The Russian Revolution and Stalinism Graeme Gill, Roger D. Markwick, 2021-04-26 This book focuses upon significant aspects of Stalinism as a system in the USSR It sheds new light on established questions and addresses issues that have never before been raised in the study of Stalinism

Stalinism constitutes one of the most striking and contentious phenomena of the twentieth century. It not only transformed the Soviet Union into a major military industrial power but through both the Second World War and the ensuing Cold War and its effect on the political Left throughout much of the world it also transformed much of that world. This collection of papers by an international cast of authors investigates a variety of major aspects of Stalinism. Significant new questions like the role of private enterprise and violence in state making as well as some of the more established questions like the number of Soviet citizens who died in the Second World War whether agricultural collectivisation was genocidal nationality policy the politics of executive power and the Leningrad affair are addressed here in innovative and stimulating ways. The chapters in this book were originally published as a special issue of *Europe Asia Studies*.

The Routledge Companion to World History since 1914 Chris Cook, John Stevenson, 2006-01-27 The Routledge Companion to World History since 1914 is an outstanding compendium of facts and figures on World History. Fully up to date, reliable and clear, this volume is the indispensable source of information on a thorough range of topics such as the Arab Israeli conflict, anti-Semitism and the Holocaust, all the world's major famines and natural disasters since 1914, whether all countries of the world have a king, president, prime minister or other governance, GNP of the world's major states year by year, biographies of key figures, civil rights movements, the Vietnam War, the rise of terrorism, globalization. Thematically presented, the book covers topics relevant from the First World War to the Iraq war of 2003 and from post colonial Africa to conflicts and movements in Southeast Asia. With maps, chronologies and full bibliography, this user friendly reference work is the essential companion for students of history, politics and international relations and for all those with an interest in world history.

Let history judge Roy A. Medvedev, 1976 **Stalinism: Its Nature and Aftermath** Nick Lampert, Gabor T. Rittersporn, 1992-01-20 This is a collection of essays with contributors from Britain, Continental Europe and the USA dealing with the character and aftermath of Stalinism in the USSR. The focus is on the interwar years and on the methodological problems of studying this period, but the volume highlights also the links between Stalinism and the Tsarist past and the ways in which Stalinism in its very formation prepared the ground for its own demise. In this way it contributes to a historical understanding of the current upheavals in the Soviet Union.

Stalin Ronald Grigor Suny, 2022-03-29 This biography of the young Stalin is more than the story of how a revolutionary was made; it is the first serious investigation using the full range of Russian and Georgian archives to explain Stalin's evolution from a romantic and idealistic youth into a hardened political operative. Suny takes seriously the first half of Stalin's life: his intellectual development, his views on issues of nationalities and nationalism and his role in the Social Democratic debates of the late nineteenth and early twentieth centuries. This book narrates an almost tragic downfall: we see Stalin transform from a poor provincial seminarian who wrote romantic nationalist poetry into a fearsome and brutal ruler. Many biographers of Stalin turn to shallow psychological analysis in seeking to explain his embrace of revolution, focusing on the beatings he suffered at the hands of his father or his hero worship of Lenin's or sensationalizing

Stalin's involvement in violent activity Suny seeks to show Stalin in the complex context of the oppressive tsarist police state in which he lived and debates and party politics that animated the revolutionary circles in which he moved Though working from fragmentary evidence from disparate sources Suny is able to place Stalin in his intellectual and political context and reveal not only a different analysis of the man's psychological and intellectual transformation but a revisionist history of the revolutionary movements themselves before 1917

Stalin's Failed Alliance Michael Jabara Carley, 2024-03-26 In the spring of 1936 the Soviet effort to build an anti Nazi alliance was failing Stalin continued nevertheless to support diplomatic efforts to stop Nazi aggression in Europe In Stalin's Failed Alliance the sequel to Stalin's Gamble Michael Jabara Carley continues his re evaluation of European diplomacy during the critical events between May 1936 and August 1939 This narrative history examines the great crises of the pre war period the Spanish Civil War Anschluss and Munich accords as well as both the last Soviet efforts to organize an anti Nazi alliance in the spring summer of 1939 and Moscow's shocking volte face the signing of the Nazi Soviet non aggression pact Carley's history traces the lead up to the outbreak of war in Europe on 1 September 1939 and sheds light on the Soviet Union's efforts to organize a defensive alliance against Nazi Germany in effect rebuilding the anti German Entente of the First World War The author argues for the sincerity of Soviet overtures to the western European powers and that the non aggression pact was a last ditch response to the refusal of other states especially Britain and France to conclude an alliance with the USSR against Nazi Germany Drawing on extensive archival research in Soviet and Western archival papers Stalin's Failed Alliance aims to see the European crisis of the 1930s through Soviet eyes

