into a war that was informed by racial antagonisms This book examines sporting relations between Australia and seven Asian countries China Japan India Netherlands East Indies Philippines Malaya and Singapore and a range of sports including rugby football swimming hockey boxing cricket and tennis This book was published as a special issue of Sport in Society New Directions in Sport History Duncan Stone, John Hughson, Rob Ellis, 2017-10-02 Emerging from the history from below movement sport history was marginalised for decades by those working within more traditional historical fields and institutions Although a degree of ignorance still exists sport history has now acquired a level of credibility through the dedicated work of professional historians And yet as this authority has been established changes to UK higher education funding the removal of direct state funding the Research Excellence Framework and tuition fees and academic publishing open access have the potential to damage or even end sports research This book examines sport history from a variety of perspectives Do mainstream historians need to engage or play with sports historians Has the postmodernist cultural turn in sports history been helpful to the sub discipline How can the teaching of sports studies be more innovative and inspiring How can oral history and sport history be utilised in the study of other branches of historical interest Although changes are required in dealing with the current political reality of UK higher education sport history still has a great deal to offer students future employers and the public alike This book was originally published as a special issue of the International Journal of the History of Sport **Wales on This Day** Huw Rees, Sian Kilcoyne, 2022-10-20 Discover 366 fun and surprising stories about Wales each linked to a specific day of the year Did you know that the recipe of Tennessee s famous Jack Daniel s whiskey is rumoured to have originated in Llanelli or that the world s first radio play was set in a Welsh coal mine Why was a showing of the Jurassic Park film in Carmarthen so special and how is Rupert Bear connected to Snowdonia Delve in to discover the stories that most history books leave out *The Master* Sean Fagan, Dally Messenger, 2011-09-01 Dally Messenger was an Australian sporting superstar in the early years of the 20th century a rugby league icon rugby union champion and the most popular sporting personality of this day He was courted by all codes in that heady period of the early 1900s when rugby league and Australian rules were fighting to become the dominant winter sport He represented Australia in rugby league and rugby union and also represented New Zealand in rugby league Thousands flocked to the grounds when he was playing and he is revered as an icon in rugby league to this very day The Master is a popular and authoritative account of the life and times of a superlative sportsman a tribute to a rugby league player without peer and an inspiring story for all those who would marvel at this sporting excellence and outstanding achievements *Now You Know Big Book of Sports* Doug Lennox, 2009-09-07 Ever wonder where the figure skating terms axel salchow and lutz came from Or why a curling tournament is called a brier And how about a haymaker in boxing or a high five in any sport Well Doug Lennox the world champion of trivia is back to score touchdowns hit homers and knock in holes in one every time with a colossal compendium of Q A athletics that has all anyone could possibly want to know from archery and cycling to skiing and
