Moran,2012-09-01 By comparing institutions in Hawai i and Louisiana designed to incarcerate individuals with a highly stigmatized disease Colonizing Leprosy provides an innovative study of the complex relationship between U S imperialism and public health policy in the late nineteenth and early twentieth centuries Focusing on the Kalaupapa Settlement in Moloka i and the U S National Leprosarium in Carville Michelle Moran shows not only how public health policy emerged as a tool of empire in America s colonies but also how imperial ideologies and racial attitudes shaped practices at home Although medical personnel at both sites considered leprosy a colonial disease requiring strict isolation Moran demonstrates that they adapted regulations developed at one site for use at the other by changing rules to conform to ideas of how natives and Americans should be treated By analyzing administrators decisions physicians treatments and patients protests Moran examines the roles that gender race ethnicity and sexuality played in shaping both public opinion and health policy Colonizing Leprosy makes an important contribution to an understanding of how imperial imperatives public health practices and patient activism informed debates over the constitution and health of American bodies **Leaves from the Annals of the Sisters of Mercy. Kenrick,Marc Antony Frenaye,1920 **Faith Finding a Voice** Cardinal Vincent Nichols,2018-04-05 In Faith Finding a Voice Cardinal Vincent Nichols invites us to join him in an exploration of the presence of God in our lives How might we attune our ears to listen with greater attention to the voice of God through Scripture the teachings of the Church divine worship and the exercise of Caritas How might the gift of faith be realised in our lives in order that an authentic voice might be heard through our words and actions The reader is encouraged to reflect upon the mystery of the Triune God revealed to humanity and seen uniquely in Jesus Christ Drawing primarily upon the altarpiece The Nativity with Saints by Pietro Orioli

Cardinal Vincent shows how by following the way and ministry of Jesus we are drawn into union with the divine now and for all eternity Through this vision the Cardinal advocates the necessity of theological and religious literacy for the common good of society This engagement encourages us to nourish the seeds of hope and to strive to build a more peaceful world through inter faith dialogue Such dialogue is enhanced the Cardinal believes through the baptised faithful understanding their role as missionary disciples Pope Francis Evangelii Gaudium 120 The ministries of the Church are portrayed as an interlocking framework in which the unity of the faithful may glorify God and serve humanity through the voice of evangelization

Edith Stein and Companions P. W. F. M. Hamans, 2010-01-01 On the same summer day in 1942 Saint Teresa Benedicta of the Cross Edith Stein and hundreds of other Catholic Jews were arrested in Holland by the occupying Nazis One hundred thirteen of those taken into custody several of them priests and nuns perished at Auschwitz and other concentration camps They were murdered in retaliation for the anti Nazi pastoral letter written by the Dutch Catholic bishops While Saint Teresa Benedicta is the most famous member of this group having been canonized by Pope John Paul II in 1998 all of them deserve the title of martyr for they were killed not only because they were Jews but also because of the faith of the Church which had compelled the Dutch bishops to protest the Nazi regime Through extensive research in both original and secondary sources P W F M Hamans has compiled these martyrs biographies several of them detailed and accompanied by photographs Included in this volume are some remarkable conversion stories including that of Edith Stein the German philosopher who had entered the Church in 1922 and later became a Carmelite nun taking the name Sister Teresa Benedicta of the Cross Several of the witnesses chronicled here had already suffered for their faith in Christ before falling victim to Hitler s Final Solution enduring both rejection by their own people including family members and persecution by the so called Christian society in which they lived Among these were those who also like Sister Teresa Benedicta perceived the cross they were being asked to bear and accepted it willingly for the salvation of the world Illustrated Katharine Drexel and the Sisters Who Shared Her Vision McGuinness, Margaret M., Although Katharine Drexel has been the subject of several biographies they have tended to treat her as a perfect human being whom the Church later transformed into a saint Katherine and the Sisters Who Shared Her Vision moves beyond the story of the heiress s individual life devoted to God and shines a light on the work she did assisted by the Sisters of the Blessed Sacrament Drexel could have lived comfortably wealthy and privileged as a Philadelphia philanthropist but chose to found a religious congregation of women dedicated to working within Black and Indigenous communities without receiving the bulk of the money left by Drexel s father The author s careful examination of the work Drexel and her Sisters accomplished in Philadelphia and elsewhere shows impacts on the Church while also revealing racial issues at work in the story This brings a critical perspective to Drexel s ministry to further our understanding of the Black Catholic community and renew our commitment to the difficult ongoing conversation about race in America

England Normandy and Wales but his rule is far from secure He faces treacherous assassination attempts and rebellion Nuns and bards are tasked as spies to carry dangerous messages across the kingdom The Welsh noblewoman Nest ferch Rhys is settled in Wales with her Norman husband but her brother is gathering support to reclaim his kingdom and another Welsh prince has not forgotten that he was once betrothed to marry Nest While dissent grows a secret passion is revealed and Nest and her Cambro Norman children are placed in dire peril Nest ferch Rhys is embedded in Norman society but where do her heart and loyalty belong and who can she trust Book II in the Conquest trilogy centring on Nest ferch Rhys and the reign of King Henry I The drawbridge came down and I ventured in I was not disappointed The Book Trail **Carville's Cure:**

