FORMATION OF TENNYSON'S STYLE  
—  
PREFACE

# Formation Of Tennysons Style

**James Francis Augustin Pyre**

## Formation Of Tennysons Style:

**The Formation of Tennyson's Style** James Francis Augustin Pyre, 1921      *The Formation of Tennyson's Style* James F. Pyre, 1979      *The Formation of Tennyson's Style* James Francis Augustin Pyre, 1968      *The formation of Tennysons style. A study, primarily, of the versification of the early poems of* James Francis Augustine Pyre, 1921      Tennyson's Philological Medievalism Sarah Weaver, 2024-12-17

Considers Tennyson's poems from the elegiac In Memoriam to the Arthurian Idylls of the King in the context of Victorian interest in philology. How do words come to mean what they mean and how can we hope to use them precisely when they are constantly changing? The urge to find a word's meaning through its etymology is an old and enduring one, gaining new momentum in the nineteenth century as advocates of the so-called new philology argued that major revelations were to be found within the biographies of everyday expressions. Developing hand in hand with a growing national interest in all things Anglo-Saxon, language study simultaneously seemed to offer a pathway to the roots of English culture and to illuminate human history on a grand scale. Alfred Tennyson (1809-1892) came of age in the midst of this exploding popularity of both Anglo-Saxonism and philology, and he did so among men who were to be responsible for advancing both fields. This study places this preeminent Victorian poet in the context of the period's preoccupation with the history of language. It shows that the intellectual milieu that surrounded him encouraged him to revive archaic words and to reveal the literal metaphors lurking within his words. Moreover, his familiarity with past forms of English enabled him to arrange the connotations of his vocabulary for precise effect. Surveying his techniques at every scale, from individual vowels to narratives, this book argues that Tennyson held a more optimistic view of language than scholars have generally supposed and shows the sophistication of his philological techniques.

**Theme and Symbol in Tennyson's Poems to 1850** Clyde de L. Ryals, 2016-11-11

One of Keats' finest sonnets begins: "Much have I traveled yet Keats traveled very little, only to Italy where he died. Shelley also, an introspective and intellectual, dabbled in politics, often with a comic effect, and although he could not swim, he was devoted to sailing. Wordsworth marched to France, praising the Revolution, which he later regretted. Coleridge wandered to Germany and German metaphysics. Later, he created the Ancient Mariner, which is the mythic centerpiece of the Romantic period. Each of these poets feels that the occupation of a poet demands a dedication to a life of action as well as inward discovery. Consequently, the image of the journey, with its double reference to natural and psychic realities, is one of the unifying motifs of nineteenth-century poetry. Alfred Tennyson, the author claims, was one of the last poets able to make both voyages, but he could only do so with great effort and at great expense. By nature introspective, he found the life of the mind far more appealing than the life of action, yet he knew, like Milton and Keats before him, that great poetry demands the voyage without as well as the voyage within. His early poetry then is concerned with the pull of the two voyages, and thus it becomes, in Arnold's words, the dialogue of the mind with itself. There is, for modern readers, something intensely interesting about such a divided personality, for we see in Tennyson almost the same dilemma that faces

contemporary artists Often when we read his poems we feel that Tennyson is of our age But then at times he seems as remote from us as Bishop Wilberforce and his anti Darwin fulminations What then is there about Tennyson that makes him appear so modern and yet so dated The answer is not easily given although this has been one of the primary concerns of Tennyson's critics In this book the author shows how Tennyson became the mental voyager exploring both the inner and outer worlds and further how in making the two voyages he followed the pattern of development of other Romantic artists of the nineteenth century He examines certain themes and images in Tennyson's early verse which in their frequent recurrence attain symbolic status and by doing so he shows that there is a very clear cut pattern in Tennyson's poetry one which is repeated time and again throughout the poet's work to 1850

