There is more to you than meets the eye he explained Whenever you look in the mirror I know you only expect to see your image but your image reflects only how you look on the outside There is so much more to you than your physical appearance There is more to you than the mirror can show you If you are like most people you have bought into the notion that mirrors don t lie But I am here to tell you that mirrors do lie They tell you half truths which are nothing more than lies They never reveal who you are on the inside I am here to take you beyond the ordinary limits of the mirror
