Teaching and Learning Japanese Martial Arts Vol. 1: Scholarly Perspectives Michael DeMarco, 2017-03-05 In contrast to the overabundance of writings

about martial arts that are often promotional and misinformative there are rare works by scholars that are praiseworthy for their sincere unbiased approach to writing This is the very definition of scholarly This two volume anthology brings together the best scholarly works published in the Journal of Asian Martial Arts on the topic of teaching and learning Japanese martial arts In this volume you ll find ten chapters that dive deep into Japanese martial traditions combining aspects of history and culture that explain how teaching methods developed and evolved Dr Harrison Pepper s chapter sets the tone with a focus on the fundamental student teacher relationship that is responsible for the transmission of any art She uses sociological and performance studies to analyze the martial art s maturing process Understanding the teacher student relationship is vital for all involved Japanese combative arts Since Japan was ruled by a warrior class for nearly 700 years it is necessary to understand the method by which warriors were educated through the ryuha system Nyle Monday s chapter presents this system Dr Lewis Hershey explores the way in which a martial art can serve as a vehicle for non discursive intercultural exchange in the teaching process His chapter provides a discussion of the importance of embodying the feeling or aesthetic of a particular system as a way of knowing and understanding martial techniques The next three chapters were originally prepared for a meeting of the Association for Asian Studies Dr Paul Varley states that most who have written about martial arts practice are not trained scholars and their writings vary greatly in quality He discusses the state of writing in this field and introduces the other authors Dr Cameron Hurst discusses the characteristics of the martial arts that place them squarely into the category of artistic ways along with such familiar arts as Noh the tea ceremony and flower arranging This reflects the family headship system of instruction to carry on the school s traditions Dr Karl Friday defines the term ryuha as branch of the current representing the onward flow of a stream of thought the branches betoken the splitting off that occurs as insights are passed from master to students generation after generation His chapter shows how ryuha exist to hand on knowledge with pattern practice kata being the core of transmission Is it warrior s individualism that is prized in modern conformity ridden Japanese culture or is this an erroneous interpretation of the idealized warrior image by Westerners In the next chapter Dr Wayne VanHorne s research is persuading showing that the ultimate goal of the training is to foster individuals to contribute to the betterment of the collective society with social responsibility In the following chapter Dr John Donohue analyzes the organizational components of traditional martial arts training and relates them to modern pedagogical theories He concludes that the instructional theory embedded in martial arts training is at least as sophisticated and highly developed as are the techniques and philosophies of these systems In the next chapter he examines kata training as 1 a cultural activity that has been shaped by the structural characteristics of Japanese culture and kata training as 2 a highly structured and effective mechanism for imparting technical skill in the martial arts Kim Taylor provides the final chapter dealing with progressive instruction found in many kata based martial arts Using iaido sword drawing as an example he demonstrates how a set of practice can build one kata after the other from simple to more complex ideas and provide a

deeper understanding of the entire set If you are interested in Japanese martial traditions you will find much in these ten chapters that clarify why the arts are taught according to a longstanding tradition and also why there have been evolutionary changes in the instructional methods There is sound logic for the old traditions as well as for the changes The scholarly research presented in this anthology will improve a teacher s way of instructing and help a student understand what to expect out of his or her studies *Learning Japanese in the Network Society* Kazuko Nakajima,2002 This book addresses current issues of computer assisted language learning CALL shared by language teaching professionals in the new global network society It focuses on the teaching and learning of Japanese as a second language but is highly applicable to any language instruction Collection emerged from previously unpublished presentations by leading Japanese scholars at the International Conference on Computer Technology and Japanese Language Education held at the University of Toronto
