Her career as an actress was launched at the same time and before her death in 1968 she had appeared on many theater stages in more than 60 films on radio in USO tours as a model and on television. The tall, stylish actress had a husky voice and dark beauty that was striking on film. Despite her financial success, relaxed morals, and life as a socialite, the millionaire actress shunned luxuries such as limousines and sprawling estates popular among Hollywood elite. The actress who insisted she wanted to be forgotten left behind scrapbooks, boxes of memorabilia, and detailed diaries. These rich resources help provide an exhaustive look at the life of one of Hollywood's most intriguing early stars. Francis biography is the heart of this book, beginning with her family background and her upbringing by a vaudevillian actress mother. The story of her extensive career and never-ending romantic pursuits is peppered with comments from the media and her own diaries and supplemented with ample photographs. A chronology gives dates of theater openings, film releases, marriages, television and radio appearances, births, and deaths. A filmography includes complete cast and credit lists.

*The Complete Kay Francis Career Record* Lynn Kear, John Rossman, 2016-03-30 This book is the definitive guide to the film, stage, radio, and television career of Kay Francis, one of the most glamorous stars from the golden age of Hollywood. For each film, the authors provide a thorough synopsis, plus cast and crew information, including biographies, opening dates, production notes, behind-the-scenes details, and reviews. In addition, information is provided on her stage, radio, and television appearances, and a section is devoted to collecting Kay Francis memorabilia, including such items as cigarette cards, sheet music, and soundtracks. Also covered is the stage and vaudeville career of Kay Francis mother Katherine Clinton. A brief biography of Kay Francis is provided along with an insightful foreword by film scholar James Robert Parish. Truly a treasure trove for Kay Francis fans and anyone interested in classic filmmaking in the 1930s and 1940s, the book includes more than 130 illustrations, many of them rare. *Western Film Highlights* Henryk Hoffmann, 2015-07-11 Westerns may have had their heyday, but they remain popular. The greatest films from 1914, when *The Squaw Man* and *The Virginian* were among the genre's best, through 2001, when *American Outlaws* and *Texas Rangers* were tops, are the subject of this work. For each year, the author names the outstanding western films in the following categories: picture, screenplay, original, and adaptation; direction; cinematography; music; male and female leading roles; and male and female supporting roles. Also for each year, the author lists the westerns that received Academy Award nominations and those that won, makes note of the births and deaths of notable actors, directors, producers, composers, cinematographers, authors, and other such personalities, and describes the genre's significant achievements. **Hollywood's Spies** Laura B. Leonard, 1979 Chapters on each of 62 Hollywood comedians      *Hollywood's African American Films* Ryan Jay Friedman, 2011 In 1929 and 1930 during the Hollywood studios conversion to synchronized sound film production white controlled trade magazines and African American newspapers celebrated a vogue for Negro films Hollywood's African American Films argues that the movie business turned to black musical performance to both resolve technological and aesthetic problems introduced by the medium of talking pictures and at the same time to appeal to the white Broadway audience that patronized their most lucrative first run theaters Capitalizing on highbrow associations with white slumming in African American cabarets and on the cultural linkage between popular black musical styles and natural acoustics studios produced a series of African American cast and white cast films featuring African American sequences Ryan Jay Friedman asserts that these transitional films reflect contradictions within prevailing racial ideologies arising most clearly in the movies treatment of African American characters decisions to migrate Regardless of how the films represent these choices they all prompt elaborate visual and narrative structures of containment that tend to highlight rather than suppress historical tensions surrounding African American social mobility Jim Crow codes and white exploitation of black labor      *Pictorial Review*, 1932 Includes music      **Shadows of Doubt** Barry Keith Grant, 2011 In *Shadows of Doubt* Barry Keith Grant questions the idea that Hollywood movies reflect moments of crisis in the dominant image of masculinity Arguing instead that part of the mythic function of genre movies is to offer audiences an ongoing dialogue on issues of gender Grant explores a wide diversity of films      Deborah Kerr Michelangelo Capua, 2014-01-10 Blessed with a natural beauty Scotland born actress Deborah Kerr 1921 2007 provided the cinema with memorable studies of English gentility A star in British pictures before she was 21 and a Hollywood fixture from 1946 on she projected a cool reserve and stoic nobility often hinting at passion and insecurity beneath the surface Frequently portraying selfless sympathetic women she was brilliant in such roles as Anna Leonowens in *The King and I* 1956 And in a fascinating departure from her normal range her portrayal of the sexually frustrated Army wife in *From Here to Eternity* 1953 resulted in the screen's most famous clinch the beach scene with Burt Lancaster Though she never won an Academy Award despite six nominations Deborah Kerr received an honorary Oscar in 1994      "A Reliable Car and a Woman Who Knows It" Curt McConnell, 2000-09-15 The audacity of driving a horseless carriage from coast to coast in the early years of the 20th century is hard to imagine in an age of superhighways and global positioning systems Roads might be nothing more than muddy ruts made by wagon wheels sources of gasoline or replacement parts were few and agonizingly far between frequent repairs and tire changes were necessary and the traveler was subject to the whole range of nature's perils and discomforts For a woman to attempt the trip was at the time a jaw dropping event Yet in 1909 22 year old Alice Ramsey and three female companions piled into a Maxwell in New York City and 59 days later they triumphantly rolled into San Francisco A few years later silent film star Anita King would become the first woman to make the transcontinental drive

solo These and other early coast to coast drives proved women s growing independence as well as the automobile s long distance viability Detailed accounts of five coast to coast drives make up this lively history Drawing from plentiful contemporary newspaper reports and the women s own words author Curt McConnell recounts the bold adventurers experiences day by day and mile by mile

**Hollywood's America** Stephen P Powers, 2018-02-19 American motion pictures still dominate the world market with an impact that is difficult to measure Their role in American culture has been a powerful one since the 1930s and is a hallmark of our culture today Though much has been written about the film industry there has been very little systematic attention paid to the ideology of its creative elite How does the outlook of that elite impact on the portrayals of America that appear on the screen How do their views interact with the demands of the market and the structure of the industry to determine the product that is seen by mass audiences Hollywood s America is a marvellously rich and careful discussion of these questions It combines a meticulous systematic content analysis of fifty years of top grossing films with a history of the changing structure of the industry To that mixture it adds an in depth survey of Hollywood s creative elite comparing them to other leadership groups The result is a balanced discussion of unique breadth and depth on a subject of national importance Placing the film industry in the context of American society as a whole the authors point out that Hollywood s creative leadership impacts the larger society even as it is influenced by that society The creators of films cannot remove themselves too far from the values of the audiences that they serve However the fact that films are made by a relatively small number of people who as the authors demonstrate tend to share a common outlook means that over time motion pictures have had an undeniable impact on the beliefs lifestyles and action of Americans This study contributes to the debate over the role and influence of those who create and distribute the products of mass culture in the United States The book also contains a devastating critique of the poststructuralist theories that currently dominate academic film criticism demonstrating how they fail in their attempt to explain the political significance of motion pictures
