Hollywood and Anti-Semitism Steven Alan Carr,2001 This book examines the role of American Jews in the entertainment industry from the turn of the century to the outbreak of World War II Eastern European Jewish immigrants are often credited with building a film industry during the first decade of the twentieth century that they dominated by the 1920s In this study Steven Carr reconceptualizes Jewish involvement in Hollywood by examining prevalent attitudes towards Jews among American audiences Analogous to the Jewish Question of the nineteenth century which was concerned with the full participation of Jews within public life the Hollywood Question of the 1920s 30s and 40s addressed the Jewish population within mass media This study reveals the powerful set of assumptions concerning ethnicity and media influence as related to the role of the Jew in the motion picture industry *The Jew in American Cinema* Patricia Erens,1988-08-22 Placing cinematic representations of the Jew within their historical context Bartov demonstrates the powerful political social and cultural impact of these images on popular attitudes He argues that these representations generally fall into four categories the Jew as perpetrator as victim as hero and as anti hero Examples range from film s early days to the present from Europe Israel and the United States **The Routledge Handbook of Contemporary Jewish Cultures** Nadia Valman,Laurence Roth,2017-07-14 The Routledge Handbook to Contemporary Jewish Cultures explores the diversity of Jewish cultures and ways of investigating them presenting the different methodologies arguments and challenges within the discipline Divided into themed sections this book considers in turn How the individual terms Jewish and culture are defined looking at perspectives from Anthropology Music Literary Studies Sociology Religious Studies History Art History and Film Television and New Media Studies How Jewish cultures are theorized looking at key themes regarding power textuality religion secularity memory bodies space and place and networks Case studies in contemporary Jewish cultures With essays by leading scholars in Jewish culture this book offers a clear overview of the field and offers exciting new directions for the future *Movie-Made Jews* Helene Meyers,2021-09-17 *Movie Made Jews* focuses on a rich usable American Jewish cinematic tradition This tradition includes fiction and documentary films that make Jews through antisemitism Holocaust indirection and discontent with assimilation It prominently features the unapologetic assertion of Jewishness queerness and alliances across race and religion Author Helene Meyers shows that as we go to our local theater attend a Jewish film festival play a DVD watch streaming videos Jewishness becomes part of the multicultural mosaic rather than collapsing into a generic

whiteness or being represented as a life apart This engagingly written book demonstrates that a Jewish movie is neither just a movie nor for Jews only With incisive analysis *Movie Made Jews* challenges the assumption that American Jewish cinema is a cinema of impoverishment and assimilation While it s a truism that Jews make movies this book brings into focus the diverse ways movies make Jews

Screening the Past Tony Barta, 1998-08-20 Film and television have been accepted as having a pervasive influence on how people understand the world An important aspect of this is the relationship of history and film The different views of the past created by film television and video are only now attracting closer attention from historians cultural critics and filmmakers This volume seeks to advance the critical exploration scholars have recently begun Barta begins by addressing the various ways the past is screened for our understanding and relates the art of film to other media The essays that follow deal primarily with the changing perspectives of political and social developments and changing concepts of ideology gender or culture in films and television programs made for historically shaped reasons Chapters by filmmakers explore issues of context and intent in their own projects Scholars and general readers interested in film and cultural studies will find this an important volume

American Jewish Films Lawrence J. Epstein, 2013-05-06 This is a thematic survey of American films with significant Jewish content that made an important statement about America Both familiar and lesser known films are included An introduction discusses why American Jews were attracted to films as audiences performers and business people and evaluates how films help audiences think about their lives The book then focuses on themes and representative and important films placing them in their cultural contexts One of the aspects of American Jewish life brought out by the films in general is the tensions between an American and a Jewish identity and between a Jewish identity and a broader human identity Other themes are assimilation and acculturation interfaith relations Israel marriage and family relations the role of women Jews and American politics and anti-Semitism including the Holocaust

The American Jewish Story through Cinema Eric A. Goldman, 2013-04-01 A superb thought provoking analysis tracing the metamorphosis of the image of the Jew as portrayed through 80 years of American cinema *Library Journal* Like the haggadah the traditional story of the Israelites exodus from Egypt read at the Passover seder cinema offers a valuable text from which to gain an understanding of the social political and cultural realities of Jews in America In an industry strongly influenced by Jewish filmmakers the complex evolving nature of the American Jewish condition has had considerable impact on American cinema and in particular on how Jews are reflected on the screen This groundbreaking study analyzes select mainstream films from the beginning of the sound era to today to provide an understanding of the American Jewish experience over the last century from the time when Hollywood s movie moguls most of whom were Jewish shied away from asserting a Jewish image on the screen to a period when Jewish moviemakers became more comfortable with the concept of a Jewish hero and with an overpowered yet heroic Israel and the way that the Holocaust assumed center stage as the single event with the greatest effect on American Jewish identity Recently as American Jewish screenwriters directors and

producers have become increasingly comfortable with their heritage we are seeing an unprecedented number of movies that spotlight Jewish protagonists experiences and challenges This is a wonderful book for any lover of American films Hadassah Magazine A History of the Jews in America Howard M. Sachar,1993-11-02 Spanning 350 years of Jewish experience in this country A History of the Jews in America is an essential chronicle by the author of The Course of Modern Jewish History With impressive scholarship and a riveting sense of detail Howard M Sachar tells the stories of Spanish marranos and Russian refugees of aristocrats and threadbare social revolutionaries of philanthropists and Hollywood moguls At the same time he elucidates the grand themes of the Jewish encounter with America from the bigotry of a Christian majority to the tensions among Jews of different origins and beliefs and from the struggle for acceptance to the ambivalence of assimilation

Screening a Lynching Matthew Bernstein,2009 The Leo Frank case of 1913 was one of the most sensational trials of the early twentieth century capturing international attention Frank a northern Jewish factory supervisor in Atlanta was convicted for the murder of Mary Phagan a young laborer native to the South largely on the perjured testimony of an African American janitor The trial was both a murder mystery and a courtroom drama marked by lurid sexual speculation and overt racism The subsequent lynching of Frank in 1915 by an angry mob only made the story more irresistible to historians playwrights novelists musicians and filmmakers for decades to come Matthew H Bernstein is the first scholar to examine the feature films and television programs produced in response to the trial and lynching of Leo Frank He considers the four major surviving American texts Oscar Micheaux s film Murder in Harlem 1936 Mervyn LeRoy s film They Won t Forget 1937 the Profiles in Courage television episode John M Slaton 1964 and the two part NBC miniseries The Murder of Mary Phagan 1988 Bernstein explains that complex issues like racism anti-Semitism class resentment and sectionalism were at once irresistibly compelling and painfully difficult to portray in the mass media Exploring the cultural and industrial contexts in which the works were produced Bernstein considers how they succeeded or failed in representing the case s many facets Film and television shows can provide worthy interpretations of history Bernstein argues even when they depart from the historical record Screening a Lynching is an engrossing meditation on how film and television represented a traumatic and tragic episode in American history one that continues to fascinate people to this day
