**Return to Common Sense** William Edward Skokos, 2011-03-15 There has been an assault on conservative based values by the liberal left this situation has only been exacerbated by moderate Republicans who have in some cases refused to take a stand Even the Republican leadership has been timid in engaging the left and holding firm to their moral high ground Common Sense Conservatism is the antidote for all that troubles our great nation We must allow Common Sense to dictate our actions if we ever hope to save our way of life from those who wish to destroy America and transform it into a second rate power What is it in a person's life that sets forth a conservative outlook Here William Edward Skokos allows us a peak into his experiences for the key to that conservatism He takes on the policies of both the left and the right as he provides a provocative and well informed explanation of the origins of these policies and what needs to be done in order to turn the tide and revitalize America His belief and faith in the American people is the key element which he believes will ensure the continuation of the American dream

to the ending I didn t see coming Chris DeRose New York Times Bestselling Author of The Fighting Bunch A political thriller  
tied in to real events about an apocalyptic threat to America that is ticking remorselessly in the background while Americans  
continue their daily routines oblivious to the danger For years China s spy agency has been watching the United States rack  
up trillions of dollars in debt waiting for the right moment to weaponize that debt to collapse the American government and  
install a Communist puppet regime At the same time suburban accountant Andrea Gartner has been an outspoken critic of  
the debt as a leader in the South Carolina state Republican Party When the United States elects President Earl Murray he  
brings Andrea into his government as budget director to solve America s debt problem But before the nameplate is even  
installed on her office door China strikes engineering an American debt crisis that brings the country to the brink of collapse
