Ben Morgan

Foucault And Feminism Power Gender And The Self:

Foucault and Feminism Lois McNay,1992 This book offers a systematic attempt to explore the point of convergence between feminist theory and the work of Michel Foucault Feminist Interpretations of Michel Foucault Susan Hekman,2010-11-01 Despite the possibilities however Foucault's approach has raised serious questions about an equally crucial area of feminist thought politics Some feminist critics of Foucault have argued that his deconstruction of the concept woman also deconstructs the possibility of a feminist politics Several essays explore the implications of this deconstruction for feminist politics and suggest that a Foucauldian feminist politics is not viable Feminism and the Final Foucault Dianna Taylor,Karen Vintges,2004 Feminism and the Final Foucault is the first systematic offering of contemporary international feminist perspectives on the later work of philosopher Michel Foucault Rather than simply debating the merits or limitations of Foucault's later work the essays in this collection examine women's historical self practices conceive of feminism as a shared ethos and consider the political significance of this conceptualization in order to elucidate experiment with and put into practice the conceptual tools that Foucault offers for feminist ethics and politics The volume illustrates the ways in which Foucault's later thinking on ethics as care of the self can reintroduce a number of issues and themes that feminists jettisoned in the wake of postmodernism including consciousness raising feminist therapy the subject woman identity politics and feminist agency Taken as a whole the diversity of feminist viewpoints presented provide important new insights into the final Foucault and thus serve as a productive intervention in current Foucault scholarship Feminism, Foucault, and Embodied Subjectivity Margaret A. McLaren,2002-10-10 Addressing central questions in the debate about Foucault's usefulness for politics including his rejection of universal norms his conception of power and power knowledge his seemingly contradictory position on subjectivity and his resistance to using identity as a political category McLaren argues that Foucault employs a conception of embodied subjectivity that is well suited for feminism She applies Foucault's notion of practices of the self to contemporary feminist practices such as consciousness raising and autobiography and concludes that the connection between self transformation and social transformation that Foucault theorizes as the connection between subjectivity and institutional and social norms is crucial for contemporary feminist theory and politics **The Power of Feminist Theory** Amy Allen,2005-06-17 In this new second edition of *The Power of Feminist Theory* Domination Resistance Solidarity Amy Allen diagnoses the inadequacies of previous feminist conceptions of power and draws on the work of a diverse group of theorists of power including Michel Foucault Judith Butler bell hooks and Hannah Arendt in order to construct a new feminist conception of power The conception of power developed in this book enables readers to theorize domination resistance and solidarity and perhaps more importantly to do so in a way that illuminates the interrelatedness of these three modalities of power The new edition of this foundational text includes substantial new material on intersectionality and power transnational feminism and power in relation to homonationalism and neo imperialism and

empowerment feminism It addresses important criticisms of Foucault Arendt and Butler that have been raised by Black feminists critical philosophers of race postcolonial theorists and Marxists **The Power of Feminist Theory Domination Resistance Solidarity** is an essential text for students engaging with feminist analyses of power feminist theory and feminist political thought **Foucault and Law** Peter Fitzpatrick, 2017-07-05 Few thinkers can have had a more diverse or a more contested impact on theorizing law than Michel Foucault This diversity is reflected in the wide range of Foucault's work and of the intellectual fields it has so conspicuously influenced Such diversity informs the present collection and is signalled in the headings of its four sections Epistemologies archaeology discourse Orientalism Political philosophy discipline governmentality and the genealogy of law Embodiment difference sexuality and the law The subject of rights and ethics Whilst the published work selected for this collection amply accommodates this diversity it also draws together strands in Foucault's work that coalesce in seemingly conflicting theories of law Yet the editors are also committed to showing how that very conflict goes to constitute for Foucault an integral and radical theory of law This theory ranges not just beyond the restrained and diminished conceptions of law usually derived from Foucault but also beyond the characteristic concern in Jurisprudence and Legal Philosophy to constitute law in its difference and separation from other socio-political forms

Foucault, Health and Medicine Robin Bunton, Alan Petersen, 2002-01-08 The reception of Michel Foucault's work in the social sciences and humanities has been phenomenal Foucault's concepts and methodology have encouraged new approaches to old problems and opened up new lines of enquiry This book assesses the contribution of Foucault's work to research and thinking in the area of health and medicine and shows how key researchers in the sociology of health and illness are currently engaging with his ideas Foucault Health and Medicine explores such important issues as Foucault's concept of discourse the critique of the medicalization thesis the analysis of the body and the self Foucault's concept of bio-power in the analysis of health education the implications of Foucault's ideas for feminist research on embodiment and gendered subjectivities the application of Foucault's notion of governmentality to the analysis of health policy health promotion and the consumption of health Foucault Health and Medicine offers a state of the art overview of Foucauldian scholarship in the area of health and medicine It will provide a key reference for both students and researchers working in the areas of medical sociology health policy health promotion and feminist studies **Sexualizing Power in Naturalism** Irene Gammel, 1994 Presenting a revisionary reading of German Canadian and American texts such as Fanny Essler Settlers of the Marsh and Sister Carrie Gammel English U of Prince Edward Island attributes to naturalism a predominantly male genre the appropriation of a disruptive female sexuality not so much to liberate it from Victorian repression as to contain it within the male boundaries of naturalism Annotation copyright by Book News Inc Portland OR **Foucault and Neoliberalism** Daniel Zamora, Michael C. Behrent, 2016-01-06 Michel Foucault's death in 1984 coincided with the fading away of the hopes for social transformation that characterized the postwar period In the decades following his death

