Dennis Schaefer,Larry Salvato,1985-12-23 Fifteen top cinematographers discuss their approaches to filmmaking the films on which they have worked and the techniques they have used to solve specific problems Film Noir and the Arts of Lighting Patrick Keating,2024 More than any other films from the classical era the Hollywood film noir is known for its lighting Film Noir and the Arts of Lighting offers a new account of this craft grounded in a larger theory of cinematography as emotionally engaging storytelling Featuring analyses of *The Asphalt Jungle* *Touch of Evil* and more **American Anti-Pastoral** Thomas Gustafson,2024-06-14 One of the best known novels taking place in New Jersey Philip Roth's 1997 *American Pastoral* uses the fictional hamlet of Old Rimrock NJ as a microcosm for a nation in crisis during the cultural upheavals of the 1960s 70s Critics have called Old Rimrock mythic but it is based on a very real place the small Morris county town of Brookside New Jersey *American Anti Pastoral* reads the events in Roth's novel in relation to the history of Brookside and its region While Roth's protagonist Seymour Swede Levov initially views Old Rimrock as an idyllic paradise within the Garden State its real world counterpart has a more complex past in its origins as a small industrial village as well as a site for the politics of exclusionary zoning and a 1960s anti war protest at its celebrated 4th of July parade Literary historian and Brookside native Thomas Gustafson casts Roth's canonical novel in a fresh light as he studies both Old Rimrock in comparison to Brookside and the novel in relationship to NJ literature making a case for it as the Great New Jersey novel For Roth fans and history buffs alike *American Anti Pastoral* peels back the myths about the bucolic Garden State countryside to reveal deep fissures along the fault lines of race and religion in American democracy **Howard Hughes: The Secret Life** Charles Higham,2013-09-24 Adapted to a major motion picture by director Martin Scorsese *The Aviator* stars Leonardo DiCaprio as Howard Hughes His wealth was legendary His passions were bizarre Charles Higham's biography tells the truth about the money the madness and the man behind the enigma Howard Hughes is one of the best known and least understood men of our times famed for his wealth his daring and his descent into madness Bestselling biographer Higham goes beyond the enigma to reveal the incredible private life of Howard Hughes his romances with the great stars of Hollywood Katharine Hepburn Bette Davis Cary Grant Tyrone Power and numerous others his forays into sadomasochism his involvement with Richard Nixon and Watergate his bizarre final years This is a compelling portrait of a unique American figure in a story as revealing as it is unforgettable *The CinemaScope Years* Aubrey Solomon,2025-04-20 Virtually every current widescreen movie television broadcast or streamed image benefits from the techniques that have evolved since the widespread adoption of the first practical use of anamorphic photography CinemaScope Wildly successful CinemaScope with its huge screen and vividly panoramic images lured audiences away from their television sets and ended a sharp decline in moviegoing attendance And yet generations who grew up from the 1960s through the 1990s experienced these films in a completely

disfigured format sized to fit black and white television screens of the era The chapters in this book provide a first time re evaluation of the cinematic qualities of all 538 major studio produced financed films shot in CinemaScope Also included are excerpts of interviews with cameramen and directors who describe in detail the development and problems presented by widescreen production Each title entry includes a brief synopsis including major cast members an analysis highlighting the artistic values present or absent and comments from critics and trade papers pertinent to the use of the wide screen process

*Film Scripts* George Garrett,O. B. Hardison,Jane R. Gelfman,1989 These scripts from 1964 65 movies are presented to aid in understanding filmmaking The reader viewer can study the script and finished images to compare film script with movie productions

*Catholics in the Movies* Colleen McDannell,2008 Catholicism was all over movie screens in 2004 Mel Gibsons The Passion of the Christ was at the center of a media firestorm for months A priest was a crucial character in the Academy Award winning Million Dollar Baby Everyone it seemed was talking about how religious stories should be represented marketed and received Catholic characters spaces and rituals have been stock features in popular films since the silent era An intensely visual religion with a well defined ritual and authority system Catholicism lends itself to the drama and pageantry of film Moviegoers watch as Catholic visionaries interact with the supernatural priests counsel their flocks reformers fight for social justice and bishops wield authoritarian power Rather than being marginal to American popular culture Catholic people places and rituals are all central to the world of the movie Catholics in the Movies begins with an introductory essay that orients readers to the ways that films appear in culture and describes the broad trends that can be seen in the movies hundred year history of representing Catholics Each chapter is written by a noted scholar of American religion who concentrates on one movie that engages important historical artistic and religious issues and then places the film within American cultural and social history discusses the film as an expression of Catholic concerns of the period and relates the film to others of its genre Tracing the story of American Catholic history through popular films Catholics in the Movies should be a valuable resource for anyone interested in American Catholicism and religion and film

**Historical Dictionary of Film Noir** Andrew Spicer,2010-03-19 Film noir literally black cinema is the label customarily given to a group of black and white American films mostly crime thrillers made between 1940 and 1959

Today there is considerable dispute about what are the shared features that classify a noir film and therefore which films should be included in this category. These problems are partly caused because film noir is a retrospective label that was not used in the 1940s or 1950s by the film industry as a production category and therefore its existence and features cannot be established through reference to trade documents. *The Historical Dictionary of Film Noir* is a comprehensive guide that ranges from 1940 to present day neo noir. It consists of a chronology, an introductory essay, a bibliography, a filmography and over 400 cross-referenced dictionary entries on every aspect of film noir and neo noir including key films, personnel, actors, cinematographers, composers, directors, producers, set designers, and writers, themes, issues, influences, visual style, cycles of films, e.g. amnesiac noirs, the representation of the city and gender, other forms, comics, graphic novels, television and videogames, and noir's presence in world cinema. It is an essential reference work for all those interested in this important cultural phenomenon.

*Beyond Hollywood's Grasp* Harry Waldman, 1994. Recounts the period in which American directors, stars, and technicians ventured beyond America's shores to first make films abroad. But out of sight they were quickly forgotten or worse ignored back home, though as a group they produced more than 200 films in 30 years. This is the story of those films illustrated with 60 rarely seen stills and the filmmakers who created them.

*Mae West* Jill Watts, 2003-04-17. Why don't you come up and see me sometime? Mae West invited and promptly captured the imagination of generations. Even today, years after her death, the actress and author is still regarded as the pop archetype of sexual wantonness and ribald humor. But who was this saucy starlet, a woman who was controversial enough to be jailed, pursued by film censors, and banned from the airwaves for the revolutionary content of her work, and yet would ascend to the status of film legend? Sifting through previously untapped sources, author Jill Watts unravels the enigmatic life of Mae West, tracing her early years spent in the Brooklyn subculture of boxers and underworld figures, and follows her journey through burlesque, vaudeville, Broadway, and finally Hollywood, where she quickly became one of the big screen's most popular and colorful stars. Exploring West's penchant for contradiction and her carefully perpetuated paradoxes, Watts convincingly argues that Mae West borrowed heavily from African American culture, music, dance, and humor, creating a subversive voice for herself by which she artfully challenged society and its assumptions regarding race, class, and gender. Viewing West as a trickster, Watts demonstrates that by appropriating for her character the black tradition of double speak and signifying, West also may have hinted at her own African American ancestry and the phenomenon of a black woman passing for white. This absolutely fascinating study is the first comprehensive interpretive account of Mae West's life and work. It reveals a beloved icon as a radically subversive artist, consciously creating her own complex image.
