Emery Bigot Leonard E. Doucette,1970-12-15 Emery Bigot s life spans the most brilliant years of seventeenth century France He left some six hundred letters addressed to the four corners of literary Europe among his correspondents acquaintances and friends were

men of the stature of Jean Chapelain Nicolaus Heinsius Charles du Cange Richard Simon John Milton and Gilles Ménage He travelled widely and was for some forty years at the very centre of a firmly established smoothly functioning network of mutual assistance and scholarly information that linked the countries of western Europe From Uppsala to Venice from Vienna to Oxford Leiden London a network which quite naturally considered Paris its centre and whose members represented every interest very segment of intellectual society Bigot was also the creator of what was perhaps the most important private library of his era Yet today he is almost unknown and his correspondence scattered widely has not been examined thoroughly since his death This detailed biography and critical study is based on Bigot's letters and on other unpublished materials in France Italy Holland Denmark and England Although much effort has been directed towards research on the more prominent contemporaries of Bigot he himself better known to the scholars of his period than a Racine a La Fontaine or a Molière has gone unappreciated Professor Doucette's book shows that Bigot represents an essential and seriously neglected side of French and European humanistic studies in the seventeenth century Bigot's role as an outstanding classical scholar and bibliographic expert his publications and projects for publications his correspondence and what is perhaps the most important facet of his activity his collaboration with other authors in seventeenth century Europe all receive full and intensive coverage This book holds special interest for scholars in several disciplines especially historians of French literature and civilization classicists philologists bibliophiles and bibliographers and historians of religion

Charles le Chauve Adolf Ebert, 1884 *Children of Lucifer* Ruben van Luijk, 2016-05-02 If we are to believe sensationalist media coverage Satanism is at its most benign the purview of people who dress in black adorn themselves with skull and pentagram paraphernalia and listen to heavy metal At its most sinister its adherents are worshippers of evil incarnate and engage in violent and perverse secret rituals the details of which mainstream society imagines with a fascination verging on the obscene *Children of Lucifer* debunks these facile characterizations by exploring the historical origins of modern Satanism Ruben van Luijk traces the movement's development from a concept invented by a Christian church eager to demonize its internal and external competitors to a positive anti religious identity embraced by various groups in the modern West Van Luijk offers a comprehensive intellectual history of this long and unpredictable trajectory This story involves Romantic poets radical anarchists eccentric esotericists Decadent writers and schismatic exorcists among others and culminates in the establishment of the Church of Satan by carnival entertainer Anton Szandor LaVey Yet it is more than a collection of colorful characters and unlikely historical episodes The emergence of new attitudes toward Satan proves to be intimately linked to the ideological struggle for emancipation that transformed the West and is epitomized by the American and French Revolutions It is also closely connected to secularization that other exceptional historical process which saw Western culture spontaneously renounce its traditional gods and enter into a self imposed state of religious indecision *Children of Lucifer* makes the case that the emergence of Satanism presents a shadow history of the evolution of modern civilization as we know it Offering the most comprehensive account of this history yet written van Luijk proves that in the case of Satanism the facts are much more interesting than the fiction **Rapport des commissaires speciaux nommes le 8 de Sept. 1856 pour s'enquerir des affaires des sauvages en Canada** Canada.
