Prepare for International English Language Testing System, 1999 Accompanies the book of the same name which is a course to prepare students for both the academic and general training modules of the International English Language Testing System IELTS Book ISBN 1863658017 28 95 [Study English + 2 DVD](#), **Challenges in Language Testing Around the World** Betty Lantegne, Christine Coombe, James Dean Brown, 2021-02-17 This book combines insights from

language assessment literacy and critical language testing through critical analyses and research about challenges in language assessment around the world It investigates problematic practices in language testing which are relevant to language test users such as language program directors testing centers and language teachers as well as teachers in training in Graduate Diploma and Master of Arts in Applied Linguistics programs These issues involve aspects of language testing such as test development test administration scoring and interpretation use of test results Chapters in this volume discuss insights about language testing policy testing world languages developing program level language tests and tests of specific language skills and language assessment literacy In addition this book identifies two needs in language testing for further examination the need for collaboration between language test developers language test users and language users and the need to base language tests on real world language use

Washback in Language Testing Liying Cheng, Yoshinori Watanabe, WITH Andy Curtis, 2004-02-04 Washback refers to the influence of language testing on teaching and learning This volume at the important intersection of language testing and teaching practices presents theoretical methodological and practical guidance for current and future washback studies In the field of language testing researchers major interest has traditionally been focused on issues and solving problems inherent in tests in order to increase their reliability and validity However the washback effect goes well beyond the test itself to include factors such as curriculum teacher and learner behaviors inside and outside the classroom their perceptions of the test and how test scores are used Only recently have researchers started to empirically investigate the phenomenon of washback This volume of such research serves two essential purposes by providing an overview of the complexity of washback and the various contextual factors entangled within testing teaching and learning and presenting empirical studies from around the world that offer insights into the effects of washback in specific educational contexts and models of research on which future studies can be based The extensive use of test scores for various educational and social purposes in society nowadays makes the washback effect a high interest phenomenon in the day to day educational activities of teachers researchers program coordinators directors policymakers and others in the field of education Washback in Language Testing Research Contexts and Methods is a valuable resource for those who are interested in the application of findings to actual teaching and learning situations or conduct washback research in their own contexts including educational and psychological testing experts as well as alternative assessment people in all fields and for policy and decision makers in educational and testing organizations

Revisiting EFL Assessment Rahma Al-Mahrooqi, Christine Coombe, Faisal Al-Maamari, Vijay Thakur, 2017-01-10 This book examines acknowledged practices and demonstrates to teachers how to make the most out of their assessment practices It also explores different assessment methods for skills such as reading writing listening and speaking Forecasting the future of assessment and where concepts like alternative assessment and dynamic assessment are heading it also shows how relatively new teaching methods such as communicative methodologies and problem based learning are reflected in assessment This

book represents a forum where contributors have presented their research and innovative ideas and practices on the important topic of assessment and opened a fresh debate on it It offers an excellent reference guide for EFL teachers practitioners researchers and testing and assessment specialists Each chapter examines central issues in assessment and their connection with teaching and learning in EFL contexts

Examining Listening Ardeshir Geranpayeh, Lynda B. Taylor, 2013-03-27 This volume examines the nature of second language listening proficiency and how it can be assessed The book highlights the need for test developers to provide a clear explication of the ability constructs which underpin the tests they offer in the public domain This is increasingly necessary if claims about the validity of test score interpretation and use are to be supported both logically and with empirical evidence It operationalises a comprehensive test validation framework which adopts a socio cognitive perspective The framework embraces six core components examining and then analysing Cambridge ESOL listening tasks from the following perspectives Test Taker Cognitive Validity Context Validity Scoring Validity Criterion related Validity and Consequential Validity
