

In Play Therapy....

I can
get messy

I can play
out my feelings and
experiences

I can
be myself

I can discover
new ways to do things

I start to believe in
myself

I feel heard
and understood

There is
no pressure,
I can go at my own
pace

PLAY THERAPY

Lets Play A Guide To Child Therapy

Benison O'Reilly, Kathryn Wicks

Lets Play A Guide To Child Therapy:

A Guide to Child Therapy B. Max Price, Geri Price, 2001 This is a practical handbook for therapists working with children drawing on the authors twenty five years of experience in practice and teaching It contains clear instructions for the beginning therapist who wants to know how to use play to diagnose and treat children suffering from depression behavior problems separation and loss Showing the value of play in the developmental journey of a child the Prices are specific about how to help children overcome life circumstances that have left them stuck in their emotional and adaptive development When the therapist fosters conditions for growth in therapy and improves the environment most children will develop and succeed Since parents need to be a major part in the treatment of their children the authors describe ways to model effective parenting including a recommendation that parents play with their children They show how the therapeutic experience can extend beyond the hour and into the real life of the child and they reinforce for parents the appropriate developmental expectations for youngsters Therapists will also find an excellent list of parent training resources to assist in parent consultation Lively case material and practical exercises combine to provide a comprehensive resource for clinicians who deal with troubled children and their parents Helpful appendices include consent forms toys to buy and basic behavioral management tools This is an encyclopedic reference for the beginner and an invaluable teaching tool for supervisors

A Comprehensive Guide to Child Psychotherapy and Counseling Christiane Brems, Christina H. Rasmussen, 2018-08-08 Christiane Brems in collaboration with new coauthor Christina Rasmussen introduces prospective and practicing clinicians to theories and principles of applied clinical work with children ages three to twelve years The authors take an integrated approach to understanding children and their families using a biopsychosociocultural model for conceptualization and treatment planning Their methods are practical and compassionate as well as contextually grounded and individually tailored Chapters follow the logical development of clinicians mirroring the natural flow of work with children Coverage ranges from the importance of a beginning practitioner s introspection and of ethical and legal issues to a variety of intervention techniques and strategies and finally termination Case studies showcase individualized and mindful treatment for each child with whom a clinician works Outstanding Features of the Fourth Edition Essential attention to how clinicians self awareness can lead to positive therapeutic relationships with children and their families Thorough discussions of the biopsychosociocultural model for conceptualization and treatment planning Emphasis on intensive assessment prior to treatment planning to address the needs of each child and family A compelling practical exploration of mindfulness intervention with children The authors methodology addresses the profound effects of the larger environment and culture on children By adopting the authors integrated approach clinicians are better able to understand important and complicated aspects of a child s and family s life From there compassionate thoughtful and relevant intervention ensues
