La Bete Humaine World Classics Paperback:

La Bête humaine Émile Zola, 2009-01-29 Did possessing and killing amount to the same thing deep within the dark recesses of the human beast *La Bête humaine* 1890 is one of Zola's most violent and explicit works On one level a tale of murder passion and possession it is also a compassionate study of individuals derailed by atavistic forces beyond their control Zola considered this his most finely worked novel and in it he powerfully evokes life at the end of the Second Empire in France where society seemed to be hurtling into the future like the new locomotives and railways it was building While expressing the hope that human nature evolves through education and gradually frees itself of the burden of inherited evil he is constantly reminding us that under the veneer of technological progress there remains always the beast within This new translation captures Zola's fast paced yet deliberately dispassionate style while the introduction and detailed notes place the novel in its social historical and literary context ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more *La D?b?cle* Émile Zola, 2017-06-15 My title speaks not merely of war but also of the crumbling of a regime and the end of a world mile Zola The penultimate novel of the Rougon Macquart cycle *La D b cle* 1892 takes as its subject the dramatic events of the Franco Prussian War and the Commune of 1870 1 During Zola's lifetime it was the bestselling of all his novels praised by contemporaries for its epic sweep as well as for its attention to historical detail *La D b cle* seeks to explain why the Second Empire ended in a crushing military defeat and revolutionary violence It focuses on ordinary soldiers showing their bravery and suffering in the midst of circumstances they cannot control and includes some of the most powerful descriptions Zola ever wrote Zola skilfully integrates his narrative of events and the fictional lives of his characters to provide the finest account of this tragic chapter in the history of France Often compared to *War and Peace* *La D b cle* has been described as a seminal work for all modern depictions of war Encounter , 1987 *Subject Catalog* Library of Congress, 1978

Candide and Other Stories Voltaire, 2006-06-08 If this is the best of all possible worlds then what must the others be like Young *Candide* is tossed on a hilarious tide of misfortune experiencing the full horror and injustice of this best of all possible worlds the Old and the New before finally accepting that his old philosophy tutor Dr Pangloss has got it all wrong There are no grounds for his daft theory of Optimism Yet life goes on We must cultivate our garden for there is certainly room for improvement *Candide* is the most famous of Voltaire's philosophical tales in which he combined witty improbabilities with the sanest of good sense First published in 1759 it was an instant bestseller and has come to be regarded as one of the key texts of the Enlightenment What *Candide* does for chivalric romance the other tales in this selection *Micromegas* *Zadig* *The Ingenu*

and The White Bull do for science fiction the Oriental tale the sentimental novel and the Old Testament This new edition also includes a verse tale based on Chaucer's The Wife of Bath's Tale in which we discover that most elusive of secrets What Pleases the Ladies ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more Books in Print, 1994 *Time Out Film Guide*, 2007 The Publishers' Trade List Annual, 1985 **A Life** Guy de Maupassant, 1999-06-03 every heart imagines itself the first to thrill to a myriad sensations which once stirred the hearts of the earliest creatures and which will again stir the hearts of the last men and women to walk the earth What is a life How shall a storyteller conceive a life What if art means pattern and life has none How then can any story be true to life These are some of the questions which inform the first of Maupassant's six novels *A Life* Une Vie 1883 in which he sought to parody and expose the folly of romantic illusion An unflinching presentation of a woman's life of failure and disappointments where fulfilment and happiness might have been expected *A Life* recounts Jeanne de Lamare's gradual lapse into a state of disillusion With its intricate network of parallels and oppositions *A Life* reflects the influence of Flaubert in its attention to form and its coherent structure It also expresses Maupassant's characteristic naturalistic vision in which the satire of bourgeois manners the representation of the aristocracy in pathological decline the undermining of human individuality and ideals and the study of deterioration and disintegration all play a role But above all Maupassant brings to his first novel the short story writer's genius for a focused tension between stasis and change and *A Life* is one of his most compelling portraits of dispossession and powerlessness ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more **Classic French Noir** Deborah Walker-Morrison, 2018-10-18 French film noir has long been seen as a phenomenon distinct from its Hollywood counterpart This book an innovative departure from conventional noir scholarship now adopts a biocultural approach to exploring the French genre through the years 1941-1959 Chapters reveal noir as a product of the social and cultural factors at play in occupied liberated and post-war France marked by malaise at military defeat Nazi collaboration and the impact of industrialisation Furthermore the book uncovers the evolutionary mechanisms of sexuality and reproduction beneath the national context that drive gendered behaviour on screen During this period for example the emerging urgent demand for population growth coupled with the severe shortage of eligible males rendered the mating game particularly perilous for traditional women beginning to enter the workplace This explains the cynical yet seductive behaviour of the femme fatale Deborah Walker-Morrison focuses on the dangerous often

deadly desires of an array of male and female character types moving past the celebrated fatal femme to tragic heroines psychopathic narcissists fatal hommes and gangster anti heroes The book re examines productions by directors such as Henri Georges Clouzot Jacques Becker and Jules Dassin and pulls together strands of sociological biological psychological and evolutionary science to create an illuminating study of the intense human passions underlying the cut throat world of noir

Mists of Regret Dudley Andrew, 2021-11-09 Just before World War II French cinema reached a high point that has been dubbed the style of poetic realism Working with unforgettable actors like Jean Gabin and Arletty directors such as Renoir Carn Gremillon Duvivier and Chenal routinely captured the prizes for best film at every festival and in every country and their accomplishments led to general agreement that the French were the first to give maturity to the sound cinema Here the distinguished film scholar Dudley Andrew examines the motivations and consequences of these remarkable films by looking at the cultural web in which they were made Beyond giving a rich view of the life and worth of cinema in France Andrew contributes substantially to our knowledge of how films are dealt with in history Where earlier studies have treated the masterpieces of this era either in themselves or as part of the vision of their creators and where certain recent scholars have reacted to this by dissolving the masterpieces back into the system of entertainment that made them possible Andrew stresses the dialogue of culture and cinema In his view the films open questions that take us into the culture while our understanding of the culture gives energy direction and consequence to our reading of the films The book demonstrates the value of this hermeneutic approach for one set of texts and one period but it should very much interest film theorists and film historians of all sorts

Jean Gabin Joseph Harriss, 2023-02-28 Jean Gabin was more than just a star of iconic movies To many he was France itself This biography traces his involvement in the r ealisme po etique and film noir movements of the 1930s and 1940s his Hollywood years his role in the World War II liberation of France his affairs and his real life role as a farmer
