reflexion my good friend Liberalis I should say that there is hardly any one so hurtful to society as this that we neither know how to bestow or how to receive a benefit It follows from this that benefits are badly invested and become bad debts in these cases it is too late to complain of their not being returned for they were thrown away when we bestowed them Nor need we wonder that while the greatest vices are common none is more common than ingratitude for this I see is brought about by various causes The first of these is that we do not choose worthy persons upon whom to bestow our bounty but although when we are about to lend money we first make a careful enquiry into the means and habits of life of our debtor and avoid sowing seed in a worn out or unfruitful soil yet without any discrimination we scatter our benefits at random rather than bestow them It is hard to say whether it is more dishonourable for the receiver to disown a benefit or for the giver to demand a return of it for a benefit is a loan the repayment of which depends merely upon the good feeling of the debtor To misuse a benefit like a spendthrift is most shameful because we do not need our wealth but only our intention to set us free from the obligation of it for a benefit is repaid by being acknowledged
