LET'S FALL IN LOVE

- HAROLD ARLEN/
TED KOEHLER

Let's fall in love, why should-n't we, fall in love? Our hearts are made
 Let's close our eyes and make our own par-a-dise. Lit-tle we know

of it. Let's take a chance, why be a-fraid, it
 of it, still we can try to make a go

We might be meant for each
 or not to be, let our

heart's dis-cov-er. Let's fall in love, why should-n't we,
 fall in love? Now is the time for it while we are young. Let's fall in

love.

mocked propriety and said that few things were simple or lasting or free from ambiguity Of the masters of twentieth century American songwriting Porter was one of the few who wrote both music and lyrics and even in the absence of his melodies his words distill an unmistakable mixture of poignancy and wit that marks him as a genius of light verse Selected from over eight hundred songs here are Porter s finest flights of invention lyrics that are an indelible part of 20th century culture Let s Do It Love for Sale I Get a Kick Out of You Anything Goes In the Still of the Night I Concentrate on You and dozens more About the American Poets Project Elegantly designed in compact editions printed on acid free paper and textually authoritative the American Poets Project makes available the full range of the American poetic accomplishment selected and introduced by today s most discerning poets and critics **Serenity** Poets of India, A Poetry Collection by multiple Poets of India

Migratory Settings Murat Aydemir,Alex Rotas,2008 Migratory Settings proposes a shift in perspective from migration as movement from place to place to migration as installing movement within place Migration not only takes place between places but also has its effects on place in place In brief we suggest a view on migration in which place is neither reified nor transcended but thickened as it becomes the setting of the variegated memories imaginations dreams fantasies nightmares anticipations and idealizations of both migrants and native inhabitants that experiences of migration bring into contact with each other Migration makes place overdetermined turning it into the mise en sc ne of different histories Hence movement does not lead to placelessness but to the intensification and overdetermination of place its heterotopicality At the same time place does not unequivocally authenticate or validate knowledge but shot through with the transnational and the transcultural exceeds it ceaselessly Our contributions take us to the migratory settings of a fictional exhibition a staged political wedding a walking tour in a museum African appropriations of Shakespeare and Sophocles Gollwitz Germany Calais France the body after a heart transplant refugees family portraiture a garden in Vermont the womb With contributions by Mieke Bal Maaïke Bleeker Paulina Aroch Astrid van Weyenberg Sarah de Mul Annette Seidel Arpacı Sudeep Dasgupta Wim Staat Maria Boletsi Griselda Pollock Alex Rotas and Murat Aydemir Catalog of Copyright Entries Library of Congress.
