Quant à la Nature de L'Homme John M. Allen,2001-11 Exploring the depths of human nature in the light of biblical teaching the author carves a straight path through the tangled undergrowth of Greek Gnosticism that has infiltrated the Church today Startling in its simplicity this book takes the reader to the core of the problem clearly outlining the issues at stake and dealing with them uncompromisingly Are children to blame for their parents sin Why does man sin Does a Christian have a dual nature Are we born bad Does our nature compel us to commit certain actions whether bad or good What is the relationship between a twentieth century Christian and Adam Does God see Jesus when He looks at the Church

What is the truth regarding unconditional eternal security Can a Christian be lost Answering these questions and many others purely from the Bible the author brings light and hope on this most misunderstood of all subjects the nature of man