neoliberalism has triumphed and attacks on social rights have become increasingly bold If Foucault was not a direct witness of these years his work on neoliberalism is nonetheless prescient the question of liberalism occupies an important place in his last works Since his death Foucault s conceptual apparatus has acquired a central even dominant position for a substantial segment of the world s intellectual left However as the contributions to this volume demonstrate Foucault s attitude towards neoliberalism was at least equivocal Far from leading an intellectual struggle against free market orthodoxy Foucault seems in many ways to endorse it How is one to understand his radical critique of the welfare state understood as an instrument of biopower Or his support for the pandering anti Marxism of the so called new philosophers Is it possible that Foucault was seduced by neoliberalism This question is not merely of biographical interest it forces us to confront more generally the mutations of the left since May 1968 the disillusionment of the years that followed and the profound transformations in the French intellectual field over the past thirty years To understand the 1980s and the neoliberal triumph is to explore the most ambiguous corners of the intellectual left through one of its most important figures Foucault, Health and Medicine Alan R. Petersen, Robin Bunton, 1997 This state of the art overview of Foucauldian scholarship in health and medicine assesses the profound impact of Foucault s work and shows how key researchers in the sociology of health and illness are currently engaging with his work **Modern Movements in European Philosophy** Richard Kearney, 1995-01-15 In this now classic textbook Richard Kearney surveys the work of nineteen of this century s most influential European thinkers The second edition has a new chapter devoted to Julia Kristeva whose work in the fields of semiotics and psychoanalytic theory has made a significant contribution to recent continental thought **Handbook of Constructionist Research** James A. Holstein, Jaber F. Gubrium, 2013-10-21 Constructionism has become one of the most popular research approaches in the social sciences But until now little attention has been given to the conceptual and methodological underpinnings of the constructionist stance and the remarkable diversity within the field This cutting edge handbook brings together a dazzling array of scholars to review the foundations of constructionist research how it is put into practice in multiple disciplines and where it may be headed in the future The volume critically examines the analytic frameworks strategies of inquiry and methodological choices that together form the mosaic of contemporary constructionism making it an authoritative reference for anyone interested in conducting research in a constructionist vein **The Impact of Michel Foucault on the Social Sciences and Humanities** M. Lloyd, A. Thacker, 2016-07-27 This book provides a welcome assessment of the wide ranging impact of Michel Foucault s work upon a number of disciplines within the social sciences and humanities It offers close textual readings of Foucault s work along with clear overviews of how his work has been taken up in subjects such as history philosophy and international relations It also offers original applications of his work to important topics within feminist theory political theory the sociology of race and socio legal studies Self and Subjectivity Kim Atkins, 2008-04-15 Self and Subjectivity is a collection of seminal essays with commentary that traces the development of conceptions of self and

subjectivity in European and Anglo American philosophical traditions including feminist scholarship from Descartes to the present

The SAGE Handbook of Cultural Analysis Tony Bennett, John Frow, 2008-03-26 A genuine one stop reference point for the many many differing strands of cultural analysis This isn't just one contender among many for the title of best multidisciplinary overview this is a true heavyweight Matt Hills Cardiff University An achievement and a delight both compelling and useful Beverley Skeggs Goldsmiths University of London With the cultural turn the concept of culture has assumed enormous importance in our understanding of the interrelations between social political and economic structures patterns of everyday interaction and systems of meaning making In The SAGE Handbook of Cultural Analysis the leading figures in their fields explore the implications of this paradigm shift Part I looks at the major disciplines of knowledge in the humanities and social sciences asking how they have been reshaped by the cultural turn and how they have elaborated distinctive new objects of knowledge Parts II and III examine the questions arising from a practice of analysis in which the researcher is drawn reflexively into the object of study and in which methodological frameworks are rarely given in advance Addressed to academics and advanced students in all fields of the social sciences and humanities The SAGE Handbook of Cultural Analysis is at once a synthesis of advances in the field with a comprehensive coverage of the scholarly literature and a collection of original and provocative essays by some of the brightest intellectuals of our time