Joseph Stalin Helen Rappaport, 1999-12-13 To get to the top Joseph Stalin outmaneuvered Lenin Trotsky Kirov and a legion of equally ruthless revolutionaries This accessible and easy to read reference work reveals the more personal side of the Machiavellian mastermind who not only orchestrated the Great Terror but also forged the USSR into a world power Joseph Stalin A Biographical Companion offers balanced coverage and makes use of new information from Soviet archives while at the same time avoids mind numbing communist jargon and terminology Also included are scores of rare illustrations some never before published in the West

Stalinism Robert C. Tucker, 2017-07-05 In the years since Stalin's death his profound influence upon the historical development of Communism has remained elusive and in need of interpretation Stalinism as his system has become known is a phenomenon which embraced all facets of political and social life While its effect upon the Soviet Union and other nations today is far less than it was while Stalin lived it is by no means dead In this landmark volume some of the world's foremost scholars of the subject in a concerted group inquiry present their interpretations of Stalinism and its influence on all areas of comparative Communist studies from history and politics to economics sociology and literary scholarship The studies contained in this volume are an outgrowth of a conference on Stalinism held in Bellagio Italy sponsored by the American Council of Learned Societies In his major contribution to this book Leszek Kolakowski calls Stalinism a unified state organism facing atom like individuals This extraordinary volume augmented

by a revealing new introduction by the editor Robert C Tucker can be seen as amplifying that remark nearly a half century after the death of Joseph Stalin himself Contributors to this work are Wlodzimierz Brus Katerina Clark Stephen F Cohen Alexander Erlich Leszek Kolakowski Moshe Lewin Robert H McNeal Mihailo Markovic Roy A Medvedev T H Rigby Robert Sharlet and H Gordon Skilling Robert C Tucker s principle work on Stalin has been described by George F Kennan as the most significant single contribution made to date anywhere to the history of Soviet power *Access to History: Bolshevik and Stalinist Russia 1917-64 for AQA Fifth Edition* Michael Lynch,2015-03-27 Exam Board AQA Edexcel OCR WJEC Level A level Subject History First Teaching September 2015 First Exam June 2016 Give your students the best chance of success with this tried and tested series combining in depth analysis engaging narrative and accessibility Access to History is the most popular trusted and wide ranging series for A level History students This title Supports the content and assessment requirements of the 2015 A level History specifications Contains authoritative and engaging content Includes thought provoking key debates that examine the opposing views and approaches of historians Provides exam style questions and guidance for each relevant specification to help students understand how to apply what they have learnt This title is suitable for a variety of courses including AQA Revolution and Dictatorship Russia and the Soviet Union 1917 1953 Debates on Stalinism Mark Edele,2020-06-11 Debates on Stalinism introduces major debates about Stalinism during and after the Cold War Did Stalinism form a system in its own right or was it a mere stage in the overall development of Soviet society Was it an aberration from Leninism or the logical conclusion of Marxism Was its violence the revenge of the Russian past or the result of a revolutionary mindset Was Stalinism the work of a madman or the product of social forces beyond his control The book shows the complexities of historiographical debates where evidence politics personality and biography are strongly entangled Debates on Stalinism allows readers to better understand not only the history of history writing but also contemporary controversies and conflicts in the successor states of the Soviet Union in particular Russia and Ukraine **De-centering Cold War History** Jadwiga E. Pieper Mooney,Fabio Lanza,2013 Cold War histories are often told as stories of national leaders state policies and the global confrontation that pitted a Communist Eastern Bloc against a Capitalist West De Centering the Cold War takes a new analytical approach to reveal unexpected complexities in the historical trajectory of the Cold War This collaborative effort shapes a street level history of the global Cold War era one that uses the analysis of the local to rethink and reframe the wider picture of the global connecting the political negotiations of individuals and communities at the intersection of places and of meeting points between ordinary people and political elites to the Cold War at large **Stalin and Stalinism** Alan Wood,2004-11-01 The second edition of a best selling pamphlet Stalin and Stalinism has been fully updated to take in new debates and controversies which have emerged since the collapse of the Soviet Union Considering the ways in which Stalin s legacy still affects attitudes in and towards post Soviet Russia Stalin and Stalinism examines Stalin s ambiguous personal and political legacy his achievements and his crimes all now the subject of major

