Data Base Administration Jay-Louise Weldon, 2013-03-09 In modern organizations data has been added to

the classical economic assets of land labor and capital Data on company products finances and operations are gathered into

data bases that are used to support management reporting and decision making Effective use of these data bases requires

control over their design and development and coordination among the various users The exercise of these management

functions is called data base administration DBA DBA is an evolutionary area In many organizations it was formed as a

response to the problems created by the installation of sophisticated systems for data base management As a result the

practice of DBA has been strongly influenced by its technological and organizational environment The size organizational

position staffing and defined role of DBA vary from firm to firm However certain fundamental tasks and responsibilities are

or should be recognized as the province of DBA To date literature on the DBA function is sparse Most texts on data base

management systems Date 1975 Kroenke 1977 Martin 1978 Sprowls 1976 Tsichritzis and Lochovsky 1977 discuss DBA as

The Power of IT Jan de Sutter, 2004 There's more to IT than technology Yes IT involves

computers software and services but good IT synthesizes these elements with a concentration on how your organization can

best meet its goals Increasingly the IT department is the hub of any company and companies expect IT managers to

accomplish a variety of tasks with limited resources Thus CIOs must hone their organizational and managerial skills to run

the most effective program possible Join author Jan De Sutter as he details the range of methodologies necessary for effective

IT management from how to align your IT department with the mission of your organization to how to measure and present the results of your work The Power of IT is a must have for CIOs IT managers IT professionals and MBA students everywhere and is sure to become a much utilized resource in company libraries business management courses and the personal collections of those who not only want to get IT done but who also want to do IT right **Use of Electronic Data**
