Gabriel Fauré?The Songs and their Poets Graham Johnson, 2017-07-05 The career of Gabriel Fauré's a composer of songs for voice and piano traverses six decades 1862-1921 almost the whole history of French music is contained within these parameters In the 1860s Fauré the lifelong protégé of Camille Saint-Saëns was a suavely precocious student he was part of Pauline Viardot's circle in the 1870s and he nearly married her daughter Pointed in the direction of symbolist poetry by Robert de Montesquiou in 1886 Fauré as the favoured composer from the early 1890s of Winifred Singer later Princesse de Polignac and his songs were revered by Marcel Proust In 1905 he became director of the Paris Conservatoire and he composed his most profound music in old age His existence steadily productive and outwardly imperturbable was undermined by self-doubt an unhappy marriage and a tragic loss of hearing In this detailed study Graham Johnson places the vocal music within twin contexts Fauré's own life story and the parallel lives of his many poets We encounter such giants as Charles Baudelaire and Paul Verlaine the patrician Leconte de Lisle the forgotten Armand Silvestre and the Belgian symbolist

Charles Van Lerberghe The chronological range of the narrative encompasses Faur first poet Victor Hugo who railed against Napoleon III in the 1850s and the last Jean de La Ville de Mirmont killed in action in the First World War In this comprehensive and richly illustrated study each of Faur 109 songs receives a separate commentary Additional chapters for the student singer and serious music lover discuss interpretation and performance in both aesthetical and practical terms Richard Stokes provides parallel English translations of the original French texts In the twenty first century musical modernity is evaluated differently from the way it was assessed thirty years ago Faur s no longer merely a Master of Charms circumscribed by the belle que His status as a great composer of timeless

Selected Poems [of] Verlaine Paul Verlaine,1974 A collection of poems by French poet Paul Verlaine *The Faure Song Cycles* Stephen Rumph,2020-09-29 Gabriel Faur s m lodies offer an inexhaustible variety of style and expression that have made them the foundation of the French art song repertoire During the second half of his long career Faur composed all but a handful of his songs within six carefully integrated cycles Faur moved systematically through his poetic contemporaries exhausting Baudelaire s Les fleurs du mal before immersing himself in the Parnassian poets He would set nine poems by Armand Silvestre in swift succession 1878 84 seventeen by Paul Verlaine 1887 94 and eighteen by Charles Van Lerberghe 1906 14 As an artist deeply engaged with some of the most important cultural issues of the period Faur reimagined his musical idiom with each new poet and school and his song cycles show the same sensitivity to the poetic material Far more than Debussy Ravel or Poulenc he crafted his song cycles as integrated works reordering poems freely and using narratives key schemes and even leitmotifs to unify the individual songs The Faur Song Cycles explores the peculiar vision behind each synthesis of music and verse revealing the astonishing imagination and insight of Faur s musical readings This book offers not only close readings of Faur s musical works but an interdisciplinary study of how he responded to the changing schools and aesthetic currents of French poetry

Paul Verlaine and the Decadence, 1882-90 Philip Stephan,1974 **Song Beyond the Nation** Philip Ross Bullock,Laura Tunbridge,2021-05-20 This book challenges that assumption by exploring the ways in which song crosses national borders Whether by incorporating foreign canons of poetry alongside native ones or conveying literature across linguistic borders through acts of performance song functions as a means of translation

Barker,2016-04-15 Antoine de Chandieu 1534 1591 was a key figure in the establishment and development of the French Protestant Church Of all its indigenous leaders he was perhaps closest to Calvin and took a leading role in all the major debates about resistance church order and doctrine of the Church He was also a prodigious writer of political religious and poetical works whose output corresponds to a period of great turmoil in the progress of the French Church Chandieu was uniquely placed not merely to engage and contribute to the great debates of the day but also to record ongoing events By illuminating his career which meshed almost exactly with the French Wars of Religion this book not only demonstrates the key role Chandieu s played in the development of French Protestantism but also highlights the vital role of literature in shaping the religious experience of the wars Offering the first systematic evaluation of Chandieu s vernacular works this study questions many of the assumptions made about his motivations and aims and how these developed over a thirty year period His writings were contemporaneous with progress in the worlds of politics theology and poetry worlds in which he played a notable if not well documented role As a corpus these works show the development of one man s understanding of his ideology over a lifetime actively spent in the pursuit of making that ideology a reality Chandieu the young political hothead became Chandieu the defender of Calvinist theology who in turn matured into Chandieu the elder statesman The interest lies in where these changes occurred how they were reflected in Chandieu s writing and what they demonstrate about being Calvinist and a representative of one s faith in a time of disorder As such this book provides not only a reappraisal of the man and his publications but presents an intriguing perspective on the development of French Protestantism during this turbulent time **Verlaine** A.E. Carter,1969-12-15 The contradictions of Verlaine s nature are mirrored in his verse which is alternately mystic sensuous exquisite and prosaic He had extraordinary lyric powers he was a

master of eerie harmonies such as few other poets have achieved and in *Sagesse* he produced religious verse which challenges comparison with the very best of its kind Yet here and there can be found a curious weakening in the texture of thought and inspiration he turns and twists takes flight seeks reassurance in platitude and convention marriage dogmatic theology reactionary political creeds He is even capable of lamenting as Rimbaud shows him in *Une Saison en Enfer* the emotional and poetic experiments which give his work its supreme value It is almost as though he were afraid of his own talent The explanation as far as there is one lies in a combination of personality and circumstance This biography attempts to explore the parallels Verlaine's own term between his life and his poetry Nearly everything he produced whether good or bad was a reflection of some crisis of thought or feeling No one demonstrates better than Verlaine the antinomies between the artist and his work between the man and the genius and in every case we are obliged to admit that the one explains the other Without the weakness and the squalor we might indeed have had a rational human being and a good husband for Mathilde Maut but we should have had no poet or no poet like Paul Verlaine Professor Carter concentrates on the combination of Verlaine's personality and experiences that produced some of the most brilliant poetry in the French language The result is one of the best critical biographies of Verlaine published to date

A Chronicle of First Broadcast Performances of Musical Works in the United Kingdom, 1923-1996 Alastair Mitchell, 2019-06-04 First published in 2001 this work provides detailed information taken from the Programmes as Broadcast daily log of output held at the BBC Written Archives Centre in Caversham Arranged in chronological order entries are given for broadcasts of first performances of musical works in the United Kingdom and include details of the date of the broadcast the composer the title of the work performers and conductor In addition to its usefulness as a reference tool the Chronicle enables us to gauge the trends in twentieth century British musical life and the role of the BBC in their promotion
