Korea The Past And The Present Selected Papers From The British Abociation For Korean:

Korea Susan Pares,2008 **Korea: The Past and the Present (2 vols)** ,2008-01-31 Established in 1982 the British Association for Korean Studies has published nine sets of Papers in the period 1991 2005 the outcome of conferences study days and workshops The themes of Korea past and Korea present were selected to give the editors and BAKS council the widest choice of options in terms of scholarship subject matter and interest **Jim Dator: A Noticer in Time** Jim Dator,2019-08-19 This book features a selection of the published writings and public presentations of Jim Dator Most of the chapters are directly concerned with futures studies and ideas about the futures The topic covers many disciplines and subjects It is also concerned with many different parts of the world even Mars In addition a few of the earlier papers contained here are about more conventional topics in politics and religion The collection spans a more than 50 year period of thought reflection and instruction In particular the papers examine six main topics These include meditations on the very nature of future studies visions of preferred futures ideas about alternative futures and details on future theories and methods Coverage also considers such specific topics as AI and robots the environment food culture energy families future generations and more Overall these papers help readers gain insight into what it takes to weave together alternative images of the future in useful ways They also reveal cross disciplinary patterns in key fields of human endeavor that will help readers better understand trends and emerging issues Living Make-Belief: Thriving in a Dream Society Jim Dator,2024-05-27 This book shows how multiple developments have caused the world to move from an information society to a dream society Ongoing social and technological forces are pushing us from a world of words rationality and truth into a world of images performance and make belief Rather than deny or reject this transformation this book argues that one should understand and embrace it as waves of new futures that the world must strive to surf for fame and fun As a political scientist and futurist the author also offers hints of new goals and forms of governance fit for a dream society as he demonstrates that all current systems are ineffective and dangerously obsolete This book is of great interest to political philosophers futures scientists sociologists and those interested in cultural studies *Historical Dictionary of Democratic People's Republic of Korea* James E. Hoare,2019-09-04 This second edition of Historical Dictionary of Democratic People s Republic of Korea contains a chronology an introduction and an extensive bibliography The dictionary section has over 400 cross referenced entries on important personalities politics economy foreign relations religion and culture **Silla** Soyoung Lee,Denise Patry Leidy,2013 The Silla Kingdom which flourished in Korea from 57 B C to 935 A D is known for its intricately crafted ornaments many in resplendent gold and for the creation of prominent Buddhist temples Silla focuses on the striking artistic traditions of the Old and Unified Silla Kingdoms 4th 8th century and is the first publication in English to explore the artistic and cultural legacy of this ancient realm Among the topics explored are Korea s position as the eastern culmination of the Silk Road in the first millennium A D and the character and evolution of Buddhism as illuminated by objects from major

monuments temples and tombs The book also presents new research about Silla's ancient capital Gyeongju which is known for the Gyerim-ro Dagger as well as the pottery glass and beads discovered in tombs located there Publisher's description

Mutative Media James A. Dator, John A. Sweeney, Aubrey M. Yee, 2014-09-09 Mutative Media is a sweeping examination of how communication technologies have contributed to changes in people's thoughts and actions and thus in the power structures of societies in the past at present and in four alternative futures We start by surveying what is generally known about the emergence of human language and speech that has enabled humans to extend their organizing abilities beyond that of other hominids We then review research on the emergence of signs symbols and eventually writing which led to new ways of thinking acting and organizing in scribal societies and vastly extended human influence globally We consider the impact of the printing press in Europe the Middle East China and Korea that led to various ways of thinking and organizing in modern societies and conclude our historical survey with a discussion of the emergence and impact of electric and electronic communication technologies from the nineteenth century to the present After a brief overview of what futures studies is and is not based on our extensive experience in the field we present four generic alternative futures and discuss a prototype of a hybrid mixed reality game designed to enable players to experience the power and potential of new communication technologies within four very different environments and conditions We think you will be intrigued by our surprising findings and what they may mean for future generations [International Journal of Religion - Volume 1, Number 1 - November 2020](#)