Leprosy, Stigma, and the Fight for Justice Pam Fessler, 2020-07-14 The unknown story of the only leprosy colony in the continental United States and the thousands of Americans who were exiled hidden away with their shameful disease The Mississippi River between Baton Rouge and New Orleans curls around an old sugar plantation that long housed one of America's most painful secrets Locals knew it as Carville the site of the only leprosy colony in the continental United States where generations of afflicted Americans were isolated often against their will and until their deaths Following the trail of an unexpected family connection acclaimed journalist Pam Fessler has unearthed the lost world of the patients nurses doctors and researchers at Carville who struggled for over a century to eradicate Hansen's disease the modern name for leprosy Amid widespread public anxiety about foreign contamination and contagion patients were deprived of basic rights denied the right to vote restricted from leaving Carville and often forbidden from contact with their own parents or children Neighbors fretted over their presence and newspapers warned of their dangerous condition which was seen as a biblical curse rather than a medical diagnosis Though shunned by their fellow Americans patients surprisingly made Carville more a refuge than a prison Many carved out meaningful lives building a vibrant community and finding solace brotherhood and even love behind the barbed wire fence that surrounded them Among the memorable figures we meet in Fessler's masterful narrative are John Early a pioneering crusader for patients rights and the unlucky Landry siblings all five of whom eventually called Carville home as well as a butcher from New York a 19 year old debutante from New Orleans and a pharmacist from Texas who became the voice of Carville around the world Though Jim Crow reigned in the South and racial animus prevailed elsewhere Carville took in people of all faiths colors and backgrounds Aided by their heroic caretakers patients rallied to find a cure for Hansen's disease and to fight the insidious stigma that surrounded it Weaving together a wealth of archival material with original interviews as well as firsthand accounts from her own family Fessler has created an enthralling account of a lost American history In our new age of infectious disease Carville's Cure demonstrates the necessity of combating misinformation and stigma if we hope to control the spread of illness without demonizing victims and needlessly destroying lives **The Science of the Cross** Edith Stein, 2002 Overview To help celebrate the fourth centenary of the birth of St John of the Cross in 1542 Edith Stein received the task of preparing a study of his writings She uses her skill as a philosopher to

enter into an illuminating reflection on the difference between the two symbols of cross and night Pointing out how entering the night is synonymous with carrying the cross she provides a condensed presentation of John s thought on the active and passive nights as discussed in *The Ascent of Mount Carmel* and *The Dark Night* All of this leads Edith to speak of the glory of resurrection that the soul shares through a unitive contemplation described chiefly in *The Living Flame of Love* In the summer of 1942 the Nazis without warrant took Edith away The nuns found the manuscript of this profound study lying open in her room Because of the Nazis merciless persecution of Jews in Germany Edith Stein traveled discreetly across the border into Holland to find safe harbor in the Carmel of Echt But the Nazi invasion of Holland in 1940 again put Edith in danger The cross weighed down heavily as those of Jewish birth were harassed Sr Teresa Benedicta of the Cross s superiors then assigned her a task they thought would take her mind off the threatening situation The fourth centenary of the birth of St John of the Cross 1542 was approaching and Edith could surely contribute a valuable study for the celebration It is no surprise that in view of her circumstances she discovered in the subject of the cross a central viewpoint for her study A subject like this enabled her to grasp John s unity of being as expressed in his life and works Using her training in phenomenology she helps the reader apprehend the difference in the symbolic character of cross and night and why the night symbol prevails in John She clarifies that detachment is designated by him as a night through which the soul must pass to reach union with God and points out how entering the night is equivalent to carrying the cross Finally in a fascinating way Edith speaks of how the heart or fountainhead of personal life an inmost region is present in both God and the soul and that in the spiritual marriage this inmost region is surrendered by each to the other She observes that in the soul seized by God in contemplation all that is mortal is consumed in the fire of eternal love The spirit as spirit is destined for immortal being to move through fire along a path from the cross of Christ to the glory of his resurrection The Science of the Cross Saint Edith Stein, Josephine Koeppel OCD, 2002-03-10 To help celebrate the fourth centenary of the birth of St John of the Cross in 1542 Edith Stein received the task of preparing a study of his writings She uses her skill as a philosopher to enter into an illuminating reflection on the difference between the two symbols of cross and night Pointing out how entering the night is synonymous with carrying the cross she provides a condensed presentation of John s thought on the active and passive nights as discussed in *The Ascent of Mount Carmel* and *The Dark Night* All of this leads Edith to speak of the glory of resurrection that the soul shares through a unitive contemplation described chiefly in *The Living Flame of Love* In the summer of 1942 the Nazis without warrant took Edith away The nuns found the manuscript of this profound study lying open in her room

An emotionally riveting novel for fans of Ibi Zoboi and Erika L Sanchez about two sisters in Nigeria on their journey to break free of an oppressive home Sisters Cheta and Zam couldn't be more different Cheta sharp tongued and stubborn never shies away from conflict either at school or at home where her mother fires abuse at her Timid Zam escapes most of her mother's anger skating under the radar and avoiding her sister whenever possible In a turn of good fortune Zam is invited to live with her aunt's family in the lap of luxury Jealous Cheta also leaves home but to a harder existence that will drive her to terrible decisions When the sisters are reunited Zam alone will recognize just how far Cheta has fallen and Cheta's fate will rest in Zam's hands Debut author Rimma Onoseta deftly explores classism colorism cycles of abuse how loyalty doesn't always come attached to love and the messy truths that sometimes family is not a source of comfort and that morality is all shades of grey
