**Mary's Story** Lynne Garnham-King, 2011-06-01 Description The book is Mary's story. It is a true story. It is about a psychotic experience with a supernatural twist. I had the good fortune to meet Mary during my role as a counselor. Mary claimed that she had been hearing voices for several months. It was only when the voices had stopped and Mary had regained some of her equilibrium that she came to counselling to try to make some sense of the episode. Mary had been a counsellor herself and believed that counseling could help her with her problem. Mary's was not a straightforward case as you will discover when you read her story. Mary claimed that before the voices had appeared she had been having supernatural experiences. In fact, Mary claimed to have proof of what had happened to her as she had recorded some of her encounters with the spirit world on her tape recorder. Indeed, I can bear witness to the voices recorded on the tape recorder as can other health care workers. The following is Mary's story told in her own words as she searches for answers as to what happened to her. Come with me into Mary's strangely fascinating world and decide for yourself if you believe whether Mary did have an encounter with the spirit world. Or if you believe it was something else, perhaps an episode of madness brought on by the death of her father. Read on and decide for yourself. About the Author Lynne was born in 1955. She was brought up in a loving family and has one sister. From her mid-twenties she suffered from anxiety and panic attacks. By her mid-thirties Lynne had become agoraphobic and was house-bound. Battling agoraphobia and dealing with a protracted drug withdrawal programme from benzodiazepines took up the next ten years of her life during which time Lynne suffered a breakdown and was very ill. She was diagnosed with M.E. in 1998. Married twice, Lynne feels that health problems were responsible for her two divorces. Further health problems ensued, including being diagnosed as coeliac and having a serious vertigo problem. She trained to be a counsellor to put her vast experiences to some use in a positive way by helping others. *Heart Like a Hole* Paula C. *The Story of a Heart* Rachel Clarke, 2024-09-10 Winner of the Women's Prize for Nonfiction. Shortlisted for the Baillie Gifford Prize. An unforgettable and inspiring true story of how one family's grief transformed into a lifesaving gift, written by a bestselling author and palliative care doctor. The first of our organs to form and the last to die, the heart is both a simple pump and the symbol of what makes us human. As long as it continues to beat, there is hope. In *The Story of a Heart*, Dr Rachel Clarke blends the history of medical innovations behind transplant surgery with the story of two children, one of whom desperately needs a new heart. One summer day, nine-year-old Keira Ball was in a terrible car accident and suffered catastrophic brain injuries. As the rest of her body began to shut down, her heart continued to beat. In an act of extraordinary generosity, Keira's parents and siblings immediately agreed that she would have wanted to be an organ donor. Meanwhile, nine-year-old Max Johnson had been in a hospital for nearly a year, valiantly fighting the virus that was causing his young

heart to fail When Max's parents received the call they had been hoping for they knew it came at a terrible cost to another family in what Clarke calls the brutal arithmetic of transplant surgery The act of Keira's heart resuming its rhythm inside Max's body was a medical miracle But this was only part of the story While waiting on the transplant list Max had become the hopeful face of a campaign to change the UK's laws around organ donation Following his successful surgery Keira's mother saw the little boy beaming on the front page of the newspaper and knew it was the same boy whose parents had recently sent her an anonymous letter overflowing with gratitude for her daughter's heart The two mothers began to exchange messages and eventually decided to meet In this profoundly moving and beautiful humane book Rob Delaney Clarke relates the urgent journey of Keira's heart and explores the history of the remarkable surgery that made it possible stretching back over a century and involving the knowledge and dedication of surgeons nurses and technicians immunologists and paramedics A powerful tale of two families linked by one heart *The Story of a Heart* is a testament to compassion for the dying the many ways we honor our loved ones and the tenacity of love *Joseph Conrad* Nicolas Tredell,1999 At last available in a single volume comprehensive overviews and concise analyses of the key critical texts and approaches to the most studied works of literature By assembling extracts from essays reviews and articles the columbia critical guides provide students with ready access to the most important secondary writings on a single text or pair of texts by a given writer each volume Offers a balanced and nuanced approach to criticism drawing on a wide array of British and American sources Explains criticism in terms of key approaches allowing students to grasp the central issues for each work Is edited by a noted scholar who specializes in the writer or work in question Includes notes and a comprehensive bibliography and index The critical works in this collection analyze the complex narrative technique of *Heart of Darkness* while exploring its evocation of myth philosophy and politics its attitudes to empire its images of Africa and its representations of women Examining secondary sources from the 1900s to the 1990s this guide is an indispensable resource for the study of one of Conrad's most potent works *The Collected Novels and Stories* Guy de Maupassant,1923 *The Story of Lynn* Patricia Smith,2012-11-07 *The Story of Lynn* is a mother's story of her remarkable daughter who was killed in a tragic accident The memories of her daughter's life and how she has dealt with the aftermath will inspire you *The Story of Us* Felicity Everett,2011-03-03 It is 1982 and Thatcher is in Downing Street Human League is in the charts and Dallas is on the telly But the girls of Albacore Street are too busy to notice For Stella Bridget Vinnie Maxine and Nell life revolves around demos parties and no strings sex Against a background of Greenham Common and the Miner's Strike however they are about to learn that life is not quite as simple as they thought Twenty years on and they are juggling like mad but dropping all the balls Their partners are straying their daughters want plastic surgery and their careers have stalled Living increasingly separate lives the tie that binds them grows thinner until tragedy brings them back together giving them a chance to refocus themselves on their friendship their misdirected lives and their survival **Une vie; or, The history of the heart, a novel. The Williamses anchor Jefferies' profound inquiry to our churning world and illuminate their own passionate quests for truth and understanding. BOOKLIST starred review. While browsing a Stonington, Maine bookstore, Brooke Williams and Terry Tempest Williams discovered a rare copy of an exquisite autobiography by nineteenth-century British nature writer Richard Jefferies, who develops his understanding of a soul life while wandering the wild countryside of Wiltshire, England. Brooke and Terry, like John Fowles, Henry Miller and Rachel Carson, before were inspired by the prescient words of this visionary writer who describes ineffable feelings of being at one with nature. In an introduction and essays set alongside Jefferies' writing, the Williamses share their personal pilgrimage to Wiltshire to understand this man of cosmic consciousness and how their exploration of Jefferies deepened their own relationship while illuminating dilemmas of modernity, the intrinsic need for wildness and what it means to be human in the twenty-first century.
