
9. Third World Approaches to International Law (TWAIL) and the environment

*Usha Natarajan**

1. INTRODUCTION

The natural environment and its governance through law have a long history in the global South. As in the global North, nature has been regulated since ancient times through complex plural regimes of sovereign, religious, customary and tribal laws, and in more recent times colonial, state, regional, transnational and international laws. This chapter specifically examines how international lawyers that are part of the Third World Approaches to International Law (TWAIL) movement have approached environmental issues and international environmental law. As I am part of this movement and have focused on the environment in recent years, this chapter is a self-reflective critique on a subject of increasing interest within TWAIL. Section 2 introduces TWAIL and explains our continued usage of the term Third World despite allegations of its being anachronistic. Section 3 examines TWAIL and the environment through division into three phases: first, the period following independence, particularly the 1960s and 1970s, where Third World international lawyers prioritized natural resource governance; second, the inauguration of the acronym TWAIL in the 1990s and a movement that remained largely sceptical of and disengaged from international environmental law; and third, the contemporary moment with the resurgence of interest in the environment within TWAIL.

TWAIL is a large and growing network of scholars encompassing diverse approaches to the environment that have evolved over time. TWAIL scholars self-describe as a movement more frequently than a method. While

Post-revolutionary Iran Hooshang Amirahmadi, Manoucher Parvin, 2019-06-04 Originally published in 1998 More than half of the chapters were originally presented at the 1985 conference of the Center for Iranian Research and Analysis CIRA held at Rutgers The State University of New Jersey as well as additional content The primary purpose of this book is to analyze transformations in the ideological political and soc **Tapestry of Terror** Richard J. Chasdi, 2002-01-01 The recent terrorist

outrages perpetrated against the United States demonstrate the need for a new and rigorous study of modern terrorism In *Tapestry of Terror* Richard J Chasdi offers fresh insight into the complexities of state sponsored and nonstate terrorism Building on the research methods and findings discussed in his previous work *Serenade of Suffering* which covers Middle East terrorism in the period 1968 to 1993 Chasdi presents a detailed statistical and quantitative analysis of four Middle East terrorist systems in Algeria Turkey Egypt and Israel He pinpoints the socioeconomic conditions that breed and sustain terrorism the political factors that ignite terrorist attacks and those individuals or groups most frequently targeted by terrorists *Tapestry of Terror* charts the increasing frequency and intensity of intrastate terrorism in the 1990s the growing threat posed to Western nations by international terrorism and the counter terrorist stratagems and policy decisions needed now more than ever to defend against highly coordinated immensely destructive assaults **Counterterror Offensives for**

the Ghost War World Richard J. Chasdi, 2010-07-06 In *Counterterror Offensives for the Ghost War World* The Rudiments of Counterterrorism Policy Richard J Chasdi has written a groundbreaking quantitative analysis that provides new insight into which types of counterterror practices work best and which types perform poorly in particular operational environments and circumstances For Chasdi effectiveness is defined as the capacity of counterterror practices to work with stealth namely without eliciting high amounts of related follow up terrorist assaults He moves beyond individual country analyses to tackle an analysis of counterterror practice effectiveness based on the type of political system of the country carrying out counterterror offensives and the power level of that country within the international political system Chasdi furthermore provides essential qualitative descriptions of national security institutions stakeholders and processes to frame his quantitative results in ways that tie those findings to historical and contemporary political developments *Historical*

Dictionary of Somalia Mohamed Haji Mukhtar, 2003-02-25 Despite advances in modern communication and the proliferation of information there remain areas of the world about which little is known One such place is Somalia The informed public is aware of a political meltdown and consequent chaos there but few comprehend the causes of this tragic crisis This new edition covers Somalia s origin history culture and language as well as current economic and political issues The alphabetical

arrangement of this Dictionary with a complete chronology list of acronyms and in depth bibliography provide useful information about the country in a convenient format A vital addition to reference collections supporting undergraduate and graduate programs on Africa and the Middle East international relations and economics a useful fact filled compendium for government and public libraries NGO s and other special libraries [Humanitarian Intervention in Somalia Bibliography](#),1995 **Beyond Guns and Steel** Dominic J. Caraccilo,2011-01-19 This work is a doctrinal examination of war termination strategy and conflict resolution as a dependent pair requiring a plan to achieve both in unison in advance of a fight The necessity of a plan for conflict resolution should be intuitively obvious for policymakers yet a survey of recent conflicts including Afghanistan and Iraq shows that not to be the case Beyond Guns and Steel A War Termination Strategy provides a practical approach to establishing a plan for war termination and conflict resolution before the bullets fly In explaining the difference between strategy and policy Colonel Dominic J Caraccilo clarifies the most important and often the most constraining element of a nation s power its resources He posits that termination strategy and conflict resolution are interdependent and need to be included in conflict plans from the outset Caraccilo s book fills a void in current strategy for the development of long term plans that bring conflicts to timely and acceptable conclusions providing a methodology that allows interagency requirements and resources for war termination to be defined allocated and employed effectively
