The Easiest Way to Meet and Pick Up Girls-Ever!! Dusty White,2006-07-27 As of January 2014 I am taking this book off of the market forever I stated when I wrote this that it was not for mass public distribution This book was always to be limited to under 10 000 copies Sales have been astounding far more than I ever imagined and it is time to let the existing copies wear out and return this information back to the few people who actually do it well I have unpublished all digital versions of this book and they will not return either This book will not be sold again Thank you to everyone who read and used it when you did That was an interesting period in my life But that was then and this is not then This book takes all of the guesswork out of meeting women It is not about relationships or raising a family and it is not another hokey book on how to have some mysterious secret power over women This book teaches you how to get a date tonight without having to spend any money Anyone can do this You will approach women any time anywhere instantly getting them interested in knowing you without feeling nervous or having to resort to pick up lines You will know what to say first what to say after that how to grab her attention and focus it exclusively on you and get her number or a date on the spot The first section of this book analyzes every possible way you could approach women The second section of this book reveals a secret devious way to pick up almost every woman you meet without her even guessing that you are working your magic on her Subsequent sections provide help and troubleshooting guides We won t make you a guru of getting girls We will get you dates The biggest problem most men have in getting dates is knowing how to approach attractive girls they see every day of the week at the office gas station standing in line anywhere Too many men rely on nightclubs bars and personal ads to get dates ignoring the women they see e v e r y d a y
