Leighly, 2005-01-01 You hold in your possession Seven Keys which were given to you by Divine Entitlement your Divine Heritage Within this book is the knowledge that you have been searching for the answers that you have been longing for You will find within these pages seven steps to enlightenment seven doors and seven keys that will unlock the seven areas in your life These areas are so vitally important to your journey that once you realize their value you will have unlocked the ultimate treasure the door to Divine Consciousness It doesn't matter whether you are Catholic Protestant Jewish Hindu Muslim or of any other Faith We all pray to the same God *Let There Be Light* William Stansmore, 2021-10-17 This work is an attempt to reestablish the importance of absolute values in a world where such values are becoming increasingly irrelevant and the necessity of preserving these immutable and self-evident truths Upon which was established our national framework and foundation

Divine Audacity Linda Martella-Whitsette, 2015-02-01 Experience Oneness with the Divine and Light Up the World On the publication of her first book Larry Dossey MD author of *Prayer Is Good Medicine* wrote Martella Whitsett is a wise guide Her new book makes the audacious claim that each of us can be the light of the world Jesus instructed his followers to be Martella Whitsett offers a path for living a deep and authentic life outside of the strictures of traditional religious categories A refreshing approach in essence on how to be spiritual without being religious We need to jettison the idea of a God who is out there and above us God is not a super human who gives and takes punishes and rewards God does not require human suffering and repentance We truly find God when we go inside to connect with divine light realize our oneness with God and others and let our light shine in the world Martella Whitsett looks at what divine light is and how it is both audacious and normal to claim it for ourselves Next she introduces us to 12 spiritual powers we can all develop and learn to use on a daily basis faith understanding will imagination zeal power love wisdom strength order release and life itself When we consciously shine our spiritual powers on ourselves not only are our lives improved but all of humanity can be enriched and transformed Let your light shine *Shattering the Christian Looking Glass* Philip Charleston, 2009-07-07 *Shattering the Christian Looking Glass* dismembers the towering edifice of Catholic dogma Short highly readable but immensely powerful *Shattering* challenges the Church to defend its dogma and the Church's legitimacy **Soul'S Journey** Rev. Dr. Becky Rector MDiv, 2017-09-11 Many people have asked themselves What is my heart's desire This question can be confusing Perhaps you arrived at a point when you felt confident in what your heart's desire looked like You may have even started making the choice to go after it whatever it is only to have something get in your way maybe more than once This barrier that always seems to pop up may have manifested as fear either your own or that of a loved one that pulled you away from your decision This fear of the unknown may have forced you to stay in your current situation No matter how this barrier manifested it seemed to get in your way every time Now some people may believe this interference is a sign from the utmost Or perhaps

they believe that by staying in their current situation they will find a new happiness that will lead to contentment So which is the true hearts desire The answer is simple Its the one that when you see yourself obtaining it gives you the most joy and happiness Its the one that makes your heart race **I Don't Know... the way of Knowing [Second Edition]** D.E. Paulk,2021-09-01 I Don t Know is the required confession needed to be granted admission to the path of enlightenment and to The Way of Knowing I Know is conclusive ending finite and therefore devastating I Know is an enemy of immortality and nemesis to The Way of Knowing We are all infinite spirits and the offspring of the Infinite Creator When we discover the I Don t Know within we unleash our Infinite nature and unearth the Endless Us Are you ready to put on immortality *To Heaven Through Hell: A Book About Challenging and Changing Destructive Religious Beliefs* Sue Wilson,2014-03-13 Whether we re talking about eternal Heaven and Hell in Western religions or Reincarnation and Karma in religions of the East Sue Wilson shares overwhelming evidence that what most religions teach about what happens when we die is totally wrong and fosters irrational fear and extreme codependency She asserts that contrary to these unsubstantiated teachings death is a positive experience for everyone Wilson is not an outsider looking in on this subject She s a former minister s wife and missionary to Africa a world traveler and a retired world history and geography teacher In *To Heaven Through Hell* she shares an incredible journey into the invisible realm beyond the physical world through a number of spontaneous paranormal or sixth sense experiences along with her extensive research from theologians psychologists psychiatrists doctors scientists and a host of others in the helping professions all of which refute religion s erroneous teachings concerning life after death Among her many sixth sense experiences are a powerful near death experience in which she cries out to the God she has learned to fear in fundamental Christianity and is assured that God s love is unconditional not only for herself but for all of us the appearance of her father s ghost who tells her that when he died he went to God immediately and was fully immersed in love and understanding as we ll all be when we die and an amazing regression experience which helps her understand that the purpose of reincarnation is opportunity not karma Wilson encourages readers to formulate healthy beliefs about God and the universe She shows how embracing positive beliefs about life after death especially removes the fear of dying and enables us to get on with the wonderful business of living She helps readers tap their own sixth sense and gives a problem solving model that incorporates all the senses the five traditional ones the controversial sixth and a seventh sense we often overlook in our desperate search for answers common sense And though she acknowledges that religious institutions have done much good in the world she challenges them to admit to the damage they have also done with destructive teachings about life and death and to replace them with better ones To acknowledge that all religions are resources not roadmaps including their own And to turn their buildings into lively classrooms where their members can find solutions to the real problems they face as human beings using good ideas from all disciplines in society and rejecting the rest **Flying Higher** Rick Godwin,1999 Deciphering God s will is much like flying an airplane without being a pilot What do you do Which buttons

do you push One wrong move could prove disastrous Throughout our lives we face myriad decisions each of which can and may radically alter our lives We often feel overwhelmed by the options that lie in front of us Fortunately God has given us a guidance system for navigating our way through turbulent times As you read you will discover seven principles of God s guidance to keep you on course These principles will help you not only to avoid bad decisions but to make good godly decisions You will learn to recognize the voice of the good shepherd and to discover the depths of his divine guidance system
