Hollywood on Ronald Reagan Doug McClelland, 1983-01-01 *Ronald Reagan in Hollywood* Stephen Vaughn, 1994-01-28 Explores the relationship between the motion picture industry and American politics **Ronald Reagan** James H. Broussard, 2014-08-27 Few politicians in recent American history are as well known as Ronald Reagan the 40th U S president An iconic leader Reagan shifted the direction of American politics toward a newly vigorous conservatism Though he began his career as a New Deal liberal by the end of the 1950s Reagan had embraced conservative views His presidency saw the longest peacetime prosperity in American history as well as the fall of the Berlin Wall and the end of the Cold War but also skyrocketing deficits and the Iran Contra scandal In the twenty first century Reagan s legacy is both pervasive and contested with supporters and detractors often divided along partisan lines Yet Reagan s own actions did not always fit into partisan boxes In a clear eyed and insightful narrative James H Broussard cuts through the mythology of both sides to produce a nuanced portrait of Reagan in his historical context Supported by primary sources and a robust companion website this concise biography is an ideal introduction to this fascinating president and the issues that shaped America in the late 20th century Routledge Historical Americans is a series of short vibrant biographies that illuminate the lives of Americans who have had an impact on the world Each book includes a short overview of the person s life and puts that person into historical context through essential primary documents written both by the subjects and about them A series website supports the books containing extra images and documents links to further research and where possible multi media sources on the subjects Perfect for including in any course on American History the books in the Routledge Historical Americans series show the impact everyday people can have on the course of history [Ronald Reagan's Road to the White House](#) J. Herbert Klein, Melanie Villines, 2011-06-01 Taking a behind the scenes look at Ronald Reagan s movie career this fun photo filled exploration of America s 40th president that reveals how The Gipper evolved into The Great Communicator [Reagan](#) Iwan Morgan, 2020-06-11 Ronald Reagan is arguably the most successful post war American president A transformational leader he is broadly credited with renewing American prosperity after the stagflation hit 1970s laying the foundations for Cold War victory and bringing about the shift to the right in late twentieth century politics In this new biography Iwan Morgan shrewdly assesses Reagan s considerable achievements whilst also highlighting the shortcomings that were an indisputable part of his record Based on extensive research this book plots a chronological path through Reagan s life covering his upbringing his rise and fall as a Hollywood star his time as California governor and his pursuit of the presidency Morgan offers a detailed evaluation of the pragmatic conservatism that was the hallmark of Reagan s presidential leadership in domestic affairs In the international sphere he explains Reagan s metamorphosis from Cold War hawk to negotiator for nuclear arms reduction while also examining his role

in the Iran Contra scandal This book ultimately shows that what made Reagan an American icon above all else was his optimism regarding his country and his ability to articulate its best values even if he himself did not always live up to these Today as the Republican Party grapples with its new direction and identity understanding the legacy of Ronald Reagan and Reaganism is more relevant than ever

Becoming Ronald Reagan Robert Mann,2019-10-01 In the 1960s transitioning from acting to politics was rare Ronald Reagan was not the first to do it but he was the first to jump from the screen to the stump and on to credibility as a presidential contender Reagan s transformation from struggling liberal actor to influential conservative spokesman in five years and then to the California governorship six years later is a remarkable and compelling story In *Becoming Ronald Reagan* Robert Mann explores Reagan s early life and his career during the 1950s and early 1960s his growing desire for acclaim in high school and college his political awakening as a young Hollywood actor his ideological evolution in the 1950s as he traveled the country for General Electric the refining of his political skills during this period his growing aversion to big government and his disdain for the totalitarian leaders in the Soviet Union and elsewhere All these experiences and more shaped Reagan s politics and influenced his career as an elected official Mann not only demonstrates how Reagan the actor became Reagan the political leader and how the liberal became a conservative he also shows how the skills Reagan learned and the lessons he absorbed from 1954 to 1964 made him the inspiring leader so many Americans remember and revere to this day *Becoming Ronald Reagan* is an indelible portrait of a true American icon and a politician like none other Purchase the audio edition