reappraisal both in the West and in the former Soviet Union Joseph Stalin's twenty five year dictatorship is without doubt one of the most controversial periods in the history of the Soviet Union and it is brought to life here for all students of European history and politics

Stalin Kevin McDermott, 2006-01-23 Stalin's massive impact on Soviet history is often explained in terms of his inherent evil personality defects and power lust While not rejecting these notions Kevin McDermott argues that Stalin's thoughts and actions are best contextualised in the inter relationship between war and revolution in the first half of the twentieth century The author presents the case for taking the Soviet dictator seriously as a Marxist revolutionary whose fundamental beliefs and modus operandi were forged in the cauldron of civil and international wars ideologically driven class wars and revolutionary upheavals associated with the age of catastrophe 1914-45 Only by so doing can the complex motivations for such cataclysmic events as the Great Terror be adequately addressed Incorporating recently declassified materials from the former Soviet Party archives this new appraisal of Stalin also provides a critical review of the latest western and Russian historiography It is essential reading for anyone studying the debates on one of the leading figures of Soviet history

The Political Thought of Joseph Stalin Erik van Ree, 2003-08-27 This book presents a comprehensive analysis of the political thought of Joseph Stalin Making full use of the documentation that has recently become available including Stalin's private library with his handwritten margin notes the book provides many insights on Stalin and also on western and Russian Marxist intellectual traditions Overall the book argues that Stalin's political thought is not primarily indebted to the Russian autocratic tradition but belongs to a tradition of revolutionary patriotism that stretches back through revolutionary Marxism to Jacobin thought in the French Revolution It makes interesting comparisons between Stalin Lenin Bukharin and Trotsky and explains a great deal about the mindset of those brought up in the Stalinist era and about the era's many key problems including the industrial revolution from above socialist cultural policy Soviet treatment of nationalities pre war and Cold War foreign policy and the purges

On Absolute War Eric Fleury, 2019-01-15 Nearly two decades after the declaration of a War on Terror the precise relationship between warfare and terrorism remains unclear The United States and its allies have long sought to inflict a decisive defeat upon groups such as Al Qaeda and ISIS while regarding their individual members as malevolent criminals undeserving of combatant status A clearer understanding of how terrorists define victory and how their method of fighting relates to conventional military forces is necessary in order to devise more realistic and effective strategies of counterterrorism On Absolute War constructs a theoretical framework for the study of terrorism based on Carl von Clausewitz's On War widely regarded as the greatest analysis of war ever written Through a review of Clausewitz's work and a set of historical case studies ranging from the Fenian Dynamite Campaign of the 1880s to the wars in Iraq and Afghanistan Prof Fleury reveals just how closely terrorism mimics the logic of war Terrorism attempts to restore war to its theoretical baseline a condition that Clausewitz called absolute war featuring relentless escalation toward a climactic result While never achieving this ideal in practice terrorists succeed to the extent that they compel their enemies

and their prospective followers to engage mutual escalation which will ultimately favor whichever side is better able to jettison logistical and normative limits Consequently states must engage terrorists on the basis of Clausewitz s two most important injunctions namely that war is temporary and subordinate to political controls Given the very real prospect of a war without any temporal and spatial limits On Absolute War provides the theoretical basis for a strategy of limiting the effects of terrorism rather than repeatedly trying and failing to destroy it

Thank you for downloading **Let History Judge The Origins And Consequences Of Stalinism**. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Let History Judge The Origins And Consequences Of Stalinism, but end up in infectious downloads.
