The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States 1789-1824*, the *Register of Debates in Congress 1824-1837*, and the *Congressional Globe 1833-1873*. **The Spectator**, 1907 March of the Suffragettes Zachary Michael Jack, 2019-08-01 *March of the Suffragettes* tells the forgotten real life story of General Rosalie Gardiner Jones who in the waning days of 1912 mustered and marched an all women army nearly 200 miles to help win support for votes for women. General Jones along with her good friends and accomplices Colonel Ida Craft, Surgeon General Lavinia Dock and War Correspondent Jessie Hardy Stubbs led marchers across New York state for their pilgrims cause encountering not just wind, fog, sleet, snow, mud and ice along their unpaved way but also hecklers, escaped convicts, scandal, plagued industrialists on the lam and jealous boyfriends and overprotective mothers hoping to convince the suffragettes to abandon their dangerous project. By night Rosalie's army met and mingled with the rich and famous attending glamorous balls in beautiful dresses to deliver fiery speeches; by day they fought blisters and bone chilling cold, debated bitter anti-suffragists and dodged wayward bullets and pyrotechnics meant to intimidate them. They composed and sang their own marching songs for sisterhood and solidarity on their route even as differences among them threatened to tear them apart. *March of the Suffragettes* chronicles the journey of four friends across dangerous terrain in support of a timeless cause and it offers a hopeful reminder that social change is achieved one difficult, dauntless, daring step at a time. **The Dirty Work of Neoliberalism** Luis L. M. Aguiar, Andrew Herod, 2006-12-18 In this collection of essays an international group of scholars investigate the global building cleaning industry to reveal the extent of neoliberalism's impact on cleaners. This book provides the first intensive study focusing on building cleaners and their global experiences. Brings together an international group of scholars and experts to investigate different national contexts and examples. Draws out important commonalities and highlights significant differences in these experiences. Examines topics including erosion of cleaners' industrial citizenship rights, the impact of outsourcing upon their working conditions, economic security and the intensification of their work and its negative effects on physical health. Considers how cleaners are mobilizing to resist and respond to the restructuring of their work.