**Chapters on Tennyson's Art, with Special Reference to the Epithet** Phillip Rittenhouse Clugston, 1927 *Tennyson's Rapture* Cornelia D. J. Pearsall, 2008-01-29 In the wake of the death of his friend Arthur Henry Hallam the subject of In Memoriam Alfred Tennyson wrote a range of intricately connected poems many of which feature pivotal scenes of rapture or being carried away This book explores Tennyson's representation of rapture as a radical mechanism of transformation theological social political or personal and as a figure for critical processes in his own poetics The poet's fascination with transformation is figured formally in the genre he is credited with inventing the dramatic monologue Tennyson's Rapture investigates the poet's previously unrecognized intimacy with the theological movements in early Victorian Britain that are the acknowledged roots of contemporary Pentecostalism with its belief in the oncoming Rapture and its formative relation to his poetic innovation Tennyson's work recurs persistently as well to classical instances of rapture of mortals being borne away by immortals Pearsall develops original readings of Tennyson's major classical poems through concentrated attention to his profound intellectual investments in advances in philological scholarship and archeological exploration including pressing Victorian debates over whether Homer's raptured Troy was a verifiable site or the province of the poet's imagination Tennyson's attraction to processes of personal and social change is bound to his significant but generally overlooked Whig ideological commitments which are illuminated by Hallam's political and philosophical writings and a half century of interaction with William Gladstone Pearsall shows the comprehensive engagement of seemingly apolitical monologues with the rise of democracy over the course of Tennyson's long career Offering a new approach to reading all Victorian dramatic monologues this book argues against a critical tradition that sees speakers as unintentionally self revealing and ignorant of the implications of their speech Tennyson's Rapture probes the complex aims of these discursive performances and shows how the ambitions of speakers for vital transformations in themselves and their circumstances are not only articulated in but attained through the medium of their monologues

**Tennyson and Tradition** Robert Pattison, 1979 Here is an analysis of Tennyson's major poetry that clarifies the poet's relationship to the artistic traditions he so extensively exploited and so radically modified It is a portrait of Tennyson as manipulator not mere borrower of forms Tennyson and Tradition traces the threads that at the same time unite Tennyson's

work and tie it to the traditions the poet believed he had inherited Pattison shows why Tennyson considered the venerable idyll form a fitting vehicle for his modern portraits above all the Idylls of the King Analysis of In Memoriam brings further understanding of Tennyson's poetic credo      **The Formation of Tennyson's Style, a Study** Pyre,2013-03-01 Bonded Leather binding      **A Literary History of England Vol. 4** A Baugh,2004-06-02 First published in 1959 The scope of this four volume work makes it valuable as a work of reference connecting one period with another and placing each author clearly in the setting of his time This is the fourth volume and includes the Nineteenth Century and after 1789-1939      The Formation of Tennyson's Style J. F. A. Pyre,2018-01-03 Excerpt from The Formation of Tennyson's Style A Study Primarily of the Versification of the Early Poems For the texts of Tennyson's suppressed poems and for the variants of all down to and including In Memoriam I have made use principally of the editions by J Churton Collins Happily since in the case of the Early Poems at least these texts were not to be relied on I was able to collate them all with copies of the original editions This opportunity I owed to the liberality of Mr William Allis of Milwaukee who very kindly lent me the precious volumes from his private collection This study was substantially complete as it stands about ten years ago No acceptable means could then be found for its publication as a unit At least none was found both pride and poverty interdicting its issue at my own expense while I preferred indefinite suppression to a dismemberment which would have seriously damaged the connected interest of the whole I am under peculiar obligation therefore to the University of Wisconsin for the provision which enables me to present these chapters with little to deprecate except my own delinquencies About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **The Formation of Tennyson's Style, a Study** James Francis Augustine Pyre,1921-01-01      **Alfred Tennyson** Laurence W. Mazzeno,2004 The poet's reputation has weathered even the most vitriolic attempts to discredit both the man and his writings and as criticism of the late twentieth century demonstrates Tennyson's claim to pre-eminence among the Victorians is now unchallenged      *The Formation of Tennyson's Style* James Francis Augustin Pyre,2013-09 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book      **Bulletin [1908-23]** Boston Public Library,1922      **Subject**
