Pull My Daisy which is narrated by Kerouac This film set the terms for a new era of experimental filmmaking By examining Frank's films and videos including Pull My Daisy Me and My Brother and Cocksucker Blues in the framework of his more widely recognized photographic achievements Kouvaros develops a model of cross media history in which photography film and video are complicit in the search for fresh forms of visual expression Awakening the Eye is an insightful compelling and at times moving account of Frank's determination to forge a personal connection between the circumstances of his life and the media in which he works
