*The Dynamic Laws of Prosperity* Catherine Ponder, 2016-05-27 There s Gold Dust in the Air for You This book is the result of several recent recessions and many years of lean living Nobody likes recessions and nobody likes lean living and indeed nobody should like them For fifteen years I tried to find such a book as this one During those years of searching the book shelves I found that there are many books which give various success ideas but in none of them did I find a set of compact simple laws for assuring success Years ago a salesman used the power of prosperous thinking although he may not consciously been aware of it When people asked him How s business he always gave this

standard answer Business is wonderful because there s gold dust in the air For him it certainly seemed to be so every contact became a sale After a while whenever his name was mentioned people always said Yes everything he touches turns to gold
