A Gentleman of Substance Richard Feltoe,2006-04-12 John Redpath arrived in Canada penniless in 1816 From skilled stonemason he became a wealthy entrepreneur in Montreal the founder of Redpath Sugar *Canadian Horticulturist and Beekeeper* ,1916 [The Canadian Horticulturist and Beekeeper](#) ,1916

[The Lyceum Magazine](#) Ralph Albert Parlette,1913 **Let Redpath Sweeten It** Richard Feltoe,1993-06-30 For a hundred and fifty years Canada's call for the sweet taste of sugar has been answered by the Redpath sugar company The tale behind the early years of that company's history is recounted in Redpath The History of a Sugar House Volume 1 of this series In this the second volume the story continues with the later and modern period of corporate history starting with the establishment of a competitor to Redpath in the form of Canada's first successful sugar beet company The Dominion Sugar Co Ltd Succeeding chapters outline the development of Dominion until its merger in 1930 with Redpath to form a new joint corporation the Canada and Dominion Sugar Co Ltd after which the narrative charts the history and varying fortunes of the company through the turbulent years of the Great Depression World War II and the post war era up to the modern day Throughout this period the successive leaders of the corporation have had to cope with financial fluctuations political turmoil and machinations expanding international connections business expansions rationalization diversification and consolidation until today Redpath Sugars stands as Canada's oldest sugar company More than a simple corporate history however Let

Redpath Sweeten It along with the earlier volume chronicles a Canadian industrial heritage that has played an integral role in the growth of Canada during the past one and a half centuries **The Lachine Canal** Yvon Desloges,Alain

Gelly,2002-10-02 Ideal for history buffs interested in inland navigation and industrial history this volume reveals how the construction of the Lachine Canal starting in 1821 played a pivotal role in the industrial development of Montreal and all of Canada Truly revolutionary the canal ultimately allowed ships to bypass the previously insurmountable rapids and reach the Great Lakes and its many consequences and benefits are described in detail Culinary Landmarks Elizabeth

Driver,2008-04-05 Culinary Landmarks is a definitive history and bibliography of Canadian cookbooks from the beginning when La cuisini re bourgeoise was published in Quebec City in 1825 to the mid twentieth century Over the course of more than ten years Elizabeth Driver researched every cookbook published within the borders of present day Canada whether a locally authored text or a Canadian edition of a foreign work Every type of recipe collection is included from trade publishers bestsellers and advertising cookbooks to home economics textbooks and fund raisers from church women s groups The entries for over 2 200 individual titles are arranged chronologically by their province or territory of publication revealing cooking and dining customs in each part of the country over 125 years Full bibliographical descriptions of first and subsequent editions are augmented by author biographies and corporate histories of the food producers and kitchen equipment manufacturers who often published the books Driver s excellent general introduction sets out the evolution of the cookbook genre in Canada while brief introductions for each province identify regional differences in developments and trends Four indexes and a Chronology of Canadian Cookbook History provide other points of access to the wealth of material in this impressive reference book **A Village Saga** Maria Klassen (Braun),2012-06-19 A personal memoir by Maria

Klassen about growing up in a family with 10 siblings in the small Mennonite village of Blumenort in southern Manitoba Maria gives her perspective of the history of her Mennonite ancestors dating back to Russia in the late 19th century The use of personal anecdotes and stories makes for an enjoyable read for those of similar background or for anyone interested in different cultures and traditions Farmer's Advocate and Home Journal ,1917 *Asleep at the Switch* Bruce

Smardon,2014-11-01 Since 1960 Canadian industry has lagged behind other advanced capitalist economies in its level of commitment to research and development Asleep at the Switch explains the reasons for this underperformance despite a series of federal measures to spur technological innovation in Canada Bruce Smardon argues that the underlying issue in Canada s longstanding failure to innovate is structural and can be traced to the rapid diffusion of American Fordist practices into the manufacturing sector of the early twentieth century Under the influence of Fordism Canadian industry came to depend heavily on outside sources of new technology particularly from the United States Though this initially brought in substantial foreign capital and led to rapid economic development the resulting branch plant industrial structure led to the prioritization of business interests over transformative and innovative industrial strategies This situation was exacerbated in

the early 1960s by the Glassco framework which assumed that the best way for the federal state to foster domestic technological capacity was to fund private sector research and collaborative strategies with private capital Remarkably and with few results federal programs and measures continued to emphasize a market oriented approach Asleep at the Switch details the ongoing attempts by the federal government to increase the level of innovation in Canadian industry but shows why these efforts have failed to alter the pattern of technological dependency **Rideau Waterway** Robert

Legget, 2001-12-15 Many years ago I decided to write a book about the Rideau Canal It is therefore with mixed feelings that I see that Robert Legget has beaten me to the tape He is to be congratulated The definitive work on the Rideau has been written and I shall value my copy Eric Arthur Since the publication of the first edition in 1955 Rideau Waterway has informed and delighted readers among them historians engineers and vacationers First revised in 1972 this classic guide has once again been brought up to date in a new edition Robert Legget offers a rich history of the Rideau Canal an adventure in engineering built by soldiers and civilian labourers through swamp bush and rocky wilderness as well as a guide to current places of interest along the waterway and stories of the pioneers who settled there He resurrects the controversy surrounding Colonel John By Superintending Engineer of the construction of the canal whose leadership was debated in the British press and after whom By town was named By town is now Ottawa Legget traces the city s development from construction camp to national capital This new edition contains three times as many photographs as the original and has been even more thoroughly updated than was the revised edition of 1972 Legget has added new information about historical figures and references to developments in the surroundings the St Lawrence Seaway the Carillon hydroelectric project new roads new bridges and more The appendices have been revised to include the latest maps charts and fishing information available In all Legget has provided a lively guide for boaters and other travellers and for all those interested in the history of eastern Ontario **Canadian horticulture and home magazine** ,1915 [The Canadian Horticulturist](#) ,1917 **Journal of Agriculture and Horticulture** ,1916 *Scientific Canadian Mechanics' Magazine and Patent Office Record* Canada. Patent Office,1916 **The Canadian Patent Office Record and Register of Copyrights and Trade Marks** ,1917

Material Culture Review ,2010 **Redpath** Richard Feltoe,1991-08-15 Redpath today a household name for sugar in Canada has its roots in the story of an enterprising Scots immigrant initially a stone mason and later a building contractor during the boom days of Montreal s growth from a small provincial centre to a major North American city In 1854 the ever energetic John Redpath by then a self made millionaire in his late fifties launched a new career as an industrialist With his son Peter and the gifted George Alexander Drummond as manager he established Canada s first successful sugar refinery The Redpath story encompasses the influence of sugar as an economic force the emergence of the elegant social life of cosmopolitan Montreal and a hind sight view of the complexities of the love hate relationship between government and business This the first of two volumes moves through Canada s period of extensive industrialization to the turn of the century

the impact of World War I and concludes in the post war years Throughout this period the familiar Redpath trademark a reproduction of John Redpath s signature is a reminder of the heritage inherent in Canada s business and social history