Michel Foucault Dan Beer, 2017-12-02 This is a study of the French philosopher and historian Michel Foucault's 1976 work *La Volonte de Savoir* Dan Beer aims to uncover a network of ideas and linguistic patterns beneath the surface of the text Through close textual analysis he addresses the issue of language and its effects on the world we inhabit The book covers a range of references from the forgotten narratives of 19th century European psychiatry examining the scope of confessional literature to the heated debates that surround Foucault's language and ideas

The Cambridge Companion to Foucault Gary Gutting, 2005-07-18 For Michel Foucault philosophy was a way of questioning the allegedly necessary truths that underpin the practices and institutions of modern society He carried this out in a series of deeply original and strikingly controversial studies on the origins of modern medical and social scientific disciplines These studies have raised fundamental questions about the nature of human knowledge and its relation to power structures and have become major topics of discussion throughout the humanities and social sciences The essays in this volume provide a comprehensive overview of Foucault's major themes and texts from his early work on madness through his history of sexuality Special attention is also paid to thinkers and movements from Kant through current feminist theory that are particularly important for understanding his work and its impact This revised edition contains five new essays and revisions of many others and the extensive bibliography has been updated

History of the Body Willemijn Ruberg, 2019-09-27 The body has come to occupy a central place in cultural history with historians consistently exploring such themes as the history of disease disability beauty and sexuality This engaging and concise book offers a clear introduction to the history of the body introducing a wide array of conceptual

approaches to the field It delineates the topic of body history and its origins in cultural history and gender history distinguishing it from related disciplines such as the history of the self the history of medicine the history of emotion and gender history Bringing in a wealth of thought provoking examples from historical writing it goes on to explore a range of themes including racism anorexia gender and sexuality psychoanalysis and agency With further reading and explanations of key concepts provided throughout this wide ranging yet accessible text is the first introductory book to address this vibrant field from a theoretical perspective It is ideal for students of historiography medical history or the history of the body

Power Steven Lukes, 2021-04-14 The third edition of this seminal work includes the original text first published in 1974 the updates and reflections from the second edition and two groundbreaking new chapters *Power A Radical View* assesses the main debates about how to conceptualize and study power including the influential contributions of Michel Foucault The new material includes a development of Lukes's theory of power and presents empirical cases to exemplify this Including a refreshed introduction this third edition brings a book that has consolidated its reputation as a classic work and a major reference point within Social and Political Theory to a whole new audience It can be used on modules across the Social and Political Sciences dealing with the concept of power and its manifestation in the world It is also essential reading for all undergraduate and postgraduate students interested in the history of Social and Political Thought New to this Edition A revised and refreshed introduction Two new chapters on Domination and Consent and Exploring the Third Dimension

On Becoming God: Late Medieval Mysticism and the Modern Western Self Ben Morgan, 2013 Do we have to conceive of ourselves as isolated individuals inevitably distanced from other people and from whatever we might mean when we use the word God *On Becoming God* offers an innovative approach to the history of the modern Western self by looking at human identity as something people do together rather than on their own Ben Morgan argues that the shared practices of human identity can be understood as ways of managing and keeping at bay the impulses and experiences associated with the word God The self is a way of doing things or of not doing things with God The book draws on phenomenology Heidegger gender studies Beauvoir Butler and contemporary neuroscience to present a new approach to the history of modern identity It surveys existing approaches to modern selfhood Foucault Charles Taylor and proposes an alternative account by investigating late medieval mysticism in particular texts written in Germany by Meister Eckhart and others in the same milieu Reactions to the condemnation of Meister Eckhart's teaching for heresy in 1329 offer a microcosm of the circumstances in which something like the modern self arises as people change their behavior toward others toward themselves and toward what they call God The book makes Meister Eckhart and his contemporaries appear as our contemporaries by changing the assumptions with which we approach our own identity To make this change requires a revision of current vocabularies for approaching ourselves and in particular the vocabulary and habits inherited from psychoanalysis The book finishes by exploring the parallel between late medieval confessors and their spiritual charges and late nineteenth century psychoanalysts and their

patients The result is a renewed vision of the Freud s project of finding a vocabulary for acknowledging and nurturing our everyday commitments to others and to our spiritual longings

Delve into the emotional tapestry woven by Crafted by in **Foucault And Feminism Power Gender And The Sel** . Foucault And Feminism Power Gender And The Sel Introduction

In the digital age, access to information has become easier than ever before. The ability to download Foucault And Feminism Power Gender And The Sel has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Foucault And Feminism Power Gender And The Sel has opened up a world of possibilities. Downloading Foucault And Feminism Power Gender And The Sel provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Foucault And Feminism Power Gender And The Sel has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Foucault And Feminism Power Gender And The Sel. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Foucault And Feminism Power Gender And The Sel. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Foucault And Feminism Power Gender And The Sel, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Foucault And Feminism Power Gender And The Sel has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security

when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Foucault And Feminism Power Gender And The Sel Books

1. Where can I buy Foucault And Feminism Power Gender And The Sel books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
