Letter For Maria:

The Letters Donald Rilla, 2014-04-30 A woman is diagnosed with an inoperable brain tumor She writes a series of letters to family and a friend before her death resulting in them carrying out her wishes in unexpected fashion Under the picture Other books published by Donald Rilla In the Mind of a Serial Killer The Three Italian Foster Kids Forensic Social Work Short Stories Renee The Runaway Foster Child Cold Case Abduction Redemption Presidential Conspiracy **Body, Self and Melancholy** Siglinde Clementi, 2023-09-01 This book addresses early modern concepts of the body and the self focussing on three self narratives authored by the nobleman Osvoldo Ercole Trapp 1634 1710 a body description from head to foot autobiographical writings and a brief chronicle of the House of Trapp Caldonazzo Approaching the complex theme of the question of the early modern self and the historical body this book intertwines consistent contextualisation and historicisation of self interpretation and biography This is done in three steps first the content and function of these self narratives are analysed with reference to current research on early modern self narratives In a second step the life and family history of Osvoldo Ercole Trapp are examined from a microhistorical perspective and placed within the context of the early modern history of Tyrol s nobility A third step then goes into detail on individual contexts and discourses that refine one s comprehension of these self narratives noble masculinity family house and line theories of procreation and education body experience and body images It combines textual analysis historical anthropology with a strong gender historical perspective microhistory and the history of the body as a history of experience and discourse With this approach the study makes an innovative contribution to early modern studies on self narratives social history of early modern nobility and the history of the body as the history of experience and discourse This volume will be of interest to students and scholars alike interested in intellectual social and cultural history **Gossip, Letters, Phones** Ned Schantz, 2008-09-05 For over two hundred years of narrative culture when female characters try to get together crazy things happen Indeed the greater the means at women s disposal the more severe and twisted is the anxious reaction Behind this broad anxiety lurks the powerful ideal of sympathetic and strategic female networks an ideal that takes its intimate shape from the expectations of communications media and that underwrites the very culture that would deny it Ned Schantz examines novelistic culture from the British novel to Hollywood film as a series of responses to the threat and promise of female networks Reading texts from Clariss Emma and The Portrait of a Lady to Sorry Wrong Number Vertigo and You ve Got Mail Schantz argues that a recurring gothic nightmare haunts plots of courtship marriage and female advancement even as the female networks themselves illuminate the path to clarity And while this study must of necessity visit an uncanny realm of lost messages and false suitors telepathy and artificial intelligence locked rooms and time traveling stalkers these occult concerns only confirm the tangible material power at stake in the most basic modes of female communication in gossip letters and phones **Beyond Curie** Scott Calvin, 2017-07-31 In the 116 year history of the Nobel Prize in Physics only two women have won the award Marie

Curie 1903 and Maria Mayer 1963 During the 60 years between those awards several women did work of similar calibre This book focuses on those women providing biographies for each that discuss both how they made their discoveries and the gender specific reception of those discoveries It also discusses the Nobel process and how society and the scientific community s treatment of them were influenced by their gender *Sister Novelists* Devoney Looser,2022-10-25 Choice Outstanding Academic Title 2023 For readers of *Prairie Fires* and *The Peabody Sisters* a fascinating insightful biography of the most famous sister novelists before the Bront s Before the Bront sisters picked up their pens or Jane Austen s heroines Elizabeth and Jane Bennet became household names the literary world was celebrating a different pair of sisters Jane and Anna Maria Porter The Porters exact contemporaries of Jane Austen were brilliant attractive self made single women of polite reputation who between them published 26 books and achieved global fame They socialized among the rich and famous tried to hide their family s considerable debt and fell dramatically in and out of love Their moving letters to each other confess every detail Because the celebrity sisters expected their renown to live on they preserved their papers and the secrets they contained for any biographers to come But history hasn t been kind to the Porters Credit for their literary invention was given to their childhood friend Sir Walter Scott who never publicly acknowledged the sisters works as his inspiration With Scott s more prolific publication and even greater fame the Porter sisters gradually fell from the pinnacle of celebrity to eventual obscurity Now Professor Devoney Looser a Guggenheim fellow in English Literature sets out to re introduce the world to the authors who cleared the way for Austen Mary Shelley and the Bront sisters Capturing the Porter sisters incredible rise from when Anna Maria published her first book at age 14 in 1793 through to Jane s fall from the pinnacle of fame in the Victorian era and then to the auctioning off for a pittance of the family s massive archive *Sister Novelists* is a groundbreaking and enthralling biography of two pioneering geniuses in historical fiction **Journey** Ursula Lily Halcoop,2012-07-01 It s Maria Levy s tenth birthday February 27th 1933 Her little brother Fritz and her parents are anxious to help celebrate her special day But what would otherwise be a happy occasion for a little girl becomes marred by the burning of Reichstag the German Parliament in Berlin The rise of Hitler s Nazi party bodes ill for many citizens including Maria and Fritz s parents Their Uncle Herbert decides to immigrate to America with his family but the Levy family chooses to stay hoping that the madness which surrounds them will soon come to an end No work and little food puts a strain on the poverty stricken family but news of a job brings hope and they are escorted to a train station Their hope soon turns to horror as they realize the job was only a ruse and they are soon headed directly to a camp With no other option and a heavy heart Maria and Fritz s parents bundle them up in their own coats bid them to search for their cousin Alfred and throw them off the slow moving train This is where their Journey begins **A Psychoanalytic Reflection on Narcissistic Parenthood and its Ramifications** Hila Yahalom,2024-07-22 A Psychoanalytic Reflection on Narcissistic Parenthood and its Ramifications The Forgotten Echo proposes a new perspective on narcissism focusing on its destructive impact within relationships Hila

