Marty, 1976 National Book Award winning author and historian Martin E Marty's *A Nation of Behavers* is a characteristically perceptive new map of American religion Marty's years of astute observation of America's religious trends and developments have yielded six informal but clearly defined clusters around which people attempt to find not only basic group identity but also some kind of power Anyone concerned about belief and its manifestations will be immensely aided by Marty's cogent comments on recent religious happenings *Commonweal* This is a book for everyone more than for the scholar of American religion Its value is in breadth of vision and new interpretation *Dean R Hoge Theology Today* As a means of making sense out of the potpourri of competing groups that compose religious America today *A Nation of Behavers* is a first rate tool *Edward A Fiske New York Times* *Charles Olson* Robert Von Hallberg, 1978 Described as one of the most influential American literary figures of the mid 20th century and a near prophet of the Black Mountain School Olson was highly regarded as both a theorist and a poet Here is an examination of Olson's understanding of poetry that provides the framework needed for understanding his work **Powers of Possibility** Alex Houen, 2012 By outlining a novel concept of literary practice potentialism this text shows how opening up literary possibilities enabled writers such as Allen Ginsberg LeRoi Jones Amiri Baraka William S Burroughs Kathy Acker and Lyn Hejinian to tackle matters of power and politics International Who's Who in Poetry 2005 Europa Publications, 2004 Provides up to date profiles on the careers of

Consciousness of Robert Bly Victoria Frenkel Harris, 1992 Victoria Frenkel Harris traces the aesthetic journey of poet
 Robert Bly from his early structured works of mystical imagery and lyrical landscapes to his recent explorations of intimate
 relationships and male socialization Examining the various ways Bly's prose poems articulate his opposition to the Vietnam
 War and his recent writings manipulate more formal patterns in detailing the intricacies of human relationships Harris labels
 this evolution in form subject and imagery the incorporative consciousness incorporative because it assimilates Jungian
 psychological categories international poetic traditions and a compelling breadth of topics Harris relies in part on
 contemporary feminist theory to throw revealing new light on Bly's recent works Though sympathetic to Bly Harris finds that
 in spite of his affirmation of the interaction of psychic creative and intellectual energies in both sexes the poet's later erotic
 poems tend to objectify women in counterproductive ways Bly's idealization of woman as a Jungian universal Harris contends
 can blind him toward actual women Harris is at her best as she delimits with balance and precision the full complexity of the
 poet's work **The Nation** , 1867 **Poetry and Dialogism** M. Scanlon, C. Engbers, 2014-08-05 These essays extend an
 ongoing conversation on dialogic qualities of poetry by positing various foundations practices and purposes of poetic
 dialogism The authors enrich and diversify the theoretical discourse on dialogic poetry and connect it to fertile critical fields
 like ethnic studies translation studies and ethics and literature **American Book Publishing Record** , 1977-03-31 Here's
 quick access to more than 490 000 titles published from 1970 to 1984 arranged in Dewey sequence with sections for Adult
 and Juvenile Fiction Author and Title indexes are included and a Subject Guide correlates primary subjects with Dewey and
 LC classification numbers These cumulative records are available in three separate sets **Blue Book** , 1970 [Memories](#)
[of a Lost War](#) Subarno Chattarji, 2001 In this unique and significant addition to Vietnam studies Memories of a Lost War
 analyzes the poems written by American veterans protest poets and Vietnamese within political aesthetic and cultural
 contexts Drawing on a wealth of material often published in small presses and journals the book highlights the horrors of war
 and the continuing traumas of veterans in post Vietnam America In its inclusion of Vietnamese perspectives the book marks a
 departure from earlier works that have largely concentrated on Vietnam as a war rather than a country *Catalog of*
