Daniel D. Beck

Forked Tongues:

Forked Tongues Rebekah Clarkson, 2002 Using the menu of a seven course feast featuring genuine recipes from chef Cath Kerry the writers in the Creative Writing courses at the University of Adelaide have prepared for the reader something to savour and to remember *Forked Tongues?* Ann Massa, Alistair Stead, 1994 This collection of essays from scholars critics and poets from both sides of the Atlantic sets out to discover the distinctiveness of modern British and American literature by comparing and contrasting the two traditions It considers both the way the two literatures have influenced each other and what distinguishing characteristics they each possess *White Woman Speaks with Forked Tongue* Nicole Ward Jouve, 2022-09-12 Originally published in 1991 The style of this startlingly original appraisal of a broad range of women's writing suggests a new direction for feminist criticism combining as it does challenging intellectual debate and fresh textual analysis with fictional example and autobiographical detail to make a wholly new invention in the field In addressing the need for the critic to say I and to own judgments and statements instead of attributing these to an apparently impersonal third person the author here points up some of the shortcomings of much prevailing feminist analysis challenging the very foundations of the Anglo American feminist idea Purposely avoiding the totalising effect of much academic criticism the writer critic finds a new format and a new methodology for her insights and observations on a range of writers from Doris Lessing to H L ne Cixious Her unique analysis of the links between criticism and autobiography enable her to highlight the absurdity of attempting to write in the light of recent critical and scientific knowledge as if the self were a stable unified construct introducing instead a new creative understanding of the methods and modes of women's writing This sparkling collection presents an exciting and original new voice in literary criticism It tackles issues fundamental to literary theory feminist criticism psychoanalysis and cultural studies offering new critical insights and providing a significant and wholly original feminist contribution to these key fields [Biology of Gila Monsters and Beaded Lizards](#) Daniel D. Beck, 2005-07-25 No two lizard species have spawned as much folklore wonder and myth as the Gila Monster *Heloderma suspectum* and the Beaded Lizard *H. horridum* the sole survivors of an ancient group of predacious lizards called the Monstersauria More like snakes on legs monstersaurs are a walking contradiction they are venomous yet don't appear to use their venom for subduing prey their mottled patterns mingle with the broken shadows and textures of their desert and tropical dry forest habitats yet their bright open mouths hiss a bold warning that a nasty bite awaits those who advance further And while Gila Monster venom produces excruciating pain it also contains a peptide that has become a promising new drug for treating type 2 diabetes Perhaps the ultimate paradox is that monstersaurs are among the most famous of lizards yet until quite recently they have remained among the least studied With numerous illustrations stunning color photographs and an up to date synthesis of their biology this book explains why the Monstersauria seems poised to change the way we think about lizards Daniel D Beck who has been investigating Gila Monsters and Beaded Lizards for over 22 years teams up here with award

winning wildlife photographer Tom Wiewandt to produce a comprehensive summary of this small but remarkable family of lizards

Archive of Tongues Moon Charania, 2023-06-30 In *Archive of Tongues* Moon Charania explores feminine dispossession and the brown diaspora through a reflection on the life of her mother Drawing on her mother's memories and stories of migration violence sexuality queerness domesticity and the intimate economies of everyday life Charania conceptualizes her mother's tongue as an object of theory and an archive of brown intimate life By presenting a mode of storytelling that is sensual and melancholic piercing and sharp Charania recovers otherwise silenced modes of brown mothers survival disobedience and meaning making that are often only lived out in invisible intimate spaces and too often disappear into them In narrating her mother's tongue as both metaphor for and material reservoir of other ways of knowing Charania gestures to the afflictions limits and failures of feminist queer and postcolonial scholarly interrogations and the consequences of closing the archive of the brown mother

That the People Might Live Jace Weaver, 1997-12-18 Loyalty to the community is the highest value in Native American cultures argues Jace Weaver In *That the People Might Live* he explores a wide range of Native American literature from 1768 to the present taking this sense of community as both a starting point and a lens Weaver considers some of the best known Native American writers such as Leslie Marmon Silko Gerald Vizenor and Vine Deloria as well as many others who are receiving critical attention here for the first time He contends that the single thing that most defines these authors' writings and makes them deserving of study as a literature separate from the national literature of the United States is their commitment to Native community and its survival He terms this commitment communitism a fusion of community and activism The Native American authors are engaged in an ongoing quest for community and write out of a passionate commitment to it They write literally that the People might live Drawing upon the best Native and non Native scholarship including the emerging postcolonial discourse as well as a close reading of the writings themselves Weaver adds his own provocative insights to help readers to a richer understanding of these too often neglected texts A scholar of religion he also sets this literature in the context of Native cultures and religious traditions and explores the tensions between these traditions and Christianity
