Superheroes Beyond Cormac McGarry, Liam Burke, Ian Gordon, Angela Ndalians, 2024-03-11 Contributions by Mitchell Adams, Frederick Luis Aldama, Jason Bainbridge, Djoymi Baker, Liam Burke, Octavia Cade, Hernan David Espinosa, Medina Dan Golding, Ian Gordon, Sheena C Howard, Aaron Humphrey, Naja Later, Cormac McGarry, Angela Ndalians, Julian Novitz, Alexandra Ostrowski, Schilling Maria, Lorena M Santos, Jack Teiwes, and Enrique Uribe. Jongbloed. In recent years, superheroes on the page and screen have garnered increasing research and wider interest. Nonetheless, many works fall back on familiar examples before arriving at predictable conclusions. *Superheroes Beyond* moves superhero research beyond expected models. In this innovative collection, contributors unmask international crimefighters, track superheroes outside of the comic book page, and explore heroes whose secret identities are not cisgender men. *Superheroes Beyond* responds to the growing interest in understanding the unique appeal of superheroes by reveling in the diversity of this heroic type. *Superheroes Beyond* explores the complexity and cultural reach of the superhero in three sections. The first, *Beyond Men of Steel*, examines how the archetype has moved beyond simply recapitulating the man of steel figure to include broader representations of race, gender, sexuality, and ableness. The second section, *Beyond Comic Books*, discusses how the superhero has become a transmedia phenomenon moving from comic books to toys to cinema screens and beyond. The final section, *Beyond the United States*, highlights the vibrant but often overlooked history of global superhero figures. Together, the essays in this collection form important starting points for taking stock of the superhero's far-reaching appeal, contributing the critical conversations required to bring scholarship into the present moment and beyond.

Gentrification in Contemporary Fiction James Peacock, 2025-05-15 Focusing on literary representations of gentrification, this book analyses twenty-first century anglophone novels by authors from the United States, Canada, India, the United Kingdom, and Australia. Literary texts so adept at revealing the experiences and emotions of individuals within communities are also important vehicles for exploring the complex relationships between individuals and the wider social, economic, and political forces that lead to urban transformations, including gentrification. These complexities are best revealed, this book argues, by proceeding from a forensic examination of characters, domestic buildings, and spaces. Examining novels from a broad range of writers, including Zadie Smith, Jonathan Lethem, Aravind Adiga, Michael Chabon, and Irvine Welsh, this book makes a powerful case for the importance of literature in helping to understand the lived experience of gentrification.
