and Reconciliation Commission of Canada in 2008 The product of over six years of research the Commission s final report outlines the history and legacy of the schools and charts a pathway towards reconciliation Canada s Residential Schools The History Part 2 1939 to 2000 carries the story of the residential school system from the end of the Great Depression to the closing of the last remaining schools in the late 1990s It demonstrates that the underfunding and unsafe living conditions that characterized the early history of the schools continued into an era of unprecedented growth and prosperity for most Canadians A miserly funding formula meant that into the late 1950s school meals fell short of the Canada Food Rules Overcrowding poor sanitation and a failure to adhere to fire safety rules were common problems throughout this period While government officials had come to view the schools as costly and inefficient the churches were reluctant to countenance their closure It was not until the late 1960s that the federal government finally wrested control of the system away from the churches Government plans to turn First Nations education over to the provinces met with opposition from Aboriginal organizations that were seeking Indian Control of Indian Education Following parent led occupation of a school in Alberta many of the remaining schools came under Aboriginal administration The closing of the schools coincided with a growing number of convictions of former staff members on charges of sexually abusing students These trials revealed the degree to which sexual abuse at the schools had been covered up in the past Former students who came to refer to themselves as Survivors established regional and national organizations and provided much of the leadership for the campaign that led to the federal government issuing in 2008 an apology to the former students and their families

A&R Pioneers Brian Ward,Patrick Huber,2018-06-26 Association for Recorded Sound Collections Certificate of Merit for the Best Historical Research in Recorded Roots or World Music 2019 A R Pioneers offers the first comprehensive account of the diverse group of men and women who pioneered artists and repertoire A R work in the early US recording industry In the process they helped create much of what we now think of as American roots music Resourceful innovative and at times shockingly unscrupulous they scouted and signed many of the singers and musicians who came to define American roots music between the two world wars They also shaped the repertoires and musical styles of their discoveries supervised recording sessions and then devised marketing campaigns to sell the resulting records By World War II they had helped

redefine the canons of American popular music and established the basic structure and practices of the modern recording industry. Moreover, though their musical interests, talents and sensibilities varied enormously, these A R pioneers created the template for the job that would subsequently become known as record producer. Without Ralph Peer, Art Satherley, Frank Walker, Polk C Brockman, Eli Oberstein, Don Law, Lester Melrose, J Mayo Williams, John Hammond, Helen Oakley Dance and a whole army of lesser known but often hugely influential A R representatives, the music of Bessie Smith and Bob Wills of the Carter Family and Count Basie of Robert Johnson and Jimmie Rodgers may never have found its way onto commercial records and into the heart of America's musical heritage. This is their story.

The Middle Power Project Adam Chapnick, 2011-11-01. The Middle Power Project describes a defining period of Canadian and international history. During the Second World War, Canada transformed itself from British dominion to self-proclaimed middle power. It became an active, enthusiastic and idealistic participant in the creation of one of the longest lasting global institutions of recent times, the United Nations. This was, in many historians' opinions, the beginning of a golden age in Canadian diplomacy. Chapnick suggests that the golden age may not have been so lustrous. During the UN negotiations, Canadian policymakers were more cautious than idealistic. The civil service was inexperienced and often internally divided. Canada's significant contributions were generally limited to the much neglected economic and social fields. Nevertheless, creating the UN changed what it meant to be Canadian. Rightly or wrongly, from the establishment of the UN onwards, Canadians would see themselves as leading internationalists. Based on materials not previously available to Canadian scholars, The Middle Power Project presents a critical reassessment of the traditional and widely accepted account of Canada's role and interests in the formation of the United Nations. It will be read carefully by historians and political scientists and will be appreciated by general readers with an interest in Canadian and international history.

Traditional Anglo-American Folk Music Norm Cohen, 2015-12-22. Originally published in 1994, filling a gap in the sound recordings of traditional Anglo-American folk music, this volume covers both vocal and instrumental material from the 1920s to the 1990s. The listings have also been limited to performers native to the tradition rather than revival performers. The album selection is grouped into field recordings and commercial pre-1942 recordings with subdivisions into individual recordings or anthologies. The discography not only reflects its author's in-depth knowledge of Anglo-American folk music's historical development but charts a valuable step forward in the evaluation as well as select listing of available sound.
