How to Talk to an Alien Nancy du Tertre, 2015-10-19 Even for nonbelievers the author's palpable excitement over the subject matter is endearing and entertaining Ufologists won't want to miss this work Foreword Reviews In 1972 American astronomer and ufologist J Allen Hynek first coined the term close encounter He also identified three types of close encounters with UFOs Since then several more types of encounters have been proposed A close encounter of the fourth kind is an alien abduction A closer encounter of the fifth kind is voluntary bilateral contact with an alien species We are no longer just looking at strange flying objects in the skies now we are beginning to interact with the actual pilots crew and passengers Do aliens exist In 2013 one poll showed that nearly half of all Americans 48 percent believe UFOs may be a sign of extraterrestrial visitation another found that 10 percent of Americans claim to have actually witnessed an actual UFO and yet another showed that 29 million Americans believe they had actually been abducted by aliens If aliens exist and are visiting us we need to talk Who will speak to them on behalf of planet Earth Who can translate their intentions good or evil toward the human race How can we learn about their advanced technologies Can aliens speak human languages These and even more fascinating questions are all addressed in How to Talk to an Alien Nancy du Tertre covers the various considerations involved with extraterrestrial communication including the use of alien technology ET linguistics and the possibility of using telepathy and dreams Her handbook for the future should be on every thinking person's bookshelf Jim Marrs New York Times bestselling author
