Hollow Hills:

Hierophantic Landscapes Richard Leviton, 2011-09-26 The Earth is poised to make a great disclosure Its a hierophant But whats a hierophant A person who reveals the holy light But it can also be a landscape or a planet And whats the holy light It is the structure of reality and consciousness a map of the heavenly realms the engineering blueprint of Creation Some people call this imminent disclosure the Apocalypse and run for cover But that is mistaken Apocalypse means the revelation of the divine revelation It means the end of our picture of the world as we know it The world itself will be fine even better than fine Splendid Illumined The Architect of reality lays down His cards face up and you see the whole deck Here is the truth of yourself and the Earth How will this disclosure work What we call sacred sites and holy landscapes will start revealing themselves in full to us in all their geomantic and visionary richness Thats the inner patterning of their design their arrays of Light temples and subtle palaces primed for our visionary adventures and edification The Earth needs us to have these adventures and visions because thats how we keep the planet healthy Hierophantic Landscapes visits five landscapes from Norway and England to California and Mexico providing firsthand reports on the visions and adventures of a small band of geomancers as they seek to unravel the mysteries of the Earth Maybe not such a small band because along the way we encounter angels landscape devas Nature Spirits and otherworldly mentors and revel in vistas of the ancient past of the Earth when that revelation was as fresh as a sunrise as it will soon be again *OE [publication]*, 1970 [The Firehills](#)

The Life of Langston Hughes Arnold Rampersad,2002-01-10 February 1 2002 marks the 100th birthday of Langston Hughes To commemorate the centennial of his birth Arnold Rampersad has contributed new Afterwords to both volumes of his highly praised biography of this most extraordinary and prolific American writer The second volume in this masterful biography finds Hughes rooting himself in Harlem receiving stimulation from his rich cultural surroundings Here he rethought his view of art and radicalism and cultivated relationships with younger more militant writers such as Richard Wright Ralph Ellison James Baldwin and Amiri Bakara Rampersad s Afterword to volume two looks further into his influence and how it expanded beyond the literary as a result of his love of jazz and blues his opera and musical theater collaborations and his participation in radio and television In addition Rampersad explores the controversial matter of Hughes s sexuality and the possibility that despite a lack of clear evidence Hughes was homosexual Exhaustively researched in archival collections throughout the country especially in the Langston Hughes papers at Yale University s Beinecke Library and featuring fifty illustrations per volume this anniversary edition will offer a new generation of readers entrance to the life and mind of one of the twentieth century s greatest artists *California Desert* United States. Carter,2017-09-14 When Margaret L Carter first read Dracula at the age of twelve her spontaneous reaction was to wonder how the undead Count saw the events in which he was portrayed as the villain She s always been fascinated with the monster s viewpoint and relationships between human and nonhuman beings Most of the stories in this collection can be described as romances and all involve love and passion in some form Here you ll encounter vampires elves ghosts and at least one human monster hybrid The vampire stories in the first half of the book are part of an ongoing series in which the creatures we know as vampires belong to a naturally evolved nonhuman species secretly living among us Readers can get better acquainted with them in *Crimson Dreams Sealed in Blood and Passion in the Blood*

Theosophon 2033 Richard Leviton,2015-08-20 Its September 29 2033 and the Earth and humanity have entered a cathedral of Light 1 000 light years tall and wide One Saturday morning in June 2040 Boston editor Edward Burbage is visited by an enigmatic traveller calling himself Blaise Hes been off the planet for 20 years helping to orchestrate a unique

event called the Theosophon Now hes here to tell his story and what happened in 2033 when Earth reality changed This Blaisehes clearly a human age about 90 yet hes not in a human body anymore at least not a physical one He claims to have spent much of the last 20 years commuting from his home planet in the Celaeno system in the Pleiades to Earth Why the Pleiades Because thats where the prime designers of the Earth reside and the Theosophon a kind of galactic musical event a song fest of the gods is the next step in the perfection of this design for consciousness The only reason Burbage believes him is that he has had a bit of a wild adventure himself Copies of his newly published book describing this sit on his coffee table Hes seen this intriguing Blaise a few times in the past and in fact hes edited two of his posthumous books Burbage notes It wasnt that Blaise had a mystery to reveal to me he was the mystery Everything about him As the narration ripens over the next three years Burbage is astonished to learn he was a key participant in the event even though up until this moment he had no memory of it Blaise changes all that The Theosophon he says was like a subtle slow motion psychic earthquake rumbling just beyond the border of normal perception like a band of angels were shaking the Earth It lasted a day in terms of peak intensity but it is still happening years later
