## **How To Make Children Mind Without Losing Yours:**

**Making Children Mind without Losing Yours** Dr. Kevin Leman, 2017-08-01 We've seen the enemy and they're small and unionized. If anyone understands why children behave the way they do, it's internationally known psychologist and New York Times bestselling author Dr. Kevin Leman. Using the 7 principles of reality discipline, this father of five and grandfather of four reveals a practical action-oriented game plan to get kids to listen to parents, encourage healthy attitudes, and two-way communication. Turn off temper tantrums, minimize sibling rivalries, and foil finicky eaters. Put parents back in the driver's seat, prompt long-lasting positive behavior, and instill values. Rear respectful, well-behaved children who become responsible difference makers in the world. Thought-provoking questions at the end of each chapter and Dr. Leman's real-life examples give readers sure-fire techniques for developing a loving, no-nonsense approach for rearing children. Whether a child is dealing with a difficult family situation, bullies, the loss of friends, the death of a loved one, discrimination, abuse, a teen pregnancy, or even just trying to make sense of what they see in the news, this compassionate and practical book will help parents equip them to process, learn from, and rise above their situation.