Yahalom discusses the patterns and ramifications of traumatizing upbringing by narcissistic parents exploring the resulting development of a defensive behavioral pattern and personality structures in the child which constitutes a mirror image of narcissism Yahalom assesses a wide range of psychoanalytic theories in presenting a broad outlook on narcissism its roots and the manner by which pathological narcissism may manifest in interpersonal relationships as narcissistic abuse This book considers the narcissist's perverted occupation of the psychic space of others with both participants usually blind to the phenomenon a blindness that is reenacted in therapy affecting its course This book contains clinical vignettes from the author's work as well as examples from the life stories of Heinz Kohut Mr Z Franz Kafka and Maria Callas A Psychoanalytic Reflection on Narcissistic Parenthood and its Ramifications The Forgotten Echo will be of great interest to psychoanalysts and other clinicians working with narcissism parenthood and dysfunctional family relationships *Fashionable Follies* Joseph Hutton, 1815 **Fashionable Follies a comedy, in five acts [and in prose].** Joseph HUTTON (Dramatic Writer.), 1815 **Representative Plays by American Dramatists** Montrose Jonas Moses, 1925 In three volumes v 2 1815 1858 *Harper's New Monthly Magazine*, 1879 **Shakespeare's Auditory Worlds** Walter W. Cannon, Laury Magnus, 2020-10-27 Inspired by the verbal exuberance and richness of all that can be heard by audiences both on and off Shakespeare's stages Shakespeare's Auditory Worlds examines such special listening situations as overhearing eavesdropping and asides It breaks new ground by exploring the complex relationships between sound and sight dialogue and blocking dialects and other languages re voicings and finally nonverbal or metaverbal relationships inherent in noise sounds and music staging interstices that have been largely overlooked in the critical literature on aurality in Shakespeare Its contributors include David Bevington Ralph Alan Cohen Steve Urkowitz and Leslie Dunn and in a concluding Virtual Roundtable section six seasoned repertory actors of the American Shakespeare Center as well who discuss their nuanced hearing experiences on stage Their hearing invites us to understand the multiple dimensions of Shakespeare's auditory world from the vantage point of actors who are listening in the round to what they hear from their onstage interlocutors from offstage and backstage cues from the musicians galleries and often most interestingly from their audiences **Reports of Decisions in Probate** California. Superior Court (San Francisco). Probate Department, James Vincent Coffey, Peter V. Ross, 1916 **Benjamin Disraeli and John Murray** Regina Akel, 2016 This is a well written and seriously researched book that proposes fresh interpretations of significant people and historical and literary events of the early nineteenth century at the same time it unveils a few literary mysteries such as the origin purpose and effects of Benjamin Disraeli's first novel Vivian Grey **The Scots Magazine, Or, General Repository of Literature, History, and Politics**, 1797 Reports of Decisions in Probate California. Superior Court (San Francisco City and County). Probate Dept, California. Superior court (San Francisco. Dominion Monthly, 1871 **Dative constructions in Romance and beyond** Anna Pineda, Jaume Mateu, 2020 This book offers a comprehensive account of dative structures across languages with an important though not exclusive focus on the Romance family As is well known datives play a central role in a variety of structures ranging from ditransitive constructions to cliticization of indirect objects and differentially marked direct objects and including also psychological predicates possessor or causative constructions among many others As interest in all these topics has increased significantly over the past three decades this volume provides an overdue update on the state of the art Accordingly the chapters in this volume account for both widely discussed patterns of dative constructions as well as those that are relatively unknown *Unique Focus* Marina Stoyanova, 2008-04-10 This monograph focuses on an interesting typological property shared by four languages the ungrammaticality of multiple wh questions in Irish Berber Italian and Somali It contains a broad discussion of data related to the grammar of wh questions a comparative analysis of wh constructions in the four languages and a theoretical account for the observed phenomenon The analysis is based on the minimalist syntax theory as developed by Chomsky since 1995 It takes up the standard assumption that wh phrases are typical representatives of elements bearing new information in theoretical terms referred to as information focus Most importantly in the languages without multiple wh questions the information focus is licensed in a unique syntactic position The basic claim is that languages with unique focus are languages without multiple wh questions The analysis makes possible the classification of the languages without multiple wh questions into the crosslinguistic typology of wh constructions Furthermore this book is a contribution to the better understanding of information structure in natural languages especially of focusing phenomena
